Section 2.030, Revised Statutes of Missouri, 2000. — General Assembly to provide for printing and binding of laws. — The sixty-fourth general assembly and each general assembly thereafter, whether in regular or extraordinary session, shall by concurrent resolution adopted by both houses, provide for collating, indexing, printing and binding all laws and resolutions of the session and all measures approved by the people since the last publication of the laws and resolutions in the manner directed by the resolution. The general assembly may by concurrent resolution require that all laws passed by the general assembly and all resolutions adopted prior to any recess of the general assembly for a period of thirty days or more shall be collated, indexed, bound and distributed as provided by law, and any edition published pursuant to the concurrent resolution is a part of the official laws and resolutions of the general assembly at which the laws and resolutions were passed.

Section 2.040, Revised Statutes of Missouri, 2000. — Duties of Legislative Research in printing and binding. — The joint committee on legislative research shall provide copies of all laws, measures and resolutions duly enacted by the general assembly and all amendments to the constitution and all measures approved by the people since the last publication of such laws and resolutions, giving the date of the approval or adoption thereof for printing in accordance with the directions of the general assembly as given by concurrent resolution. The joint committee on legislative research shall edit, headnote, collate, index the laws, resolutions and constitutional amendments, and shall compare the proof sheets of the printed copies with the original rolls, note all errors which have been committed, if any, and cause errata thereof to be annexed to the completed printed copies, and the revisor of statutes shall insert therein an attestation under the revisor's hand that the revisor has compared the laws, resolutions, constitutional amendments and measures therein contained with the original rolls and copies in the office of the secretary of state and that the same are true copies of such laws, measures, resolutions and constitutional amendments as the same appear in the original rolls in the office of the secretary of state. The joint committee on legislative research shall cause the completed laws, resolutions and constitutional amendments to be printed and bound.

SENATE CONCURRENT RESOLUTION NO. 49, 2002 General Assembly.—BE IT RESOLVED by the members of the Senate of the Ninety-first General Assembly, Second Regular Session, the House of Representatives concurring therein, that the Missouri Committee on Legislative Research shall prepare and cause to be collated, indexed, printed, and bound all acts and resolutions of the Ninety-first General Assembly, Second Regular Session, and shall examine the printed copies and compare them with and correct the same by the original rolls, together with an attestation under the hand of the Revisor of Statutes that he has compared the same with the original rolls in his office and has corrected the same thereby; and

BE IT RESOLVED that the size and quality of the paper and binding shall be substantially the same as used in prior session laws, and the size and style of type shall be determined by the Revisor of Statutes; and

BE IT RESOLVED that the Joint Committee on Legislative Research is authorized to print and bind copies of the acts and resolutions of the Ninety-first General Assembly, Second Regular Session, with appropriate indexing; and

BE IT FURTHER RESOLVED that the Revisor of Statutes is authorized to determine the number of copies to be printed.

ATTESTATION

STATE OF MISSOURI)

) ss.

City of Jefferson)

I, Patricia L. Buxton, Revisor of Statutes, hereby certify that I have collated carefully the laws and resolutions passed by the Ninety-First General Assembly of the State of Missouri, convened in first extraordinary session and second regular session, as they are contained in the following pages, and have compared them with the original rolls and have corrected them thereby. Headnotes are used for the convenience of the reader and are not part of the laws they precede.

IN TESTIMONY WHEREOF, I have hereunto set my hand at my office in the City of Jefferson this 1st day of August A.D. two thousand two.

PATRICIA L. BUXTON
REVISOR OF STATUTES

EFFECTIVE DATE OF LAWS

Section 29, Article III of the Constitution provides:

“No law passed by the general assembly, except an appropriation act, shall take effect until ninety days after the adjournment of the session in either odd-numbered or even-numbered years at which it was enacted. However, in case of an emergency which must be expressed in the preamble or in the body of the act, the general assembly by a two-thirds vote of the members elected to each house, taken by yeas and nays may otherwise direct; and further except that, if the general assembly recesses for thirty days or more it may prescribe by joint resolution that laws previously passed and not effective shall take effect ninety days from the beginning of the recess.”

The Ninety-first General Assembly, First Extraordinary Session, convened Wednesday, September 5, 2001, and adjourned September 14, 2001. All laws passed during this extraordinary session contained an emergency clause.

The Ninety-first General Assembly, Second Regular Session, convened Wednesday, January 9, 2002, and adjourned May 30, 2002. All laws passed by it (other than appropriation acts, those having emergency clauses or different effective dates) became effective ninety days thereafter on August 28, 2002.

JOINT RESOLUTIONS AND INITIATIVE PETITIONS

Section 2(b), Article XII of the Constitution provides:

“All amendments proposed by the general assembly or by the initiative shall be submitted to the electors for their approval or rejection by official ballot title as may be provided by law, on a separate ballot without party designation, at the next general election, or at a special election called by the governor prior thereto, at which he may submit any of the amendments..... If a majority of the votes cast thereon is in favor of any amendment, the same shall take effect at the end of thirty days after the election. More than one amendment at the same election shall be so submitted as to enable the electors to vote on each amendment separately.”

The Ninety-first General Assembly, Second Regular Session, passed two Joint Resolutions. Resolutions to be published as provided in Section 116.340, RSMo 2000, which reads:

“**116.340. Publication of approved measures.** — When a statewide ballot measure is approved by the voters, the secretary of state* shall publish it with the laws enacted by the following session of the general assembly, and the revisor of statutes shall include it in the next edition or supplement of the revised statutes of Missouri. Each of the measures printed above shall include the date of the proclamation or statement of approval under section 116.330.”

*The publication of session laws was delegated to the Joint Committee on Legislative Research in 1997 by Senate Bill 459, section 2.040.

The headnotes used to describe sections printed in this volume may not be identical with the headnotes which appear in the 2002 Supplement to the Revised Statutes of Missouri. Every attempt has been made to develop headnotes which adequately describe the textual material contained in the section.

The Joint Committee on Legislative Research is
pleased to state that the *2002 Session Laws* is
produced with soy-based ink.

The credit shall be claimed as prescribed by the director of the department of revenue. Such credit shall be considered an overpayment of tax and shall be refundable even if the amount of the credit exceeds an individual's tax liability.

208.151. MEDICAL ASSISTANCE, PERSONS ELIGIBLE — RULEMAKING AUTHORITY. —
1. For the purpose of paying medical assistance on behalf of needy persons and to comply with Title XIX, Public Law 89-97, 1965 amendments to the federal Social Security Act (42 U.S.C.

Section 301 et seq.) as amended, the following needy persons shall be eligible to receive medical assistance to the extent and in the manner hereinafter provided:

- (1) All recipients of state supplemental payments for the aged, blind and disabled;

 - (3) All recipients of blind pension benefits;
 - (4) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits under the eligibility standards in effect December 31, 1973, or less restrictive standards as established by rule of the division of family services, who are sixty-five years of age or over and are patients in state institutions for mental diseases or tuberculosis;
 - (5) All persons under the age of twenty-one years who would be eligible for aid to families with dependent children except for the requirements of subdivision (2) of subsection 1 of section 208.040, and who are residing in an intermediate care facility, or receiving active treatment as inpatients in psychiatric facilities or programs, as defined in 42 U.S.C. 1396d, as amended;

 - (8) All recipients of family foster home or nonprofit private child-care institution care, subsidized adoption benefits and parental school care wherein state funds are used as partial or full payment for such care;
 - (9) All persons who were recipients of old age assistance benefits, aid to the permanently and totally disabled, or aid to the blind benefits on December 31, 1973, and who continue to meet the eligibility requirements, except income, for these assistance categories, but who are no longer receiving such benefits because of the implementation of Title XVI of the federal Social Security Act, as amended;
 - (10) Pregnant women who meet the requirements for aid to families with dependent children, except for the existence of a dependent child in the home;

 - (13) Children who have attained one year of age but have not attained six years of age who are eligible for medical assistance under 6401 of P.L. 101-239 (Omnibus Budget Reconciliation Act of 1989). The division of family services shall use an income eligibility standard equal to one hundred thirty-three percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency;
 - (14) Children who have attained six years of age but have not attained nineteen years of age. For children who have attained six years of age but have not attained nineteen years of age, the division of family services shall use an income assessment methodology which provides for eligibility when family income is equal to or less than equal to one hundred percent of the federal poverty level established by the Department of Health and Human Services, or its successor agency. As necessary to provide Medicaid coverage under this subdivision, the department of social services may revise the state Medicaid plan to extend coverage under 42 U.S.C. 1396a (a)(10)(A)(i)(III) to children who have attained six years of age but have not attained nineteen years of age as permitted by paragraph (2) of subsection (n) of 42 U.S.C. 1396d using a more
-

liberal income assessment methodology as authorized by paragraph (2) of subsection (r) of 42 U.S.C. 1396a;

(15) The following children with family income which does not exceed two hundred percent of the federal poverty guideline for the applicable family size:

(a) Infants who have not attained one year of age with family income greater than one hundred eighty-five percent of the federal poverty guideline for the applicable family size;

(b) Children who have attained one year of age but have not attained six years of age with family income greater than one hundred thirty-three percent of the federal poverty guideline for the applicable family size; and

(c) Children who have attained six years of age but have not attained nineteen years of age with family income greater than one hundred percent of the federal poverty guideline for the applicable family size. Coverage under this subdivision shall be subject to the receipt of notification by the director of the department of social services and the revisor of statutes of approval from the secretary of the U.S. Department of Health and Human Services of applications for waivers of federal requirements necessary to promulgate regulations to implement this subdivision. The director of the department of social services shall apply for such waivers. The regulations may provide for a basic primary and preventive health care services package, not to include all medical services covered by section 208.152, and may also establish co-payment, coinsurance, deductible, or premium requirements for medical assistance under this subdivision. Eligibility for medical assistance under this subdivision shall be available only to those infants and children who do not have or have not been eligible for employer-subsidized health care insurance coverage for the six months prior to application for medical assistance. Children are eligible for employer-subsidized coverage through either parent, including the noncustodial parent. The division of family services may establish a resource eligibility standard in assessing eligibility for persons under this subdivision. The division of medical services shall define the amount and scope of benefits which are available to individuals under this subdivision in accordance with the requirement of federal law and regulations. Coverage under this subdivision shall be subject to appropriation to provide services approved under the provisions of this subdivision;

(16) The division of family services shall not establish a resource eligibility standard in assessing eligibility for persons under subdivision (12), (13) or (14) of this subsection. The division of medical services shall define the amount and scope of benefits which are available to individuals eligible under each of the subdivisions (12), (13), and (14) of this subsection, in accordance with the requirements of federal law and regulations promulgated thereunder except that the scope of benefits shall include case management services;

(17) Notwithstanding any other provisions of law to the contrary, ambulatory prenatal care shall be made available to pregnant women during a period of presumptive eligibility pursuant to 42 U.S.C. Section 1396r-1, as amended;

(18) A child born to a woman eligible for and receiving medical assistance under this section on the date of the child's birth shall be deemed to have applied for medical assistance and to have been found eligible for such assistance under such plan on the date of such birth and to remain eligible for such assistance for a period of time determined in accordance with applicable federal and state law and regulations so long as the child is a member of the woman's household and either the woman remains eligible for such assistance or for children born on or after January 1, 1991, the woman would remain eligible for such assistance if she were still pregnant. Upon notification of such child's birth, the division of family services shall assign a medical assistance eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(19) Pregnant women and children eligible for medical assistance pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for medical assistance benefits be required to apply for aid to families with dependent children. The division of family services shall utilize an application for eligibility for such persons which eliminates information

requirements other than those necessary to apply for medical assistance. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for medical assistance benefits under subdivision (12), (13) or (14) shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the division of family services for assessing eligibility under this chapter shall be as simple as practicable;

(20) Subject to appropriations necessary to recruit and train such staff, the division of family services shall provide one or more full-time, permanent case workers to process applications for medical assistance at the site of a health care provider, if the health care provider requests the placement of such case workers and reimburses the division for the expenses including but not limited to salaries, benefits, travel, training, telephone, supplies, and equipment, of such case workers. The division may provide a health care provider with a part-time or temporary case worker at the site of a health care provider if the health care provider requests the placement of such a case worker and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such a case worker. The division may seek to employ such case workers who are otherwise qualified for such positions and who are current or former welfare recipients. The division may consider training such current or former welfare recipients as case workers for this program;

(21) Pregnant women who are eligible for, have applied for and have received medical assistance under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum medical assistance provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy;

(22) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192, RSMo, or chapter 205, RSMo, or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of mental retardation program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective Medicaid-eligible high-risk mothers and enroll them in the state's Medicaid program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the Medicaid program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any Medicaid prepaid, case-managed programs;

(23) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207, RSMo;

(24) All recipients who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(25) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits, under the eligibility standards in effect December 31, 1973[, or those supplemental security income recipients who would be determined eligible for general relief benefits under the eligibility standards in effect December 31, 1973, except income; or less restrictive standards as established by rule of the division of family services]; **except that, on or after July 1, 2002, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to eighty percent of the federal poverty level and, as of July 1, 2003, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to ninety percent of the federal poverty level and, as of July 1, 2004, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level.** If federal law or regulation authorizes the division of family services to, by rule, exclude the income or resources of a parent or parents of a person under the age of eighteen and such exclusion of income or resources can be limited to such parent or parents, then notwithstanding the provisions of section 208.010:

(a) The division may by rule exclude such income or resources in determining such person's eligibility for permanent and total disability benefits; and

(b) Eligibility standards for permanent and total disability benefits shall not be limited by age;

(26) Within thirty days of the effective date of an initial appropriation authorizing medical assistance on behalf of "medically needy" individuals for whom federal reimbursement is available under 42 U.S.C. 1396a (a)(10)(c), the department of social services shall submit an amendment to the Medicaid state plan to provide medical assistance on behalf of, at a minimum, an individual described in subclause (I) or (II) of clause 42 U.S.C. 1396a (a)(10)(C)(ii);

(27) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. 1396r-1.

2. Rules and regulations to implement this section shall be promulgated in accordance with section 431.064, RSMo, and chapter 536, RSMo. [No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.**

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for medical assistance for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for medical assistance for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. 1396r-6. Each family which has received such medical

assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. 1396r-6 shall receive medical assistance without fee for an additional six months. The division of medical services may provide by rule the scope of medical assistance coverage to be granted to such families.

4. 6. Any person who has retired and received employer-sponsored health insurance while employed, but whose employer does not offer health insurance coverage to retirees shall not be subject to the six-month uninsured requirement.

7. The program established in this section is not an entitlement. Benefits shall be limited to the level supported by the moneys explicitly appropriated pursuant to this section. If in any fiscal year the commission projects that the total cost of the program will exceed the amount currently appropriated for the program, the commission may direct the third-party administrator to implement cost-control measures to reduce the projected cost. Such cost-control measures may include, but are not limited to, increasing the enrollment fees in subsection 12 of this section, the deductibles in subsection 11 of this section, and the coinsurance outlined in subsection 12 of this section. 8. Any person who is receiving Medicaid benefits shall not be eligible to participate in the program. The Missouri Senior Rx program is a payer of last resort. If a senior has coverage for pharmaceutical benefits through a health benefit plan, as defined in section 376.1350, RSMo, including a Medicare supplement or Medicare+Choice plan, or through a self-funded employee benefit plan, the Missouri Senior Rx program shall pay only for eligible costs not provided by such coverage. Individuals who have benefits with an actuarial value greater than or equal to the benefits in the program are not eligible for the program.

9. The third-party administrator shall prescribe the form of the application for enrollment in the program, which shall be approved by the division. The commission shall develop and implement a means test by which applicants must demonstrate that they meet the income requirement of the program. Information provided by applicants and enrollees pursuant to sections 208.550 to 208.571 is confidential and shall not be disclosed by the commission, the division or any other state agency or contractor therein in any form.

10. Nothing in this section shall be construed as requiring an applicant to accept Medicaid benefits in lieu of participation in this program.

11. The following deductibles shall apply to enrollees in the program:

(1) For an individual with a household income at or below twelve thousand dollars, the deductible shall, in the initial year, not be less than two hundred fifty dollars;

(2) For a married couple with a household income at or below seventeen thousand dollars, the deductible shall, in the initial year, not be less than two hundred fifty dollars for each person;

(3) For an individual with a household income between twelve thousand one dollars and seventeen thousand dollars, the deductible shall, in the initial year, not be less than five hundred dollars; and

(4) For a married couple with a household income between seventeen thousand one dollars and twenty-three thousand dollars, the deductible shall, in the initial year, not be less than five hundred dollars for each person.

12. For prescription drugs, enrollees shall pay a forty percent coinsurance. The division may implement a higher coinsurance at the recommendation of the commission. Such coinsurance may be adjusted annually by the commission and shall be used to reduce the state's cost for the program. In addition, each enrollee with an annual household income at or below twelve thousand dollars for an individual or at or below seventeen thousand dollars for a married couple shall pay, in the initial year, not less than an annual twenty-five dollar enrollment fee and each enrollee with a household income between twelve thousand one dollars and seventeen thousand dollars for an individual or at or below between seventeen thousand one dollars and twenty-three thousand dollars for a married couple shall pay, in the initial year, not less than an annual thirty-five dollar enrollment fee to offset the administrative costs of the program.

13. The total annual expenditures for each enrollee under this program may be up to but shall not exceed five thousand dollars for each participant.

14. In providing program benefits, the department may enter into a contract with a private individual, corporation or agency to implement the program.

15. The division shall utilize area agencies on aging, senior citizens centers, and other senior focused entities to provide outreach, enrollment referral assistance, and education services to potentially eligible seniors for the Missouri Senior Rx program. The division and third-party administrators shall be responsible for informing eligible seniors on the availability of and providing information about pharmaceutical company benefits which may be applicable.

16. The commission shall submit quarterly reports to the governor, the senate appropriations committee, the house of representatives budget committee, the speaker of the house of representatives, the president pro tem of the senate, and the division that include:

- (1) Quantified data as to the number of program applicants;
- (2) An estimate of whether the current rate of expenditures will exceed the existing appropriation for the program in the current fiscal year; and
- (3) Information regarding the commission's recommendations for changes to income eligibility, enrollment fees, coinsurance, deductibles, and benefit caps for enrollees in the program.

17. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 208.550 to 208.571 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. Sections 208.550 to 208.571 and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

18. Any person who knowingly makes any false statements, falsifies or permits to be falsified any records, or engages in conduct in an attempt to defraud the program is guilty of a misdemeanor and shall forfeit all rights to which he or she may be entitled hereunder.

208.559. ENROLLMENT PERIODS. — 1. The Missouri Senior Rx program shall be operational no later than July 1, 2002. The division shall accept applications for enrollment during an initial open enrollment period from April 1, 2002, through May 30, 2002. Beginning with the enrollment period for fiscal year 2004, open enrollment periods for the program shall be held from January first through February twenty-eighth.

2. A person may apply for participation in the program outside the enrollment periods listed in subsection 1 of this section within thirty days of such person attaining the age and income eligibility requirements of the program established in section 208.556.

208.562. USE OF GENERIC DRUGS — REIMBURSEMENT OF PHARMACIES. — 1. Generic prescription drugs shall be used for the program when available. An enrollee may receive a name brand drug when a generic drug is available only if both the physician and enrollee request that the name brand drug be dispensed and the enrollee pays the coinsurance on the generic drug plus the difference in cost between the name brand drug and the generic drug.

2. Pharmacists participating in the Missouri Senior Rx program shall be reimbursed for the price of prescription drugs based on the following formula:

(1) For generic prescription drugs, the average wholesale price minus twenty percent, plus a four dollar and nine cent dispensing fee; and

(2) For name brand prescription drugs, the average wholesale price minus ten and forty-three one hundredths percent, plus a four dollar and nine cent dispensing fee.

208.565. REBATES, AMOUNT, USE OF. — 1. The division shall negotiate with manufacturers for participation in the program. The division shall issue a certificate of participation to pharmaceutical manufacturers participating in the Missouri Senior Rx program. A pharmaceutical manufacturer may apply for participation in the program with an application form prescribed by the commission. A certificate of participation shall remain in effect for an initial period of not less than one year and shall be automatically renewed unless terminated by either the manufacturer or the state with sixty days notification.

2. The rebate amount for each drug shall be fifteen percent of the average manufacturers' price as defined pursuant to 42 U.S.C. 1396r-8(k)(1). No other discounts shall apply. In order to receive a certificate of participation a manufacturer or distributor participating in the Missouri Senior Rx program shall provide the division of aging the average manufacturers' price for their contracted products. The following shall apply to the providing of average manufacturers' price information to the division of aging:

(1) Any manufacturer or distributor with an agreement under this section that knowingly provides false information is subject to a civil penalty in an amount not to exceed one hundred thousand dollars for each provision of false information. Such penalties shall be in addition to other penalties as prescribed by law;

(2) Notwithstanding any other provision of law, information disclosed by manufacturers or wholesalers pursuant to this subsection or under an agreement with the division pursuant to section 208.565 is confidential and shall not be disclosed by the division or any other state agency or contractor therein in any form which discloses the identity of a specific manufacturer or wholesaler or prices charged for drugs by such manufacturer or wholesaler, except to permit the state auditor to review the information provided and the division of medical services for rebate administration.

3. All rebates received through the program shall be used toward refunding the program. If a pharmaceutical manufacturer refuses to participate in the rebate program, such refusal shall not affect the manufacturer's status under the current Medicaid program. There shall be no drug formulary, prior approval system, or any similar restriction imposed on the coverage of outpatient drugs made by pharmaceutical

manufacturers who have agreements to pay rebates for drugs utilized in the Missouri Senior Rx program, provided that such outpatient drugs were approved by the Food and Drug Administration.

4. Any prescription drug of a manufacturer that does not participate in the program shall not be reimbursable.

Coverage under this subdivision shall be subject to the receipt of notification by the director of the department of social services and the revisor of statutes of approval from the secretary of the U.S. Department of Health and Human Services of applications for waivers of federal requirements necessary to promulgate regulations to implement this subdivision. The director of the department of social services shall apply for such waivers. The regulations may provide for a basic primary and preventive health care services package, not to include all medical services covered by section 208.152, and may also establish co-payment, coinsurance, deductible, or premium requirements for medical assistance under this subdivision. Eligibility for medical assistance under this subdivision shall be available only to those infants and children who do not have or have not been eligible for employer-subsidized health care insurance coverage for the six months prior to application for medical assistance. Upon notification of such child's birth, the division of family services shall assign a medical assistance eligibility identification number to the child so that claims may be submitted and paid under such child's identification number;

(19) Pregnant women and children eligible for medical assistance pursuant to subdivision (12), (13) or (14) of this subsection shall not as a condition of eligibility for medical assistance benefits be required to apply for aid to families with dependent children. The division of family services shall utilize an application for eligibility for such persons which eliminates information requirements other than those necessary to apply for medical assistance. The division shall provide such application forms to applicants whose preliminary income information indicates that they are ineligible for aid to families with dependent children. Applicants for medical assistance benefits under subdivision (12), (13) or (14) shall be informed of the aid to families with dependent children program and that they are entitled to apply for such benefits. Any forms utilized by the division of family services for assessing eligibility under this chapter shall be as simple as practicable;

(20) Subject to appropriations necessary to recruit and train such staff, the division of family services shall provide one or more full-time, permanent case workers to process applications for medical assistance at the site of a health care provider, if the health care provider requests the placement of such case workers and reimburses the division for the expenses including but not

limited to salaries, benefits, travel, training, telephone, supplies, and equipment, of such case workers. The division may provide a health care provider with a part-time or temporary case worker at the site of a health care provider if the health care provider requests the placement of such a case worker and reimburses the division for the expenses, including but not limited to the salary, benefits, travel, training, telephone, supplies, and equipment, of such a case worker. The division may seek to employ such case workers who are otherwise qualified for such positions and who are current or former welfare recipients. The division may consider training such current or former welfare recipients as case workers for this program;

(21) Pregnant women who are eligible for, have applied for and have received medical assistance under subdivision (2), (10), (11) or (12) of this subsection shall continue to be considered eligible for all pregnancy-related and postpartum medical assistance provided under section 208.152 until the end of the sixty-day period beginning on the last day of their pregnancy;

(22) Case management services for pregnant women and young children at risk shall be a covered service. To the greatest extent possible, and in compliance with federal law and regulations, the department of health and senior services shall provide case management services to pregnant women by contract or agreement with the department of social services through local health departments organized under the provisions of chapter 192, RSMo, or chapter 205, RSMo, or a city health department operated under a city charter or a combined city-county health department or other department of health and senior services designees. To the greatest extent possible the department of social services and the department of health and senior services shall mutually coordinate all services for pregnant women and children with the crippled children's program, the prevention of mental retardation program and the prenatal care program administered by the department of health and senior services. The department of social services shall by regulation establish the methodology for reimbursement for case management services provided by the department of health and senior services. For purposes of this section, the term "case management" shall mean those activities of local public health personnel to identify prospective Medicaid-eligible high-risk mothers and enroll them in the state's Medicaid program, refer them to local physicians or local health departments who provide prenatal care under physician protocol and who participate in the Medicaid program for prenatal care and to ensure that said high-risk mothers receive support from all private and public programs for which they are eligible and shall not include involvement in any Medicaid prepaid, case-managed programs;

(23) By January 1, 1988, the department of social services and the department of health and senior services shall study all significant aspects of presumptive eligibility for pregnant women and submit a joint report on the subject, including projected costs and the time needed for implementation, to the general assembly. The department of social services, at the direction of the general assembly, may implement presumptive eligibility by regulation promulgated pursuant to chapter 207, RSMo;

(24) All recipients who would be eligible for aid to families with dependent children benefits except for the requirements of paragraph (d) of subdivision (1) of section 208.150;

(25) All persons who would be determined to be eligible for old age assistance benefits, permanent and total disability benefits, or aid to the blind benefits, under the eligibility standards in effect December 31, 1973[, or those supplemental security income recipients who would be determined eligible for general relief benefits under the eligibility standards in effect December 31, 1973, except income; or less restrictive standards as established by rule of the division of family services]; **except that, on or after July 1, 2002, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a (r)(2), shall be used to raise the income limit to eighty percent of the federal poverty level and, as of July 1, 2003, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to ninety percent of the federal poverty level and, as of July 1, 2004, less restrictive income methodologies, as authorized in 42 U.S.C. Section 1396a(r)(2), shall be used to raise the income limit to one hundred percent of the federal poverty level.** If federal

law or regulation authorizes the division of family services to, by rule, exclude the income or resources of a parent or parents of a person under the age of eighteen and such exclusion of income or resources can be limited to such parent or parents, then notwithstanding the provisions of section 208.010:

(a) The division may by rule exclude such income or resources in determining such person's eligibility for permanent and total disability benefits; and

(b) Eligibility standards for permanent and total disability benefits shall not be limited by age;

(26) Within thirty days of the effective date of an initial appropriation authorizing medical assistance on behalf of "medically needy" individuals for whom federal reimbursement is available under 42 U.S.C. 1396a (a)(10)(c), the department of social services shall submit an amendment to the Medicaid state plan to provide medical assistance on behalf of, at a minimum, an individual described in subclause (I) or (II) of clause 42 U.S.C. 1396a (a)(10)(C)(ii);

(27) Persons who have been diagnosed with breast or cervical cancer and who are eligible for coverage pursuant to 42 U.S.C. 1396a (a)(10)(A)(ii)(XVIII). Such persons shall be eligible during a period of presumptive eligibility in accordance with 42 U.S.C. 1396r-1.

2. Rules and regulations to implement this section shall be promulgated in accordance with section 431.064, RSMo, and chapter 536, RSMo. [No rule or portion of a rule promulgated under the authority of this chapter shall become effective unless it has been promulgated pursuant to the provisions of section 536.024, RSMo.] **Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.**

3. After December 31, 1973, and before April 1, 1990, any family eligible for assistance pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the last six months immediately preceding the month in which such family became ineligible for such assistance because of increased income from employment shall, while a member of such family is employed, remain eligible for medical assistance for four calendar months following the month in which such family would otherwise be determined to be ineligible for such assistance because of income and resource limitation. After April 1, 1990, any family receiving aid pursuant to 42 U.S.C. 601 et seq., as amended, in at least three of the six months immediately preceding the month in which such family becomes ineligible for such aid, because of hours of employment or income from employment of the caretaker relative, shall remain eligible for medical assistance for six calendar months following the month of such ineligibility as long as such family includes a child as provided in 42 U.S.C. 1396r-6. Each family which has received such medical assistance during the entire six-month period described in this section and which meets reporting requirements and income tests established by the division and continues to include a child as provided in 42 U.S.C. 1396r-6 shall receive medical assistance without fee for an additional six months. The division of medical services may provide by rule the scope of medical assistance coverage to be granted to such families.

4. For purposes of section 1902(1), (10) of Title XIX of the federal Social Security Act, as amended, any individual who, for the month of August, 1972, was eligible for or was receiving aid or assistance pursuant to the provisions of Titles I, X, XIV, or Part A of Title IV of such act and who, for such month, was entitled to monthly insurance benefits under Title II of such act, shall be deemed to be eligible for such aid or assistance for such month thereafter prior to October, 1974, if such individual would have been eligible for such aid or assistance for such month had the increase in monthly insurance benefits under Title II of such act resulting

from enactment of Public Law 92-336 amendments to the federal Social Security Act (42 U.S.C. 301 et seq.), as amended, not been applicable to such individual.

5. When any individual has been determined to be eligible for medical assistance, such medical assistance will be made available to him for care and services furnished in or after the third month before the month in which he made application for such assistance if such individual was, or upon application would have been, eligible for such assistance at the time such care and services were furnished; provided, further, that such medical expenses remain unpaid.

6. **The department of social services may apply to the federal Department of Health and Human Services for a Medicaid waiver amendment to the section 1115 demonstration waiver or for any additional Medicaid waivers necessary and desirable to implement the increased income limit, as authorized in subdivision (25) of subsection 1 of section 208.151.**

MISSOURI SENIOR RX PROGRAM ESTABLISHED, ADMINISTRATION, DRUG BENEFITS, ELIGIBILITY, APPLICATIONS — DEDUCTIBLES, COINSURANCE, AND ENROLLMENT FEES — QUARTERLY REPORTS — RULEMAKING AUTHORITY — PENALTY FOR FALSE STATEMENTS. — 1. There is hereby established the "Missouri Senior Rx Program" within the division of aging in the department of health and senior services to help defray the costs of prescription drugs for elderly Missouri residents. The division shall provide technical assistance to the commission for the administration and implementation of the program. The commission shall solicit requests for proposals from private contractors for the third-party administration of the program; except that, the commission shall either administer the rebate program established in section 208.565 or contract with the division of medical services for such rebate program. The program shall be governed by the commission for the Missouri Senior Rx program established in section 208.553.

2. Administration of the program shall include, but not be limited to, devising program applications, enrolling participants, administration of prescription drug benefits, and implementation of cost-control measures, including such strategies as disease management programs, early refill edits, drug utilization review which includes retroactive approval systems, fraud and abuse detection system, and auditing programs. The commission shall select a responsive, cost-effective bid from the requests for proposal; however, if no responsive, cost-effective bids are received, the program shall be administered collaboratively by the department of health and senior services and the department of social services.

3. Prescription drug benefits shall not include coverage of the following drugs or classes of drugs, or their medical uses:

- (1) Agents when used for anorexia or weight gain;
- (2) Agents when used to promote fertility;
- (3) Agents when used for cosmetic purposes or hair growth;
- (4) Agents when used for the symptomatic relief of cough and colds;
- (5) Agents when used to promote smoking cessation;
- (6) Prescription vitamins and mineral products, except prenatal vitamins and fluoride preparations;
- (7) Nonprescription drugs;
- (8) Covered outpatient drugs which the manufacturer seeks to require as a condition of sale that associated tests or monitoring services be purchased exclusively from the manufacturer or its designee;
- (9) Barbiturates;
- (10) Benzodiazepines.

4. Subject to appropriations, available funds and other cost control measures authorized herein, any Missouri resident sixty-five years of age or older, who has not had access to employer-subsidized health care insurance that offers a pharmacy benefit for six months prior to application, who is not currently ineligible pursuant to subsection 8 of this section:

(1) Who has a household income at or below twelve thousand dollars for an individual or at or below seventeen thousand dollars for a married couple is eligible to participate in the program; or

(2) Who has a household income at or below seventeen thousand dollars for an individual or at or below twenty-three thousand dollars for a married couple is eligible to participate in the program.

(3) However, the commission may restrict income eligibility limits as a last resort to obtain program cost control.

5. The commission shall have the authority to set and adjust coinsurance, deductibles and enrollment fees at different amounts pursuant to subdivisions (1) and (2) of subsection 4 of this section as a cost containment measure.

6. Any person who has retired and received employer-sponsored health insurance while employed, but whose employer does not offer health insurance coverage to retirees shall not be subject to the six-month uninsured requirement.

7. The program established in this section is not an entitlement. Benefits shall be limited to the level supported by the moneys explicitly appropriated pursuant to this section. If in any fiscal year the commission projects that the total cost of the program will exceed the amount currently appropriated for the program, the commission may direct the third-party administrator to implement cost-control measures to reduce the projected cost. Such cost-control measures may include, but are not limited to, increasing the enrollment fees in subsection 12 of this section, the deductibles in subsection 11 of this section, and the coinsurance outlined in subsection 12 of this section. The Missouri Senior Rx program is a payer of last resort. If the federal government establishes a pharmaceutical assistance program that covers program eligible seniors under Medicare or another program, the Missouri Senior Rx program shall cover only eligible costs not covered by the federal program.

8. Any person who is receiving Medicaid benefits shall not be eligible to participate in the program. The Missouri Senior Rx program is a payer of last resort. If a senior has coverage for pharmaceutical benefits through a health benefit plan, as defined in section 376.1350, RSMo, including a Medicare supplement or Medicare+Choice plan, or through a self-funded employee benefit plan, the Missouri Senior Rx program shall pay only for eligible costs not provided by such coverage. Individuals who have benefits with an actuarial value greater than or equal to the benefits in the program are not eligible for the program.

9. Applicants for the program shall submit an annual application to the division, or the division's designee, that attests to the age, residence, any third-party health insurance coverage, previous year prescription drug costs, annual household income for an individual or couple, if married, and any other information the commission deems necessary. The third-party administrator shall prescribe the form of the application for enrollment in the program, which shall be approved by the division. The commission shall develop and implement a means test by which applicants must demonstrate that they meet the income requirement of the program. Information provided by applicants and enrollees pursuant to sections 208.550 to 208.571 is confidential and shall not be disclosed by the commission, the division or any other state agency or contractor therein in any form.

10. Nothing in this section shall be construed as requiring an applicant to accept Medicaid benefits in lieu of participation in this program.

11. The following deductibles shall apply to enrollees in the program:

(1) For an individual with a household income at or below twelve thousand dollars, the deductible shall, in the initial year, not be less than two hundred fifty dollars;

(2) For a married couple with a household income at or below seventeen thousand dollars, the deductible shall, in the initial year, not be less than two hundred fifty dollars for each person;

(3) For an individual with a household income between twelve thousand one dollars and seventeen thousand dollars, the deductible shall, in the initial year, not be less than five hundred dollars; and

(4) For a married couple with a household income between seventeen thousand one dollars and twenty-three thousand dollars, the deductible shall, in the initial year, not be less than five hundred dollars for each person.

12. For prescription drugs, enrollees shall pay a forty percent coinsurance. The division may implement a higher coinsurance at the recommendation of the commission. Such coinsurance may be adjusted annually by the commission and shall be used to reduce the state's cost for the program. In addition, each enrollee with an annual

household income at or below twelve thousand dollars for an individual or at or below seventeen thousand dollars for a married couple shall pay, in the initial year, not less than an annual twenty-five dollar enrollment fee and each enrollee with a household income between twelve thousand one dollars and seventeen thousand dollars for an individual or at or below between seventeen thousand one dollars and twenty-three thousand dollars for a married couple shall pay, in the initial year, not less than an annual thirty-five dollar enrollment fee to offset the administrative costs of the program.

13. The total annual expenditures for each enrollee under this program may be up to but shall not exceed five thousand dollars for each participant.

14. In providing program benefits, the department may enter into a contract with a private individual, corporation or agency to implement the program.

15. The division shall utilize area agencies on aging, senior citizens centers, and other senior focused entities to provide outreach, enrollment referral assistance, and education services to potentially eligible seniors for the Missouri Senior Rx program. The division and third-party administrators shall be responsible for informing eligible seniors on the availability of and providing information about pharmaceutical company benefits which may be applicable.

16. The commission shall submit quarterly reports to the governor, the senate appropriations committee, the house of representatives budget committee, the speaker of the house of representatives, the president pro tem of the senate, and the division that include:

- (1) Quantified data as to the number of program applicants;
- (2) An estimate of whether the current rate of expenditures will exceed the existing appropriation for the program in the current fiscal year; and
- (3) Information regarding the commission's recommendations for changes to income eligibility, enrollment fees, coinsurance, deductibles, and benefit caps for enrollees in the program.

17. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 208.550 to 208.571 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. Sections 208.550 to 208.571 and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

18. Any person who knowingly makes any false statements, falsifies or permits to be falsified any records, or engages in conduct in an attempt to defraud the program is guilty of a misdemeanor and shall forfeit all rights to which he or she may be entitled hereunder.

208.559. ENROLLMENT PERIODS. — 1. The Missouri Senior Rx program shall be operational no later than July 1, 2002. The division shall accept applications for enrollment during an initial open enrollment period from April 1, 2002, through May 30, 2002. Beginning with the enrollment period for fiscal year 2004, open enrollment periods for the program shall be held from January first through February twenty-eighth.

2. A person may apply for participation in the program outside the enrollment periods listed in subsection 1 of this section within thirty days of such person attaining the age and income eligibility requirements of the program established in section 208.556.

208.562. USE OF GENERIC DRUGS — REIMBURSEMENT OF PHARMACIES. — 1. Generic prescription drugs shall be used for the program when available. An enrollee may receive a name brand drug when a generic drug is available only if both the physician and

enrollee request that the name brand drug be dispensed and the enrollee pays the coinsurance on the generic drug plus the difference in cost between the name brand drug and the generic drug.

2. Pharmacists participating in the Missouri Senior Rx program shall be reimbursed for the price of prescription drugs based on the following formula:

(1) For generic prescription drugs, the average wholesale price minus twenty percent, plus a four dollar and nine cent dispensing fee; and

(2) For name brand prescription drugs, the average wholesale price minus ten and forty-three one hundredths percent, plus a four dollar and nine cent dispensing fee.

208.565. REBATES, AMOUNT, USE OF. — 1. The division shall negotiate with manufacturers for participation in the program. The division shall issue a certificate of participation to pharmaceutical manufacturers participating in the Missouri Senior Rx program. A pharmaceutical manufacturer may apply for participation in the program with an application form prescribed by the commission. A certificate of participation shall remain in effect for an initial period of not less than one year and shall be automatically renewed unless terminated by either the manufacturer or the state with sixty days notification.

2. The rebate amount for each drug shall be fifteen percent of the average manufacturers' price as defined pursuant to 42 U.S.C. 1396r-8(k)(1). No other discounts shall apply. In order to receive a certificate of participation a manufacturer or distributor participating in the Missouri Senior Rx program shall provide the division of aging the average manufacturers' price for their contracted products. The following shall apply to the providing of average manufacturers' price information to the division of aging:

(1) Any manufacturer or distributor with an agreement under this section that knowingly provides false information is subject to a civil penalty in an amount not to exceed one hundred thousand dollars for each provision of false information. Such penalties shall be in addition to other penalties as prescribed by law;

(2) Notwithstanding any other provision of law, information disclosed by manufacturers or wholesalers pursuant to this subsection or under an agreement with the division pursuant to section 208.565 is confidential and shall not be disclosed by the division or any other state agency or contractor therein in any form which discloses the identity of a specific manufacturer or wholesaler or prices charged for drugs by such manufacturer or wholesaler, except to permit the state auditor to review the information provided and the division of medical services for rebate administration.

3. All rebates received through the program shall be used toward refunding the program. If a pharmaceutical manufacturer refuses to participate in the rebate program, such refusal shall not affect the manufacturer's status under the current Medicaid program. There shall be no drug formulary, prior approval system, or any similar restriction imposed on the coverage of outpatient drugs made by pharmaceutical manufacturers who have agreements to pay rebates for drugs utilized in the Missouri Senior Rx program, provided that such outpatient drugs were approved by the Food and Drug Administration.

4. Any prescription drug of a manufacturer that does not participate in the program shall not be reimbursable.

208.568. MISSOURI SENIOR RX PROGRAM FUND CREATED, ADMINISTRATION, USE OF FUNDS. — 1. There is hereby created in the state treasury the "Missouri Senior Rx Fund", which shall consist of all moneys deposited in the fund pursuant to sections 208.550 to 208.571 and all moneys which may be appropriated to it by the general assembly, from federal or other sources.

2. The state treasurer shall administer the fund and credit all interest to the fund and the moneys in the fund shall be used solely by the commission for the Missouri Senior Rx program and the division of aging for the implementation of the program for seniors established in sections 208.550 to 208.571.

3. Notwithstanding the provisions of section 33.080, RSMo, to the contrary, moneys in the fund shall not revert to the credit of the general revenue fund at the end of the biennium.

208.571. MISSOURI SENIOR RX CLEARINGHOUSE ESTABLISHED, DUTIES, ADMINISTRATION. — 1. Subject to appropriations, there is hereby established the "Missouri Senior Rx Clearinghouse" within the commission for the Missouri Senior Rx program established pursuant to section 208.553. The commission may submit requests for proposal for the third-party administration of the clearinghouse. The third-party administrator of the Missouri Senior Rx program may submit a request for proposal for administration of the clearinghouse. The purpose of the clearinghouse shall include, but not be limited to:

- (1) Assist all Missouri residents in accessing prescription drug programs;
- (2) Educate the public on quality drug programs and cost containment strategies;
- (3) Serve as a resource for pharmaceutical benefit issues.

2. The administration of the clearinghouse shall include, but not be limited to:

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to ensure the timely provision of prescription drugs to the elderly, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.

*I hereby veto \$84,550 federal funds for the Missouri State Water Patrol for a new lieutenant colonel position. Adding a position from federal funds would result in fewer federal funds being available for ongoing, operating expenses. Given the scarcity of general revenue funds statewide — and the critical importance of maintaining Water Patrol operations — such a redirection of federal funds would be unwise at this time.

SECTION 10.710.— To the Department of Health and Senior Services
For the Division of Maternal, Child and Family Health
1. For the purpose of funding family planning services, pregnancy
testing and follow-up services, provided that none of these
funds appropriated herein may be expended to directly or
indirectly subsidize abortion services or administrative
expenses. Abortion services include performing, assisting with,
or directly referring for abortions, or encouraging or
counseling patients to have abortions. Family planning services
are preconception services that limit or enhance fertility,
including contraception methods, the management of infertility,
preconception counseling, education, and general reproductive
health care. Follow-up services are services that supplement
initial consultations for family planning services and pregnancy
testing but do not include pregnancy or childbirth care.
Nondirective counseling is defined as providing patients with a
list of health care and social service providers that provide
pregnancy, prenatal, delivery, infant care, foster care,
adoption, alternative to abortion and abortion services and

nondirective, non-marketing information in regard to such providers. Such list may categorize the providers by the service or services they provide. An organization that receives these funds may not directly refer patients who seek abortion services to any organization that provides abortion services, including its own independent affiliate. Nondirective counseling relating to pregnancy may be provided. None of these funds may be paid or granted to an organization or an affiliate of an organization that provides abortion services. An organization that receives these funds may not display or distribute marketing materials about abortion services to patients. An otherwise qualified organization shall not be disqualified from receipt of these funds because of its affiliation with an organization that provides abortion services, provided that the affiliated organization that provides abortion services is independent as determined by the conditions set forth in this section. To ensure that the state does not lend its imprimatur to abortion services, and to ensure that an organization that provides abortion services does not receive a direct or indirect economic or marketing benefit from these funds, an organization that receives these funds and its independent affiliate that provides abortion services may not share any of the following:

- (a) The same or similar name;
- (b) Medical or non-medical facilities, including but not limited to business offices, treatment, consultation, examination, and waiting rooms;
- (c) Expenses;
- (d) Employee wages or salaries; or
- (e) Equipment or supplies, including but not limited to computers, telephone systems, telecommunications equipment and office supplies.

An independent affiliate that provides abortion services must be separately incorporated from any organization that receives these funds. An organization that receives these funds must maintain financial records that demonstrate strict compliance with this section and that demonstrate that its independent affiliate that provides abortion services receives no direct or indirect economic or marketing benefit from these funds. An independent audit shall be conducted at least once every three years to ensure compliance with this section. If the organization is an affiliate of an organization which provides abortion services, the independent audit shall be conducted at least annually. The audit shall be conducted by either an independent auditing firm retained by the department of health or by an independent auditing firm approved by the department and retained by an organization receiving these funds. Any organization receiving federal funds pursuant to Title X of the federal Public Health Services Act may perform services which are required under the federal act, but otherwise prohibited pursuant to this section if:

- 1) Specifically directed by United States Secretary of Health and Human Services to perform such services by written order

directed to the organization; and

2) Such order is final and no longer subject to appeal, and

3) The refusal to perform such required services will result in the withholding of federal funds to said organization.

Federal statutory or regulatory provisions or guidelines of general application shall not constitute such written order as described herein.

2. If any provision of subsection 1 of this section is held invalid, the provision shall be severed from subsection 1 of this section and the remainder of subsection 1 of this section shall be enforced. If the entirety of subsection 1 of this section is held invalid, then this appropriation shall be in accordance with subsection 3 of this section; otherwise subsections 3 and 5 of this section shall have no effect.
3. For the purpose of funding family planning services, pregnancy testing, and follow-up services that are provided directly by the Department of Health or provided directly by government agencies of this state or provided directly by any political subdivision of this state or provided directly by community mental health centers organized pursuant to sections 205.975 to 205.990, RSMo, or provided directly by community action agencies organized pursuant to sections 660.370 to 660.374, RSMo, through contractual agreement with the department, provided that none of the funds appropriated herein may be expended to directly or indirectly subsidize abortion services or administrative expenses. Abortion services include performing, assisting with, or directly referring for abortions, or encouraging or counseling patients to have abortions. Family planning services are preconception services that limit or enhance fertility, including contraception methods, the management of infertility, preconception counseling, education, and general reproductive health care. Follow-up services are services that supplement initial consultations for family planning services and pregnancy testing but do not include pregnancy or childbirth care. Nondirective counseling is defined as providing patients with a list of health care and social service providers that provide pregnancy, prenatal, delivery, infant care, foster care, adoption, alternative to abortion and abortion services and nondirective, non-marketing information in regard to such providers. Such list may categorize the providers by the service or services they provide. An entity that receives funds pursuant to this subsection may not directly refer patients who seek abortion services to any organization that provides abortion services. Nondirective counseling relating to pregnancy may be provided. None of the funds provided pursuant to this subsection may be paid or granted to an entity that provides abortion services. Any entity receiving funds pursuant to this subsection may not display or distribute marketing materials about abortion services to patients. An independent audit shall be conducted at least once every three years to ensure compliance with this section. The audit shall be conducted by either an independent auditing firm retained by the

Department of Health or by an independent auditing firm approved by the department and retained by the entity receiving these funds. Any entity receiving federal funds pursuant to Title X of the federal Public Health Services Act may perform services which are required under the federal act, but otherwise prohibited pursuant to this section if:

- 1) Specifically directed by the United States Secretary of Health and Human Services to perform such services by written order directed to the entity; and
- 2) Such order is final and no longer subject to appeal, and
- 3) The refusal to perform such required services will result in the withholding of federal funds to said entity.

Federal statutory or regulatory provisions or guidelines of general application shall not constitute such written order as described herein.

4. If the entirety of subsection 1 of this section is held invalid and any provision of subsection 3 of this section is held invalid, then this appropriation shall be in accordance with subsection 5; otherwise subsection 5 shall have no effect.
5. For the purpose of funding family planning services, pregnancy testing, and follow-up services that are provided directly by the Department of Health or provided by government agencies of this state or provided directly by any political subdivision of this state through contractual agreement with the department, provided that none of these funds appropriated herein may be expended to directly or indirectly subsidize abortion services or administrative expenses. Abortion services include performing, assisting with, or directly referring for abortions, or encouraging or counseling patients to have abortions. Family planning services are preconception services that limit or enhance fertility, including contraception methods, the management of infertility, preconception counseling, education, and general reproductive health care. Such list may categorize the providers by the service or services they provide. The department and any other government entity receiving funds pursuant to this subsection may not directly refer patients who seek abortion services to any organization that provides abortion services. Nondirective counseling relating to pregnancy may be provided. None of the funds provided pursuant to this subsection may be paid or granted to a government entity that provides abortion services. The department and any other government entity receiving funds pursuant to this subsection may not display or distribute marketing materials about abortion services to patients. An

independent audit shall be conducted at least once every three years to ensure compliance with this section. The audit shall be conducted by either an independent auditing firm retained by the Department of Health or by an independent auditing firm approved by the department and retained by the government entity receiving these funds. Any government entity receiving federal funds pursuant to Title X of the federal Public Health Services Act may perform services which are required under the federal act, but otherwise prohibited pursuant to this section if:

- 1) Specifically directed by the United States Secretary of Health and Human Services to perform such services by written order directed to the government entity; and
 - 2) Such order is final and no longer subject to appeal, and
 - 3) The refusal to perform such required services will result in the withholding of federal funds to said government entity.

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

Eliminates statute of limitations for forcible rape and sodomy.

AN ACT to repeal section 556.036, RSMo, and to enact in lieu thereof one new section relating to statute of limitations for sexual offenses, with penalty provisions and an emergency clause.

SECTION

- A. Enacting clause.
- 556.036. Time limitations.
- B. Emergency clause.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 556.036, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 556.036, to read as follows:

556.036. TIME LIMITATIONS. — 1. A prosecution for murder, **forcible rape, attempted forcible rape, forcible sodomy, attempted forcible sodomy**, or any class A felony may be commenced at any time.

2. Except as otherwise provided in this section, prosecutions for other offenses must be commenced within the following periods of limitation:

- (1) For any felony, three years;
- (2) For any misdemeanor, one year;
- (3) For any infraction, six months.

3. If the period prescribed in subsection 2 **of this section** has expired, a prosecution may nevertheless be commenced for:

(1) Any offense a material element of which is either fraud or a breach of fiduciary obligation within one year after discovery of the offense by an aggrieved party or by a person who has a legal duty to represent an aggrieved party and who is himself or herself not a party to the offense, but in no case shall this provision extend the period of limitation by more than three years. As used in this subdivision, the term "person who has a legal duty to represent an aggrieved party" shall mean the attorney general or the prosecuting or circuit attorney having jurisdiction pursuant to section 407.553, RSMo, for purposes of offenses committed pursuant to sections 407.511 to 407.556, RSMo; and

(2) Any offense based upon misconduct in office by a public officer or employee at any time when the defendant is in public office or employment or within two years thereafter, but in no case shall this provision extend the period of limitation by more than three years; and

(3) Any offense based upon an intentional and willful fraudulent claim of child support arrearage to a public servant in the performance of his or her duties within one year after

discovery of the offense, but in no case shall this provision extend the period of limitation by more than three years.

4. An offense is committed either when every element occurs, or, if a legislative purpose to prohibit a continuing course of conduct plainly appears, at the time when the course of conduct or the defendant's complicity therein is terminated. Time starts to run on the day after the offense is committed.

5. A prosecution is commenced either when an indictment is found or an information filed.

6. The period of limitation does not run:

(1) During any time when the accused is absent from the state, but in no case shall this provision extend the period of limitation otherwise applicable by more than three years; or

(2) During any time when the accused is concealing himself from justice either within or without this state; or

(3) During any time when a prosecution against the accused for the offense is pending in this state; or

(4) During any time when the accused is found to lack mental fitness to proceed pursuant to section 552.020, RSMo.

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to revise the statute of limitations for certain sexual offenses, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.

2. The commission shall not exceed or expend moneys in excess of any fees collected and any moneys provided to the commission pursuant to section 67.1820.

67.1812. TAXICAB CODE PROMULGATED, PROCEDURE. — Following the appointment of the commissioners, the regional taxicab commission shall meet for the purpose of establishing and adopting a district-wide taxicab code. In promulgating the taxicab code, the commission shall seek, to the extent reasonably practical, to preserve within the code provisions similar to those contained in chapter 8.98 of the city's municipal ordinance and chapter 806 of the county ordinances, both relating to taxicab issues such as licensing, regulation, inspection, and enforcement while avoiding unnecessary overlaps or inconsistencies between the ordinances. The commission shall present a draft of its district-wide taxicab code at public hearings, one of which will be held in the city and another in the county, following prior public notice of same. Notice of the public hearing

shall be given by publication at least twice, the first publication to be not more than thirty days and the second publication to be not more than ten days prior to each hearing in a newspaper of general circulation in the city and county. The commission shall adopt its taxicab code no later than one hundred eighty days after the appointment of the initial commission members. (2) The need of the airport authority to provide services at the airport's passenger terminals; and

(3) Airport authority involvement as to the servicing of the airport by airport taxicabs.

The commission shall not regulate the airport or airport taxicabs as to cab parking, circulation, cab stands, or passenger loading at the airport, or the payment by airport taxicabs for use of the airport or its facilities.

67.1816. CITY AND COUNTY ORDINANCES IN EFFECT UNTIL TAXICAB CODE ADOPTED. — The city and county's ordinances relating to taxicabs shall remain in full force and effect and be enforced as such by the city and county until one hundred twenty days after the regional taxicab commission adopts its taxicab code, at which time such city and county ordinances shall be deemed to be rescinded as well as ordinances adopted by municipalities within the county. Upon the effective date of the taxicab code:

(1) All licensing, regulations, inspections, inspections of taxicabs, and enforcement of the taxicab code shall rest exclusively with the regional taxicab commission;

(2) All taxicabs subject to the taxicab code shall be required to comply fully with the taxicab code, notwithstanding any previously issued licenses or certificates of convenience;

(4) All available taxicab licensing, inspection, and related fees previously collected and remaining unspent by other jurisdictions shall be immediately paid over the regional taxicab commission for its future use in administering the taxicab code.

The provisions of this section notwithstanding, existing municipal regulations relating to taxicab curb locations and curb fees as well as local business licenses which do not seek to regulate taxicab use shall not be preempted by the taxicab code except by agreement between the commission and applicable municipality.

67.1818. LICENSURE, TAXICAB CODE TO INCLUDE ADMINISTRATIVE PROCEDURES. — The commission shall establish as part of the taxicab code its own internal, administrative procedure for decisions involving the granting, denying, suspending, or revoking of licenses. The internal procedures set forth in the taxicab code shall allow appeals from license-related decisions to be conducted by independent hearing officers.

67.1820. COMMISSION TO ESTABLISH ANNUAL BUDGET TO ENFORCE TAXICAB CODE. — The regional taxicab commission shall initially establish, subject to public hearings

thereon, an annual fee-generated budget required for the effective implementation and enforcement of the taxicab code, taking into account staffing requirements and related expenses as well as all revenue sources, including collection of fees previously paid to and unspent by other enforcing jurisdictions and future fees projected to be collected by the commission. Recognizing the elimination of duties and costs associated with the regulatory and enforcement functions of taxicab administration previously borne by the city and county and being assumed by the commission, the city and county shall have the authority to appropriate additional budgetary funding for the commission's needs.

67.1822. ANNUAL REPORT SUBMITTED BY COMMISSION TO CEOs OF CITY AND COUNTY — CPA APPOINTED BY CITY AND COUNTY FOR THE COMMISSION. — 1. Before the second Monday in April of each year, the regional taxicab commission shall make an annual report to the chief executive officers and to the governing bodies of the city and county stating the conditions of the commission as of the first day of January of that year, and the sums of money received and distributed by it during the preceding calendar year.

2. If the increase in such sales taxes derived from the retail sale of tourist-oriented goods and services in the fiscal year three years prior to the fiscal year in which each [transfer] **deposit** shall be made is at least three percent over such sales taxes derived from the retail sale of tourist-oriented goods and services generated in the fiscal year four years prior to the fiscal year in which each [transfer] **deposit** shall be made, an amount equal to one-half of such sales taxes generated above a three percent increase shall be calculated by the director of revenue and the amount calculated shall be [transferred] **deposited** by the state treasurer to the credit of the division of tourism supplemental revenue fund.

- (9) SIC Code 7920;
- (10) SIC Code 7940;
- (11) SIC Code 7990;
- (12) SIC Code 7991;
- (13) SIC Code 7992;
- (14) SIC Code 7996;
- (15) SIC Code 7998;
- (16) SIC Code 7999; and
- (17) SIC Code 8420.

5. Prior to each appropriation from the division of tourism supplemental revenue fund, the division of tourism shall present to the committee on tourism, recreational and cultural affairs of the house of representatives and to the transportation and tourism committee of the senate, or their successors, a promotional marketing strategy including, but not limited to, targeted markets, duration of market plans, ensuing market strategies, and the actual and estimated investment return, if any, resulting therefrom.

If a majority of the votes cast on the proposal by the qualified voters of the district voting thereon are in favor of the proposal, then the order and any amendment to such order shall be in effect on the first day of the second quarter immediately following the election approving the proposal. If the proposal receives less than the required majority, the commission shall have no power to impose the sales tax authorized pursuant to this section

unless and until the commission shall again have submitted another proposal to authorize the commission to impose the sales tax authorized by this section and such proposal is approved by the required majority of the qualified voters of the district voting on such proposal; however, in no event shall a proposal pursuant to this section be submitted to the voters sooner than twelve months from the date of the last submission of a proposal pursuant to this section.

3. All revenue received by a district from the tax authorized pursuant to this section shall be deposited in a special trust fund and shall be used solely for providing jail services and court facilities and equipment for such district for so long as the tax shall remain in effect.

4. Once the tax authorized by this section is abolished or terminated by any means, all funds remaining in the special trust fund shall be used solely for providing jail services and court facilities and equipment for the district. Any funds in such special trust fund which are not needed for current expenditures may be invested by the commission in accordance with applicable laws relating to the investment of other county funds.

5. All sales taxes collected by the director of revenue pursuant to this section on behalf of any district, less one percent for cost of collection which shall be deposited in the state's general revenue fund after payment of premiums for surety bonds as provided in section 32.087, RSMo, shall be deposited in a special trust fund, which is hereby created, to be known as the "Regional Jail District Sales Tax Trust Fund". The moneys in the regional jail district sales tax trust fund shall not be deemed to be state funds and shall not be commingled with any funds of the state. The director of revenue shall keep accurate records of the amount of money in the trust fund which was collected in each district imposing a sales tax pursuant to this section, and the records shall be open to the inspection of officers of each member county and the public. Not later than the tenth day of each month the director of revenue shall distribute all moneys deposited in the trust fund during the preceding month to the district which levied the tax. Such funds shall be deposited with the treasurer of each such district, and all expenditures of funds arising from the regional jail district sales tax trust fund shall be paid pursuant to an appropriation adopted by the commission and shall be approved by the commission. Expenditures may be made from the fund for any function authorized in the order adopted by the commission submitting the regional jail district tax to the voters.

32.375. DISPUTE OVER COLLECTION OR REMITTANCE OF SALES OR USE TAX — ABATEMENT ALLOWED, WHEN — ADMINISTRATIVE REVIEW. — 1. Notwithstanding any provision of law to the contrary, in any dispute regarding the potential liability of a taxpayer for collection and remittance or payment of sales or use tax or related interest, additions to tax or penalties, the director of revenue may, at the request of the taxpayer, consider the reasons for the taxpayer's failure to pay the amounts in dispute.

2. The director may abate all or any portion of any amount assessed or decide to not assess any such amount pursuant to this section if the director determines:

(1) The taxpayer took reasonable steps to determine whether the amounts were owed;

(2) Based on information reasonably available to the taxpayer, the taxpayer reasonably believed that the transactions at issue were not subject to tax and that the amounts in dispute were not owed;

(3) At the time of the transactions at issue, the department of revenue had not issued either:

(a) A regulation that indicated that the transactions at issue were subject to tax; or

(b) Any other written or oral communication that the taxpayer knew of or should have known of stating that the transactions at issue were subject to tax; and

(4) In the discretion of the director, such abatement is in the best interest of the state and will not undermine compliance by taxpayers with the tax laws of this state.

3. If the director determines that any amounts may be abated pursuant to this section, as consideration for the abatement, the taxpayer shall agree that:

(1) The taxpayer shall bear his or her own costs, including any attorney fees;

(2) During the three year period beginning with the date of the agreement, the taxpayer shall comply with all sales and use tax obligations arising from the type of transactions that were the basis of the amounts that are the subject of the agreement and the taxpayer shall not challenge or protest any such sales or use tax obligations arising during the three year period; except that any final decision of a court of competent jurisdiction finding such transactions to be nontaxable and any statutory changes that become effective during the three year period shall apply to the taxpayer notwithstanding any provision of the agreement; and

(3) The taxpayer shall not contest in court or otherwise any amount of the liability sought to be abated.

4. If due to a disagreement concerning the amount to be abated the taxpayer does not agree to the terms provided by subsection 3 of this section or if the director determines the amounts in dispute should not be abated, the director shall issue a final decision setting forth the director's determination. Within sixty days after the date on which the director's decision is delivered in person or is mailed to the taxpayer, whichever is earlier, the taxpayer may file a petition for review of the final decision with the administrative hearing commission.

5. On petition for review before the administrative hearing commission, the commission shall consider whether the director's determination was reasonable based on the factors set forth in subsection 2 of this section. The commission may:

(1) Issue an order to the director stating an amount to be abated by the director, if the commission finds the director's decision unreasonable; or

(2) Issue an order denying the relief sought by the taxpayer, if the commission finds the director's determination reasonable.

6. The provisions of subsection 3 of this section shall apply to any abatement ordered by the commission.

7. A decision of the administrative hearing commission pursuant to this section shall not be subject to appeal or petition for review by the taxpayer or the director.

32.378. COMPROMISE OF TAXES, INTEREST, PENALTIES, OR ADDITIONS TO THE TAX, WHEN — TAXPAYER AGREEMENTS AND DUTIES — STATUTE OF LIMITATIONS IF COMPROMISE AGREED UPON — DIRECTOR'S DUTIES — RULEMAKING AUTHORITY. — 1. In addition to the authority granted to the director of revenue and the administrative hearing commission pursuant to section 32.375, the director of revenue may agree to compromise any tax, interest, penalties or additions to tax assessed or collected by the director of revenue on any of the following grounds:

(1) Doubt as to liability, which exists in any case where there is a genuine dispute as to the existence or amount of the correct tax liability under the law;

(2) Doubt as to collectibility, which exists in any case where the amount assessed including interest, additions to tax and penalties exceeds the taxpayer's ability to pay as defined by regulations promulgated by the director of revenue; or

(3) To promote effective tax administration which means that compromise of the liability will not undermine compliance by taxpayers with the tax laws and that:

(a) Collection of the full liability will result in severe economic hardship to the taxpayer; or

(b) Regardless of the taxpayer's financial circumstances, exceptional circumstances exist such that collection of the full liability will be detrimental to voluntary compliance by taxpayers. Such exceptional circumstances include, but are not limited to, instances where the taxpayer's failure to pay the taxes assessed is the result of circumstances beyond the reasonable control of the taxpayer and is not the result of negligence on the part of the taxpayer, or instances where a reasonable person would not have expected the assessment based on previous policy of the department of revenue or information provided to the taxpayer by the department of revenue.

2. As part of the consideration for any compromise of taxes that is based on subdivisions (2) or (3) of subsection 1 of this section, the taxpayer shall agree:

(1) That the state of Missouri shall keep all payments and other credits applied to the tax, interest, penalties or additions to tax for the periods covered by the offer;

(2) That the state of Missouri shall keep any and all amounts otherwise due the taxpayer as a result of overpayments of any tax or other liability, including interest, additions to tax and penalties, for periods ending before or as of the end of the calendar year in which the offer is accepted; except that the state shall not keep any amounts that, together with amounts already paid on the compromise exceed the liability compromised;

(3) That the taxpayer shall have no right to contest in court or otherwise the amount of the liability compromised;

(4) That the taxpayer shall bear his or her own costs, including any attorney fees;

(5) That during the three year period beginning with the date of the compromise, the taxpayer shall comply with all tax obligations arising from issues or transactions related to the issues or transactions that were the basis of the tax that is the subject of the compromise and that the taxpayer shall not challenge or protest any such tax obligations arising during the three year period; however, any statutory changes that become effective during the three year period shall apply to the taxpayer notwithstanding this provision of the compromise;

(6) That if there is a default in payment of any principal or interest due under terms of the agreement of compromise, or if the taxpayer fails to comply with the provisions of the agreement set forth in subdivision (5) of this subsection, the director of revenue may:

(a) Proceed immediately by suit to collect the entire unpaid balance of the amount agreed upon; or

(b) Proceed immediately by suit to collect as liquidated damages an amount equal to the liability compromised, minus any payments already received under the terms of the agreement, with interest on the unpaid balance from the date of default; or

(c) Disregard the amount of the compromise and apply all amounts previously paid under the agreement against the amount of the liability compromised and assess and collect by levy or suit the balance of the liability. If the director chooses this option, the taxpayer shall have the right to contest in court or otherwise the amount of the liability compromised.

3. The director's remedies under this section are cumulative and the director may pursue any combination of such remedies together or consecutively until the entire liability is paid. No action or inaction by the director shall constitute a waiver or election not to pursue any remedy granted by this section.

4. The taxpayer requesting to compromise payment of taxes, interest, additions to tax, or penalties shall provide any information reasonably requested by the director in order that the director may determine that the offer is made in good faith.

5. If compromise of taxes is agreed upon, any statute of limitations applicable to the assessment and collection of the liability compromised shall be tolled during the period beginning on the date of the compromise and ending one year after the last payment is due pursuant to the agreement.

6. The director's decision to reject or accept an offer of compromise under this section shall be based on consideration of all the facts and circumstances, including the taxpayer's record of overall compliance with the tax laws. Notwithstanding any provision of law to the contrary, the director's decision shall not be subject to review by the administrative hearing commission or any court.

7. The director shall prescribe guidelines for employees of the Missouri department of revenue to determine whether an offer-in-compromise is adequate and should be accepted to resolve a dispute.

8. The director shall establish procedures for an independent administrative review of any rejection of a proposed offer-in-compromise made by a taxpayer pursuant to this section before such rejection is communicated to the taxpayer.

9. The provisions of this section shall not apply to the resolution of any dispute of tax liability in accordance with section 32.375.

10. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

32.380. AMNESTY TO APPLY TO CERTAIN TAXES — CONDITIONS FOR GRANTING — PAYMENTS TO BE DEPOSITED IN SCHOOLS OF THE FUTURE FUND — RULEMAKING AUTHORITY. — 1. Notwithstanding the provisions of any other law to the contrary, with respect to taxes administered by the department of revenue, an amnesty from the assessment or payment of all penalties, additions to tax, and interest shall apply with respect to unpaid taxes reported and paid in full from August 1, 2002, to October 31, 2002, regardless of whether previously assessed, except for penalties, additions to tax, and interest paid before August 1, 2002. The amnesty shall apply only to state tax liabilities due but unpaid on or before December 31, 2001, and shall not extend to any taxpayer who at the time of payment is a party to any criminal investigations or to any civil or criminal litigation that is pending in any court of the United States or this state for nonpayment, delinquency, or fraud in relation to any state tax imposed by the state of Missouri.

2. Upon written application by the taxpayer, on forms prescribed by the director of revenue, and upon compliance with the provisions of this section, the department of

revenue shall not seek to collect any penalty, addition to tax, or interest which may be applicable. The department of revenue shall not seek civil or criminal prosecution for any taxpayer for the taxable period for which the amnesty has been granted.

3. Amnesty shall be granted only to those taxpayers who have applied for amnesty within the period stated in subsection 1 of this section, who have filed a tax return for each taxable period for which amnesty is requested, who have paid the entire balance due within sixty days of approval by the department of revenue, and who agree to comply with state tax laws for the next three years from the date of the agreement. No taxpayer shall be entitled to a waiver of any penalty, addition to tax, or interest pursuant to this section unless full payment of the tax due is made in accordance with rules and regulations established by the director of revenue.

4. If a taxpayer elects to participate in the amnesty program established pursuant to this section as evidenced by full payment of the tax due as established by the director of revenue, that election shall constitute an express and absolute relinquishment of all administrative and judicial rights of appeal. No tax payment received pursuant to this section shall be eligible for refund or credit.

5. Nothing in this section shall be interpreted to disallow the department of revenue to adjust a taxpayer's tax return as a result of any state or federal audit.

6. All tax payments received as a result of the amnesty program established pursuant to this section shall be deposited in the schools of the future fund created pursuant to section 313.820, RSMo, other than revenues earmarked by the Missouri Constitution.

7. The department may promulgate such rules or regulations or issue administrative guidelines as are necessary to administer the provisions of this section. No rule or portion of a rule promulgated pursuant to the authority of this section shall become effective unless it has been promulgated pursuant to chapter 536, RSMo.

32.381. DETRIMENTAL RELIANCE BY TAXPAYER, EFFECT OF. — In the event the department of revenue enters into an agreement with a taxpayer and said agreement exceeds the department's statutory authority and the taxpayer has relied to his detriment, the department shall be permitted to honor said contract. This section shall only apply to cases where the department has collected sales tax that was not owed by the taxpayer.

137.073. DEFINITIONS — REVISION OF PRIOR LEVY, WHEN, PROCEDURE — CALCULATION OF STATE AID FOR PUBLIC SCHOOLS, TAXING AUTHORITY'S DUTIES. — 1. As used in this section, the following terms mean:

(1) "General reassessment", changes in value, entered in the assessor's books, of a substantial portion of the parcels of real property within a county resulting wholly or partly from reappraisal of value or other actions of the assessor or county equalization body or ordered by the state tax commission or any court;

(2) "Tax rate", "rate", or "rate of levy", singular or plural, includes the tax rate for each purpose of taxation of property a taxing authority is authorized to levy without a vote and any tax rate authorized by election, including bond interest and sinking fund;

(3) "Tax rate ceiling", a tax rate as revised by the taxing authority to comply with the provisions of this section or when a court has determined the tax rate; except that, other provisions of law to the contrary notwithstanding, a school district may levy the operating levy for school purposes required for the current year pursuant to subsection 2 of section 163.021, RSMo, less all adjustments required pursuant to article X, section 22 of the Missouri Constitution, if such tax rate does not exceed the highest tax rate in effect subsequent to the 1980 tax year. This is the maximum tax rate that may be levied, unless a higher tax rate ceiling is approved by voters of the political subdivision as provided in this section;

(4) "Tax revenue", when referring to the previous year, means the actual receipts from ad valorem levies on all classes of property, including state-assessed property, in the immediately

preceding fiscal year of the political subdivision, plus an allowance for taxes billed but not collected in the fiscal year and plus an additional allowance for the revenue which would have been collected from property which was annexed by such political subdivision but which was not previously used in determining tax revenue pursuant to this section. The term "tax revenue" shall not include any receipts from ad valorem levies on any property of a railroad corporation or a public utility, as these terms are defined in section 386.020, RSMo, which were assessed by the assessor of a county or city in the previous year but are assessed by the state tax commission in the current year. All school districts and those counties levying sales taxes pursuant to chapter 67, RSMo, shall include in the calculation of tax revenue an amount equivalent to that by which they reduced property tax levies as a result of sales tax pursuant to section 67.505, RSMo, and section 164.013, RSMo, in the immediately preceding fiscal year but not including any amount calculated to adjust for prior years. For purposes of political subdivisions which were authorized to levy a tax in the prior year but which did not levy such tax or levied a reduced rate, the term "tax revenue", as used in relation to the revision of tax levies mandated by law, shall mean the revenues equal to the amount that would have been available if the voluntary rate reduction had not been made.

2. Whenever changes in assessed valuation are entered in the assessor's books **for any personal property, in the aggregate, or for any subclass of real property as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016**, the county clerk in all counties and the assessor of St. Louis City shall notify each political subdivision wholly or partially within the county or St. Louis City of the change in valuation **of each subclass of real property, individually, and personal property, in the aggregate**, exclusive of new construction and improvements. All political subdivisions shall immediately revise the **applicable** rates of levy for each purpose **for each subclass of real property, individually, and personal property, in the aggregate**, for which taxes are levied to the extent necessary to produce from all taxable property, exclusive of new construction and improvements, substantially the same amount of tax revenue as was produced in the previous year **for each subclass of real property, individually, and personal property, in the aggregate**, except that the rate may not exceed the greater of the rate in effect in the 1984 tax year or the most recent voter-approved rate. **Such tax revenue shall not include any receipts from ad valorem levies on any real property which was assessed by the assessor of a county or city in such previous year but is assessed by the assessor of a county or city in the current year in a different subclass of real property. Where the taxing authority is a school district for the purposes of revising the applicable rates of levy for each subclass of real property, the tax revenues from state-assessed railroad and utility property shall be apportioned and attributed to each subclass of real property based on the percentage of the total assessed valuation of the county that each subclass of real property represents in the current taxable year.** As provided in section 22 of article X of the constitution, a political subdivision may also revise each levy to allow for inflationary assessment growth occurring within the political subdivision. The inflationary growth factor shall be limited to the actual assessment growth [within] **in the aggregate** for the political subdivision, exclusive of new construction and improvements, but not to exceed the consumer price index or five percent, whichever is lower. **Should the tax revenue of a political subdivision from the various tax rates determined in this subsection be different than the tax revenue that would have been determined from a single tax rate as calculated pursuant to the method of calculation in this subsection prior to January 1, 2003, then the political subdivision shall revise the tax rates of those subclasses of real property, individually, and/or personal property, in the aggregate, in which there is a tax rate reduction, pursuant to the provisions of this subsection. Such revision shall yield an amount equal to such difference and shall be apportioned among such subclasses of real property, individually, and/or personal property, in the aggregate, as per the relative tax rate reduction of such subclasses of real property, individually, and/or personal property, in the aggregate.**

3. (1) Where the taxing authority is a school district, it shall be required to revise the rates of levy to the extent necessary to produce from all taxable property, including state-assessed railroad and utility property, which shall be separately estimated in addition to other data required in complying with section 164.011, RSMo, substantially the amount of tax revenue permitted in this section. In the year following tax rate reduction, the tax rate ceiling may be adjusted to offset such district's reduction in the apportionment of state school moneys due to its reduced tax rate. However, in the event any school district, in calculating a tax rate ceiling pursuant to this section, requiring the estimating of effects of state-assessed railroad and utility valuation or loss of state aid, discovers that the estimates used result in receipt of excess revenues, which would have required a lower rate if the actual information had been known, the school district shall reduce the tax rate ceiling in the following year to compensate for the excess receipts, and the recalculated rate shall become the tax rate ceiling for purposes of this section.

(2) For any political subdivision which experiences a reduction in the amount of assessed valuation relating to a prior year, due to decisions of the state tax commission or a court pursuant to sections 138.430 to 138.433, RSMo, or due to clerical errors or corrections in the calculation or recordation of any assessed valuation:

(a) Such political subdivision may revise the tax rate ceiling for each purpose it levies taxes to compensate for the reduction in assessed value occurring after the political subdivision calculated the tax rate ceiling **for the particular subclass of real property or for personal property, in the aggregate**, in the prior year. Such revision by the political subdivision shall be made at the time of the next calculation of the tax rate **for the particular subclass of real property or for personal property, in the aggregate**, after the reduction in assessed valuation has been determined and shall be calculated in a manner that results in the revised tax rate ceiling being the same as it would have been had the corrected or finalized assessment been available at the time of the prior calculation;

(b) In addition, for up to three years following the determination of the reduction in assessed valuation as a result of circumstances defined in this subdivision, such political subdivision may levy a tax rate for each purpose it levies taxes above the revised tax rate ceiling provided in paragraph (a) of this subdivision to recoup any revenues it was entitled to receive for the three-year period preceding such determination.

4. (1) In order to implement the provisions of this section and section 22 of article X of the Constitution of Missouri, the term "improvements" shall apply to both real and personal property. In order to determine the value of new construction and improvements, each county assessor shall maintain a record of real property valuations in such a manner as to identify each year the increase in valuation for each political subdivision in the county as a result of new construction and improvements. The value of new construction and improvements shall include the additional assessed value of all improvements or additions to real property which were begun after and were not part of the prior year's assessment, except that the additional assessed value of all improvements or additions to real property which had been totally or partially exempt from ad valorem taxes pursuant to sections 99.800 to 99.865, RSMo, sections 135.200 to 135.255, RSMo, and section 353.110, RSMo, shall be included in the value of new construction and improvements when the property becomes totally or partially subject to assessment and payment of all ad valorem taxes. The aggregate increase in valuation of personal property for the current year over that of the previous year is the equivalent of the new construction and improvements factor for personal property. The assessor shall certify the amount of new construction and improvements for each political subdivision to the county clerk in order that political subdivisions shall have this information for the purpose of calculating tax rates pursuant to this section and section 22, article X, Constitution of Missouri. In addition, the state tax commission shall certify each year to each county clerk the increase in the general price level as measured by the Consumer Price Index for All Urban Consumers for the United States, or its successor publications, as defined and officially reported by the United States Department of Labor, or its successor agency. The state tax commission shall certify the increase in such index on the latest

twelve-month basis available on June first of each year over the immediately preceding prior twelve-month period in order that political subdivisions shall have this information available in setting their tax rates according to law and section 22 of article X of the Constitution of Missouri. For purposes of implementing the provisions of this section and section 22 of article X of the Missouri Constitution, the term "property" means all taxable property, including state assessed property.

(2) Each political subdivision required to revise rates of levy pursuant to this section or section 22 of article X of the Constitution of Missouri shall calculate each tax rate it is authorized to levy and, in establishing each tax rate, shall consider each provision for tax rate revision provided in this section and section 22 of article X of the Constitution of Missouri, separately and without regard to annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo. Each political subdivision shall set each tax rate it is authorized to levy using the calculation that produces the lowest tax rate ceiling. It is further the intent of the general assembly, pursuant to the authority of section 10(c) of article X of the Constitution of Missouri, that the provisions of such section be applicable to tax rate revisions mandated pursuant to section 22 of article X of the Constitution of Missouri as to reestablishing tax rates as revised in subsequent years, enforcement provisions, and other provisions not in conflict with section 22 of article X of the Constitution of Missouri. Annual tax rate reductions provided in section 67.505, RSMo, and section 164.013, RSMo, shall be applied to the tax rate as established pursuant to this section and section 22 of article X of the Constitution of Missouri, unless otherwise provided by law.

5. (1) In all political subdivisions, the tax rate ceiling established pursuant to this section shall not be increased unless approved by a vote of the people. Approval of the higher tax rate shall be by at least a majority of votes cast. When a proposed higher tax rate requires approval by more than a simple majority pursuant to any provision of law or the constitution, the tax rate increase must receive approval by at least the majority required.

(2) When voters approve an increase in the tax rate, the amount of the increase shall be added to the tax rate ceiling as calculated pursuant to this section to the extent the total rate does not exceed any maximum rate prescribed by law. If a ballot question presents a stated tax rate for approval rather than describing the amount of increase in the question, the stated tax rate approved shall be the current tax rate ceiling. The increased tax rate ceiling as approved may be applied to the total assessed valuation of the political subdivision at the setting of the next tax rate.

(3) The governing body of any political subdivision may levy a tax rate lower than its tax rate ceiling and may increase that lowered tax rate to a level not exceeding the tax rate ceiling without voter approval.

(4) In a year of general reassessment, a governing body whose tax rate is lower than its tax rate ceiling shall revise its tax rate pursuant to the provisions of subsection 4 of this section as if its tax rate were at the tax rate ceiling. In a year following general reassessment, if such governing body intends to increase its tax rate, the governing body shall conduct a public hearing, and in a public meeting it shall adopt an ordinance, resolution or policy statement justifying its action prior to setting and certifying its tax rate. The provisions of this subdivision shall not apply to a taxing jurisdiction which receives some portion of its funding pursuant to chapter 163, RSMo.

6. (1) For the purposes of calculating state aid for public schools pursuant to section 163.031, RSMo, each taxing authority which is a school district shall determine its proposed tax rate as a blended rate of the classes or subclasses of property. Such blended rate shall be calculated by first determining the total tax revenue of the property within the jurisdiction of the taxing authority, which amount shall be equal to the sum of the products of multiplying the assessed valuation of each class and subclass of property by the corresponding tax rate for such class or subclass, then dividing the total tax revenue by the total assessed valuation of the same jurisdiction, and then multiplying the resulting

quotient by a factor of one-hundred. Where the taxing authority is a school district, such blended rate shall also be used by such school district for calculating revenue from state-assessed railroad and utility property as defined in chapter 151, RSMo, and for apportioning the tax rate by purpose.

(2) Each taxing authority proposing to levy a tax rate in any year shall notify the clerk of the county commission in the county or counties where the tax rate applies of its tax rate ceiling and its proposed tax rate. Each taxing authority shall express its proposed tax rate in a fraction equal to the nearest [one/one hundredth] **one-tenth of a cent, unless its proposed tax rate is in excess of one dollar, then one/one-hundredth** of a cent. **If a taxing authority shall round to one/one-hundredth of a cent, it shall round up a fraction greater than or equal to [five/one thousandth] five/one-thousandth of one cent to the next higher [one/one hundredth] one/one-hundredth of a cent; if a taxing authority shall round to one-tenth of a cent, it shall round up a fraction greater than or equal to five/one-hundredths of a cent to the next higher one-tenth of a cent.** Any taxing authority levying a property tax rate shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating such tax rate complies with Missouri law. In addition, each taxing authority proposing to levy a tax rate for debt service shall provide data, in such form as shall be prescribed by the state auditor by rule, substantiating the tax rate for debt service complies with Missouri law. A tax rate proposed for annual debt service requirements will be prima facie valid if, after making the payment for which the tax was levied, bonds remain outstanding and the debt fund reserves do not exceed the following year's payments. The county clerk shall keep on file and available for public inspection all such information for a period of three years. The clerk shall, within three days of receipt, forward a copy of the notice of a taxing authority's tax rate ceiling and proposed tax rate and any substantiating data to the state auditor. The state auditor shall, within fifteen days of the date of receipt, examine such information and return to the county clerk his or her findings as to compliance of the tax rate ceiling with this section and as to compliance of any proposed tax rate for debt service with Missouri law. If the state auditor believes that a taxing authority's proposed tax rate does not comply with Missouri law, then the state auditor's findings shall include a recalculated tax rate, and the state auditor may request a taxing authority to submit documentation supporting such taxing authority's proposed tax rate. The county clerk shall immediately forward a copy of the auditor's findings to the taxing authority and shall file a copy of the findings with the information received from the taxing authority. The taxing authority shall have fifteen days from the date of receipt from the county clerk of the state auditor's findings and any request for supporting documentation to accept or reject in writing the rate change certified by the state auditor and to submit all requested information to the state auditor. A copy of the taxing authority's acceptance or rejection and any information submitted to the state auditor shall also be mailed to the county clerk. If a taxing authority rejects a rate change certified by the state auditor and the state auditor does not receive supporting information which justifies the taxing authority's original or any subsequent proposed tax rate, then the state auditor shall refer the perceived violations of such taxing authority to the attorney general's office and the attorney general is authorized to obtain injunctive relief to prevent the taxing authority from levying a violative tax rate.

7. No tax rate shall be extended on the tax rolls by the county clerk unless the political subdivision has complied with the foregoing provisions of this section.

8. Whenever a taxpayer has cause to believe that a taxing authority has not complied with the provisions of this section, the taxpayer may make a formal complaint with the prosecuting attorney of the county. Where the prosecuting attorney fails to bring an action within ten days of the filing of the complaint, the taxpayer may bring a civil action pursuant to this section and institute an action as representative of a class of all taxpayers within a taxing authority if the class is so numerous that joinder of all members is impracticable, if there are questions of law or fact common to the class, if the claims or defenses of the representative parties are typical of the claims or defenses of the class, and if the representative parties will fairly and adequately protect

the interests of the class. In any class action maintained pursuant to this section, the court may direct to the members of the class a notice to be published at least once each week for four consecutive weeks in a newspaper of general circulation published in the county where the civil action is commenced and in other counties within the jurisdiction of a taxing authority. The notice shall advise each member that the court will exclude him or her from the class if he or she so requests by a specified date, that the judgment, whether favorable or not, will include all members who do not request exclusion, and that any member who does not request exclusion may, if he or she desires, enter an appearance. In any class action brought pursuant to this section, the court, in addition to the relief requested, shall assess against the taxing authority found to be in violation of this section the reasonable costs of bringing the action, including reasonable attorney's fees, provided no attorney's fees shall be awarded any attorney or association of attorneys who receive public funds from any source for their services. Any action brought pursuant to this section shall be set for hearing as soon as practicable after the cause is at issue.

9. If in any action, including a class action, the court issues an order requiring a taxing authority to revise the tax rates as provided in this section or enjoins a taxing authority from the collection of a tax because of its failure to revise the rate of levy as provided in this section, any taxpayer paying his or her taxes when an improper rate is applied has erroneously paid his or her taxes in part, whether or not the taxes are paid under protest as provided in section 139.031, RSMo. The part of the taxes paid erroneously is the difference in the amount produced by the original levy and the amount produced by the revised levy. The township or county collector of taxes or the collector of taxes in any city shall refund the amount of the tax erroneously paid. The taxing authority refusing to revise the rate of levy as provided in this section shall make available to the collector all funds necessary to make refunds pursuant to this subsection. No taxpayer shall receive any interest on any money erroneously paid by him or her pursuant to this subsection. Effective in the 1994 tax year, nothing in this section shall be construed to require a taxing authority to refund any tax erroneously paid prior to or during the third tax year preceding the current tax year.

10. A taxing authority, including but not limited to a township, county collector, or collector of taxes, responsible for determining and collecting the amount of residential real property tax levied in its jurisdiction, shall report such amount of tax collected by December thirty-first of each year such property is assessed, to the state tax commission. The state tax commission shall compile the tax data by county or taxing jurisdiction and submit a report to the general assembly no later than January thirty-first of the following year.

137.115. REAL AND PERSONAL PROPERTY, ASSESSMENT — MAINTENANCE PLAN — ASSESSOR MAY MAIL FORMS FOR PERSONAL PROPERTY — CLASSES OF PROPERTY, ASSESSMENT — PHYSICAL INSPECTION REQUIRED, WHEN, PROCEDURE. — 1. All other laws to the contrary notwithstanding, the assessor or the assessor's deputies in all counties of this state including the city of St. Louis shall annually make a list of all real and tangible personal property taxable in the assessor's city, county, town or district. Except as otherwise provided in subsection 3 of this section, the assessor shall annually assess all personal property at thirty-three and one-third percent of its true value in money as of January first of each calendar year. The assessor shall annually assess all real property, including any new construction and improvements to real property, and possessory interests in real property at the percent of its true value in money set in subsection 5 of this section. The assessor shall annually assess all real property in the following manner: new assessed values shall be determined as of January first of each odd-numbered year and shall be entered in the assessor's books; those same assessed values shall apply in the following even-numbered year, except for new construction and property improvements which shall be valued as though they had been completed as of January first of the preceding odd-numbered year. The assessor may call at the office, place of doing business, or residence of each person required by this chapter to list property, and require the person to make a correct

statement of all taxable real property in the county owned by the person, or under his or her care, charge or management, and all taxable tangible personal property owned by the person or under his or her care, charge or management, taxable in the county. On or before January first of each even-numbered year, the assessor shall prepare and submit a two-year assessment maintenance plan to the county governing body and the state tax commission for their respective approval or modification. The county governing body shall approve and forward such plan or its alternative to the plan to the state tax commission by February first. If the county governing body fails to forward the plan or its alternative to the plan to the state tax commission by February first, the assessor's plan shall be considered approved by the county governing body. If the state tax commission fails to approve a plan and if the state tax commission and the assessor and the governing body of the county involved are unable to resolve the differences, in order to receive state cost-share funds outlined in section 137.750, the county or the assessor shall petition the administrative hearing commission, by May first, to decide all matters in dispute regarding the assessment maintenance plan. Upon agreement of the parties, the matter may be stayed while the parties proceed with mediation or arbitration upon terms agreed to by the parties. The final decision of the administrative hearing commission shall be subject to judicial review in the circuit court of the county involved. In the event a valuation of subclass (1) real property within any county of the first classification with a charter form of government, or within a city not within a county, is made by a computer, computer-assisted method or a computer program, the burden of proof, supported by clear, convincing and cogent evidence to sustain such valuation, shall be on the assessor at any hearing or appeal. In any such county, unless the assessor proves otherwise, there shall be a presumption that the assessment was made by a computer, computer-assisted method or a computer program. Such evidence shall include, but shall not be limited to, the following:

(1) The findings of the assessor based on an appraisal of the property by generally accepted appraisal techniques; and

(2) The purchase prices from sales of at least three comparable properties and the address or location thereof. As used in this paragraph, the word "comparable" means that:

(a) Such sale was closed at a date relevant to the property valuation; and

(b) Such properties are not more than one mile from the site of the disputed property, except where no similar properties exist within one mile of the disputed property, the nearest comparable property shall be used. Such property shall be within five hundred square feet in size of the disputed property, and resemble the disputed property in age, floor plan, number of rooms, and other relevant characteristics.

2. Assessors in each county of this state and the city of St. Louis may send personal property assessment forms through the mail.

3. The following items of personal property shall each constitute separate subclasses of tangible personal property and shall be assessed and valued for the purposes of taxation at the following percents of their true value in money:

(1) Grain and other agricultural crops in an unmanufactured condition, one-half of one percent;

(2) Livestock, twelve percent;

(3) Farm machinery, twelve percent;

(4) Motor vehicles which are eligible for registration as and are registered as historic motor vehicles pursuant to section 301.131, RSMo, and aircraft which are at least twenty-five years old and which are used solely for noncommercial purposes and are operated less than fifty hours per year or aircraft that are home built from a kit, five percent;

(5) Poultry, twelve percent; and

(6) Tools and equipment used for pollution control and tools and equipment used in retooling for the purpose of introducing new product lines or used for making improvements to existing products by any company which is located in a state enterprise zone and which is

identified by any standard industrial classification number cited in subdivision (6) of section 135.200, RSMo, twenty-five percent.

4. The person listing the property shall enter a true and correct statement of the property, in a printed blank prepared for that purpose. The statement, after being filled out, shall be signed and either affirmed or sworn to as provided in section 137.155. The list shall then be delivered to the assessor.

5. All subclasses of real property, as such subclasses are established in section 4(b) of article X of the Missouri Constitution and defined in section 137.016, shall be assessed at the following percentages of true value:

- (1) For real property in subclass (1), nineteen percent;
- (2) For real property in subclass (2), twelve percent; and
- (3) For real property in subclass (3), thirty-two percent.

6. Manufactured homes, as defined in section 700.010, RSMo, which are actually used as dwelling units shall be assessed at the same percentage of true value as residential real property for the purpose of taxation. The percentage of assessment of true value for such manufactured homes shall be the same as for residential real property. If the county collector cannot identify or find the manufactured home when attempting to attach the manufactured home for payment of taxes owed by the manufactured home owner, the county collector may request the county commission to have the manufactured home removed from the tax books, and such request shall be granted within thirty days after the request is made; however, the removal from the tax books does not remove the tax lien on the manufactured home if it is later identified or found. A manufactured home located in a manufactured home rental park, rental community or on real estate not owned by the manufactured home owner shall be considered personal property. A manufactured home located on real estate owned by the manufactured home owner may be considered real property.

7. Each manufactured home assessed shall be considered a parcel for the purpose of reimbursement pursuant to section 137.750, unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, and assessed as a realty improvement to the existing real estate parcel.

8. Any amount of tax due and owing based on the assessment of a manufactured home shall be included on the personal property tax statement of the manufactured home owner unless the manufactured home has been converted to real property in compliance with section 700.111, RSMo, in which case the amount of tax due and owing on the assessment of the manufactured home as a realty improvement to the existing real estate parcel shall be included on the real property tax statement of the real estate owner.

9. The assessor of each county and each city not within a county shall use the trade-in value published in the October issue of the National Automobile Dealers' Association Official Used Car Guide, or its successor publication, as the recommended guide of information for determining the true value of motor vehicles described in such publication. In the absence of a listing for a particular motor vehicle in such publication, the assessor shall use such information or publications which in the assessor's judgment will fairly estimate the true value in money of the motor vehicle.

10. [If] **Before** the assessor [increases] **may increase** the assessed valuation of any parcel of subclass (1) real property by more than [seventeen] **fifteen** percent since the last assessment, excluding increases due to new construction or improvements, [then] the assessor shall conduct a physical inspection of such property.

11. If a physical inspection is required, pursuant to subsection 10 of this section, the assessor shall notify the property owner of that fact in writing and shall provide the owner clear written notice of the owner's rights relating to the physical inspection. If a physical inspection is required, the property owner may request that an interior inspection be performed during the physical inspection. The owner shall have no less than thirty days to notify the assessor of a request for an interior physical inspection.

12. A physical inspection, as required by subsection 10 of this section, shall include, but not be limited to, an on-site personal observation and review of all exterior portions of the land and any buildings and improvements to which the inspector has or may reasonably and lawfully gain external access, and shall include an observation and review of the interior of any buildings or improvements on the property upon the timely request of the owner pursuant to subsection 11 of this section. Mere observation of the property via a "drive-by inspection" or the like shall not be considered sufficient to constitute a physical inspection as required by this section.

13. A county or city collector may accept credit cards as proper form of payment of outstanding property tax due. No county or city collector may charge surcharge for payment by credit card which exceeds the fee or surcharge charged by the credit card bank for its service.

14. The provisions of sections 137.073, 137.115, 138.060 and 138.100 of this act shall become effective January 1, 2003 for any taxing jurisdiction which is partly or entirely within a county with a charter form of government with greater than one million inhabitants, and the provisions of sections 137.073, 137.115, 138.060 and 138.100 of this act shall become effective January 1, 2005 for all taxing jurisdictions in this state. Any county in this state may, by an affirmative vote of the governing body of such county, opt into the provisions of this act prior to January 1, 2005.

138.060. APPEALS FROM ASSESSOR'S VALUATION, NO PRESUMPTION THAT VALUATION IS CORRECT, BURDEN OF PROOF IN CERTAIN COUNTIES — ERRONEOUS ASSESSMENTS — HEARING, LIMITATION ON ASSESSOR'S TESTIMONY OF EVALUATION. — 1. The county board of equalization shall, in a summary way, determine all appeals from the valuation of property made by the assessor, and shall correct and adjust the assessment accordingly. There shall be no presumption that the assessor's valuation is correct. **In any county with a charter form of government with a population greater than two hundred eighty thousand inhabitants but less than two hundred eighty-five thousand inhabitants, and in any county with a charter form of government with greater than one million inhabitants, and in any city not within a county, the assessor shall have the burden to prove that the assessor's valuation does not exceed the true market value of the subject property. In such county or city, in the event a physical inspection of the subject property is required by subsection 10 of section 137.115, RSMo, the assessor shall have the burden to establish the manner in which the physical inspection was performed and shall have the burden to prove that the physical inspection was performed in accordance with section 137.115, RSMo. In such county or city, in the event the assessor fails to provide sufficient evidence to establish that the physical inspection was performed in accordance with section 137.115, RSMo, the property owner shall prevail on the appeal as a matter of law.** At any hearing before the state tax commission or a court of competent jurisdiction of an appeal of assessment from a first class charter county or a city not within a county, the assessor shall not advocate nor present evidence advocating a valuation higher than that value finally determined by the assessor or the value determined by the board of equalization, whichever is higher, for that assessment period.

2. The county clerk shall keep an accurate record of the proceedings and orders of the board, and the assessor shall correct all erroneous assessments, and the clerk shall adjust the tax book according to the orders of such board and the orders of the state tax commission, except that in adding or deducting such percent to each tract or parcel of real estate as required by such board or state tax commission, he shall add or deduct in each case any fractional sum of less than fifty cents, so that the value of any separate tract shall contain no fractions of a dollar.

138.100. RULES — HEARINGS (COUNTIES OF THE FIRST CLASSIFICATION). — 1. The following rules shall be observed by such county boards of equalization:

(1) They shall raise the valuation of all tracts or parcels of land and all tangible personal property as in their opinion have been returned below their real value; but, after the board has raised the valuation of such property, notice shall be given that said valuation of such property has been increased and a hearing shall be granted; such notice shall be in writing and shall be directed to the owner of the property or the person controlling the same, at his last address as shown by the records in the assessor's office, and shall describe the property and the value thereof as increased; such notice may be by personal service or by mail and if the address of such person or persons is unknown, notice may be given by publication in two newspapers published within the county; such notice shall be served, mailed or published at least five days prior to the date on which said hearing shall be held at which objections, if any, may be made against said increased assessment;

(2) They shall reduce the valuation of such tracts or parcels of land or of any tangible personal property which, in their opinion, has been returned above its true value as compared with the average valuation of all the real and tangible personal property of the county.

2. Such hearings shall end on the last Saturday of July of each year; provided, that the estimated true value of personal property as shown on any itemized personal property return shall not be conclusive on the assessor or prevent the assessor from increasing such valuation. Provided further that said board of equalization shall meet thereafter at least once a month for the purpose of hearing allegations of erroneous assessments, double assessments and clerical errors, and upon satisfactory proof thereof shall correct such errors and certify the same to the county clerk and county collector.

3. The board of equalization in all counties with a charter form of government shall provide the taxpayer with written findings of fact and a written basis for the board's decision regarding any parcel of real property which is the subject of a hearing before any board of equalization.

144.1000. CITATION OF ACT. — Sections 144.1000 to 144.1015 shall be known as and referred to as the "Simplified Sales and Use Tax Administration Act".

144.1006. MULTISTATE DISCUSSIONS PERMITTED, STATE REPRESENTATION, DUTIES. — For the purposes of reviewing and, if necessary, amending the agreement embodying the simplification recommendations contained in section 144.1015, the state may enter into multistate discussions. For purposes of such discussions, the state shall be represented by

seven delegates, one of whom shall be appointed by the governor, two members appointed by the speaker of the house of representatives, one member appointed by the minority leader of the house of representatives, two members appointed by the president pro tempore of the senate and one member appointed by the minority leader of the senate. The delegates need not be members of the general assembly and at least one of the delegates appointed by the speaker of the house of representatives and one member appointed by the president pro tempore of the senate shall be from the private sector and represent the interests of Missouri businesses. The delegates shall recommend to the committees responsible for reviewing tax issues in the senate and the house of representatives each year any amendment of state statutes required to be substantially in compliance with the agreement. Such delegates shall make a written report by the fifteenth day of January each year regarding the status of the multistate discussions and upon final adoption of the terms of the sales and use tax agreement by the multistate body.

144.1009. AGREEMENTS NOT TO INVALIDATE OR AMEND STATE LAW — ACTION OF GENERAL ASSEMBLY REQUIRED FOR IMPLEMENTATION OF CONDITIONS, PROCEDURE. — No provision of the agreement authorized by sections 144.1000 to 144.1015 in whole or in part invalidates or amends any provision of the law of this state. Implementation of any condition of this agreement in this state, whether adopted before, at, or after membership of this state in the agreement, must be by action of the general assembly. Such report shall be delivered to the governor, the secretary of state, the president pro tempore of the senate and the speaker of the house of representatives and shall simultaneously be made publicly available by the secretary of state to any person requesting a copy.

144.1012. ELEMENTS OF AGREEMENT, NUMBER OF DELEGATES NECESSARY TO ENTER INTO. — Unless five of the seven delegates agree, the delegates shall not enter into or vote for any streamlined sales and use tax agreement that:

- (1) Requires adoption of a definition of any term that would cause any item or transaction that is now excluded or exempted from sales or use tax to become subject to sales or use tax;
- (2) Requires the state of Missouri to fully exempt or fully apply sales taxes to the sale of food or any other item;
- (3) Restricts the ability of local governments under statutes in effect on August 28, 2002, to enact one or more local taxes on one or more items without application of the tax to all sales within the taxing jurisdiction, however, restriction of any such taxes allowed by statutes effective after August 28, 2002, may be supported;
- (4) Provides for adoption of any uniform rate structure that would result in a tax increase for any Missouri taxpayer;
- (5) Affects the sourcing of sales tax transactions; or
- (6) Prohibits limitations or thresholds on the application of sales and use tax rates or prohibits any current sales or use tax exemption in the state of Missouri, including exemptions that are based on the value of the transaction or item.

144.1015. FEATURES OF AGREEMENT TO BE CONSIDERED. — In addition to the requirements of section 144.1012, the delegates should consider the following features when deciding whether or not to enter into any streamlined sales and use tax agreement:

- (1) The agreement should address the limitation of the number of state rates over time;
- (2) The agreement should establish uniform standards for administration of exempt sales and the form used for filing sales and use tax returns and remittances;

(3) The agreement should require the state to provide a central, electronic registration system that allows a seller to register to collect and remit sales and use taxes for all signatory states;

(4) The agreement should provide that registration with the central registration system and the collection of sales and use taxes in the signatory states will not be used as a factor in determining whether the seller has nexus with a state for any tax;

(5) The agreement should provide for reduction of the burdens of complying with local sales and use taxes through the following so long as they do not conflict with the provisions of section 144.1012:

(a) Restricting variances between the state and local tax bases;

(b) Requiring states to administer any sales and use taxes levied by local jurisdictions within the state so that sellers collecting and remitting these taxes will not have to register or file returns with, remit funds to, or be subject to independent audits from local taxing jurisdictions;

(c) Restricting the frequency of changes in the local sales and use tax rates and setting effective dates for the application of local jurisdictional boundary changes to local sales and use taxes; and

(d) Providing notice of changes in local sales and use tax rates and of changes in the boundaries of local taxing jurisdictions;

(6) The agreement should outline any monetary allowances that are to be provided by the states to sellers or certified service providers. The agreement must allow for a joint public and private sector study of the compliance cost on sellers and certified service providers to collect sales and use taxes for state and local governments under various levels of complexity to be completed by July 1, 2003;

(7) The agreement should require each state to certify compliance with the terms of the agreement prior to joining and to maintain compliance, under the laws of the member state, with all provisions of the agreement while a member, only if the agreement and any amendment thereto complies with the provisions of section 144.1012;

(8) The agreement should require each state to adopt a uniform policy for certified service providers that protects the privacy of consumers and maintains the confidentiality of tax information; and

(9) The agreement should provide for the appointment of an advisory council of private sector representatives and an advisory council of nonmember state representatives to consult with in the administration of the agreement.

620.012. ATTORNEY GENERAL TO REVIEW TAX ABATEMENT AGREEMENTS, PROCEDURE — TERMINATION DATE. — 1. Notwithstanding any other provision of law, before the director of revenue enters into any agreement to abate all or part of a taxpayer's liability to the state, including interest and additions to tax, the director shall forward a copy of the agreement to the attorney general before entering into such agreement.

2. Upon receiving the proposed agreement, the attorney general shall, within ten days, review and approve such agreement for its legal form and content as may be necessary to protect the legal interest of the state. If the attorney general does not approve, then the attorney general shall return the agreement with additional proposed provisions as may be necessary to the proper enforcement of the agreement as required to protect the state's legal interest. If the attorney general does not respond within ten days, or in the case of any agreement that involves an abatement of the taxpayer's tax liability, including interest and additions to tax, to the state of one million dollars or more, within thirty days, the agreement shall be deemed approved.

3. Communications related to the attorney general's review are attorney-client communications. The attorney general's written disposition shall be subject to chapter 610, RSMo.

4. The provisions of this section shall terminate January 1, 2005.

SECTION 1. REAL AND PERSONAL PROPERTY ASSESSMENT, CERTAIN REQUIREMENTS FOR PHYSICAL INSPECTION APPLICABLE TO ST. LOUIS COUNTY ONLY. — The provisions of subsections 11 and 12 of section 137.115, RSMo, shall only apply in any county with a charter form of government with more than one million inhabitants.

SECTION 2. COUNTY BOARDS OF EQUALIZATION, CERTAIN WRITTEN MATERIALS TO BE PROVIDED IN ST. LOUIS COUNTY ONLY. — The provisions of subsection 3 of section 138.100, RSMo, shall only apply in any county with a charter form of government with more than one million inhabitants.

SECTION B. EMERGENCY CLAUSE. — Because of the immediate need to secure adequate state revenue, this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and this act shall be in full force and effect upon its passage and approval, but not before July 1, 2002.

SECTION

A. Enacting clause.

469.411. Determination of unitrust amount — definitions — exclusions to net fair market value of assets — applicability of section to certain trusts.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 469.411, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 469.411, to read as follows:

469.411. DETERMINATION OF UNITRUST AMOUNT — DEFINITIONS — EXCLUSIONS TO NET FAIR MARKET VALUE OF ASSETS — APPLICABILITY OF SECTION TO CERTAIN TRUSTS. — 1. If the provisions of this section apply to a trust, the unitrust amount shall be determined as follows:

(1) For the first three accounting periods of the trust, the unitrust amount for a current valuation year of the trust shall be three percent, or any higher percentage specified by the terms of the governing instrument or by the election made in accordance with subdivision (2) of subsection 5 of this section, of the net fair market values of the assets held in the trust on the first business day of the current valuation year;

(2) Beginning with the fourth accounting period of the trust, the unitrust amount for a current valuation year of the trust shall be three percent, or any higher percentage specified by the terms of the governing instrument or by the election made in accordance with subdivision (2) of subsection 5 of this section, of the average of the net fair market values of the assets held in the trust on the first business day of the current valuation year and the net fair market values of the assets held in the trust on the first business day of each prior valuation year;

(3) The unitrust amount for the current valuation year computed pursuant to subdivision (1) or (2) of this subsection shall be proportionately reduced for any distributions, in whole or in part, other than distributions of the unitrust amount, and for any payments of expenses, including debts, disbursements and taxes, from the trust within a current valuation year that the trustee determines to be material and substantial, and shall be proportionately increased for the receipt, other than a receipt that represents a return on investment, of any additional property into the trust within a current valuation year;

(4) For purposes of subdivision (2) of this subsection, the net fair market values of the assets held in the trust on the first business day of a prior valuation year shall be adjusted to reflect any reduction, in the case of a distribution or payment, or increase, in the case of a receipt, for the prior valuation year pursuant to subdivision (3) of this subsection, as if the distribution, payment or receipt had occurred on the first day of the prior valuation year;

(5) In the case of a short accounting period, the trustee shall prorate the unitrust amount on a daily basis;

(6) In the case where the net fair market value of an asset held in the trust has been incorrectly determined either in a current valuation year or in a prior valuation year, the unitrust amount shall be increased in the case of an undervaluation, or be decreased in the case of an overvaluation, by an amount equal to the difference between the unitrust amount determined based on the correct valuation of the asset and the unitrust amount originally determined.

2. As used in this section, the following terms mean:

(1) "Current valuation year", the accounting period of the trust for which the unitrust amount is being determined;

(2) "Prior valuation year", each of the two accounting periods of the trust immediately preceding the current valuation year.

3. In determining the sum of the net fair market values of the assets held in the trust for purposes of subdivisions (1) and (2) of subsection 1 of this section, there shall not be included the value of:

(1) Any residential property or any tangible personal property that, as of the first business day of the current valuation year, one or more income beneficiaries of the trust have or had the right to occupy, or have or had the right to possess or control, other than in a capacity as trustee, and instead the right of occupancy or the right to possession or control shall be deemed to be the unitrust amount with respect to the residential property or the tangible personal property; or

(2) Any asset specifically given to a beneficiary under the terms of the trust and the return on investment on that asset, which return on investment shall be distributable to the beneficiary.

4. In determining the net fair market value of each asset held in the trust pursuant to subdivisions (1) and (2) of subsection 1 of this section, the trustee shall, not less often than annually, determine the fair market value of each asset of the trust that consists primarily of real property or other property that is not traded on a regular basis in an active market by appraisal or other reasonable method or estimate, and that determination, if made reasonably and in good faith, shall be conclusive as to all persons interested in the trust. Any claim based on a determination made pursuant to this subsection shall be barred if not asserted in a judicial proceeding brought by any beneficiary with any interest whatsoever in the trust within two years after the trustee has sent a report to all qualified beneficiaries that adequately discloses the facts constituting the claim. The rules set forth in subsection 2 of section 469.409 shall apply to the barring of claims pursuant to this subsection.

5. This section shall apply to the following trusts:

(1) Any trust created after August 28, 2001, with respect to which the terms of the trust clearly manifest an intent that this section apply;

(2) Any trust created under an instrument that became irrevocable on or before August 28, 2001, if the trustee, in the trustee's discretion, elects to have this section apply two years from August 28, 2001, unless the instrument creating the trust provides otherwise. The trustee shall deliver notice to all qualified beneficiaries and the settlor of the trust, if he or she is then living, of the trustee's intent to make such an election at least sixty days before making that election. The trustee shall have sole authority to make the election. Delivery of the notice to a person with respect to whom, pursuant to subdivision (2) of section 472.300, RSMo, an order would bind a beneficiary of the trust is delivery of notice to that beneficiary for all purposes of this subsection. An action or order by any court shall not be required. The election shall be made by a signed writing delivered to the settlor of the trust, if he or she is then living, and to all qualified beneficiaries. The election is irrevocable, unless revoked by order of the court having jurisdiction of the trust. The election may specify the percentage used to determine the unitrust amount pursuant to this section, provided that such percentage is three percent or greater, or if no percentage is specified, then that percentage shall be three percent. In making an election pursuant to this subsection, the trustee shall be subject to the same limitations and conditions as apply to an adjustment between income and principal pursuant to subsections 3 and 4 of section [469.409] **469.405**;

(3) No action of any kind based on an election made or not made by a trustee pursuant to subdivision (2) of this subsection shall be brought against the trustee by any beneficiary of that trust three years from August 28, 2001.

(1) Lighting:

(a) No revolving or rotating beam or beacon of light that simulates any emergency light or device shall be permitted as part of any sign. The area shall be measured as established **herein and** in rules promulgated by the commission. In determining the size of a **conforming or nonconforming** sign structure, temporary cutouts and extensions installed for the length of a specific display contract shall not be [included in calculating] **considered a substantial increase to** the size of the permanent display; provided the actual square footage of such temporary cutouts or extensions may not exceed thirty-three percent of the permanent display area. **Signs erected in accordance with the provisions of sections 226.500 to 226.600 prior to the effective date of this provision which fail to meet the requirements of this provision shall be deemed legal nonconforming as defined herein;**

Stacked structures existing on or before August 28, 1999, in accordance with sections 226.500 to 226.600 shall [not] be deemed **legal nonconforming** [for failure to meet the requirements of this section until such sign's structure is modified, repaired, replaced or rebuilt] **and may be maintained in accordance with the provisions sections of 226.500 to 226.600.** Structures displaying more than one display on a horizontal basis shall be allowed, provided that total display areas do not exceed the maximum allowed square footage for a sign structure pursuant to the provisions of paragraph (a) of subdivision (2) of this section;

a. No sign structure shall be erected within [five hundred] **one thousand four hundred** feet of an existing sign on the same side of the highway;

b. Outside of incorporated municipalities, no structure may be located adjacent to or within five hundred feet of an interchange, intersection at grade, or safety rest area. Such five hundred feet shall be measured from the beginning or ending of the pavement widening at the exit from or entrance to the main traveled way. For purpose of this subparagraph, the term "incorporated municipalities" shall include "urban areas", except that such "urban areas" shall not be considered "incorporated municipalities" if it is finally determined that such would have the effect of making Missouri be in noncompliance with the requirements of Title 23, United States Code, Section 131;

a. Outside incorporated municipalities, no structure shall be erected within five hundred feet of an existing sign on the same side of the highway. Sign structures existing prior to August 28, 1999, which complied with the requirements of this section when erected shall not be deemed

nonconforming for failure to comply with the spacing provisions of this section until such sign's structure is modified, repaired, replaced or rebuilt;

b. Within incorporated municipalities, no structure shall be erected within five hundred feet of an existing sign. Sign structures existing prior to August 28, 1999, which complied with the requirements of this section when erected shall not be deemed nonconforming for failure to comply with the spacing provisions of this section until such sign's structure is modified, repaired, replaced or rebuilt;

(c)] The spacing between structure provisions of subdivision (3) of this section do not apply to signs which are separated by buildings, natural surroundings, or other obstructions in such manner that only one sign facing located within such distance is visible at any one time. Directional or other official signs or those advertising the sale or lease of the property on which they are located, or those which advertise activities on the property on which they are located, including products sold, shall not be counted, nor shall measurements be made from them for the purpose of compliance with spacing provisions;

[(d)] (c) No sign shall be located in such manner as to obstruct or otherwise physically interfere with the effectiveness of an official traffic sign, signal, or device or obstruct or physically interfere with a motor vehicle operator's view of approaching, merging, or intersecting traffic;

[(e)] (d) The measurements in this section shall be the minimum distances between outdoor advertising sign structures measured along the nearest edge of the pavement between points directly opposite the signs along each side of the highway and shall apply only to outdoor advertising sign structures located on the same side of the highway involved;

(4) As used in this section, the words "unzoned commercial and industrial land" shall be defined as follows: that area not zoned by state or local law or ordinance and on which there is located one or more permanent structures used for a commercial business or industrial activity or on which a commercial or industrial activity is actually conducted together with the area along the highway extending outwardly [six hundred] **seven hundred fifty** feet from and beyond the edge of such activity. All measurements shall be from the outer edges of the regularly used improvements, buildings, parking lots, landscaped, storage or processing areas of the commercial or industrial activity and along and parallel to the edge of the pavement of the highway. [On nonfreeway federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System, where there is an unzoned commercial or industrial area on one side of the road as described in this section, the term "unzoned commercial or industrial land" shall also include those lands directly opposite on the other side of the highway to the extent of the same dimensions.] Unzoned land shall not include:

(a) Land on the opposite side of [an interstate or freeway primary] **the** highway from an unzoned commercial or industrial area as defined in this section **and located adjacent to highways located on the interstate, federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended, unless the opposite side of the highway qualifies as a separate unzoned commercial or industrial area; or**

(b) Land zoned by a state or local law, regulation, or ordinance;

[(c) Land on the opposite side of a nonfreeway primary highway which is determined by the proper state authority to be a scenic area;]

As used in this section, the words "zoned commercial or industrial area" shall refer to those areas zoned commercial or industrial by the duly constituted zoning authority of a municipality, county, or other lawfully established political subdivision of the state, or by the state **and which is within seven hundred fifty feet of one or more permanent commercial or industrial activities.** [Unzoned] Commercial or industrial activities as used in this section are limited to those activities:

(a) In which the primary use of the property is commercial or industrial in nature;

(b) Which are clearly visible from the highway and recognizable as a commercial business;

(c) Which are permanent as opposed to temporary or transitory and of a nature that would customarily be restricted to commercial or industrial zoning in areas comprehensively zoned; and

(d) In determining whether the primary use of the property is commercial or industrial pursuant to paragraph (a) of this subdivision, the state highways and transportation commission shall consider the following factors:

a. The presence of a permanent and substantial building;

b. The existence of utilities and [required] **local** business licenses, if any, for the commercial activity;

c. On-premise signs or other identification;

d. [Communication with the business owner that can be accomplished at regular intervals either in person, by telephone, by fax machine, by electronic mail or by some other business means] **The presence of an owner or employee on the premises for at least twenty hours per week;**

(7) In zoned commercial and industrial areas, whenever a state, county or municipal zoning authority has adopted laws or ordinances which include regulations with respect to the size, lighting and spacing of signs, which regulations are consistent with the intent of sections 226.500 to 226.600 and with customary use, then from and after the effective date of such regulations, and so long as they shall continue in effect, the provisions of this section shall not apply to the erection of signs in such areas. Notwithstanding any other provisions of this section, after August 28, 1992, with respect to any outdoor advertising which is regulated by the provisions of subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527:

(a) No county or municipality shall issue a permit to allow a regulated sign to be newly erected without a permit issued by the state highways and transportation commission;

(b) A county or municipality may charge a reasonable one-time permit or inspection fee to assure compliance with local wind load and electrical requirements when the sign is first erected, but a county or municipality may not charge a permit or inspection fee for such sign after such initial fee. Changing the display face or performing routine maintenance shall not be considered as erecting a new sign;

(8) The state highways and transportation commission on behalf of the state of Missouri, may seek agreement with the Secretary of Transportation of the United States under Section 131 of Title 23, United States Code, as amended, that sections 226.500 to 226.600 are in conformance with that Section 131 and provides effective control of outdoor advertising signs as set forth therein. If such agreement cannot be reached and the penalties under subsection (b) of Section 131 are invoked, the attorney general of this state shall institute proceedings described in subsection (1) of that Section 131.

226.550. PERMITS, FEES FOR, EXEMPTION — PERMITS TO BE ISSUED FOR EXISTING SIGNS, EXCEPTIONS — BIENNIAL INSPECTION FEES, COLLECTION, DEPOSIT, EXCEPTIONS — PERMIT TO ERECT SIGN LAPSES, WHEN. — 1. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 shall be erected or maintained on or after August 28, 1992, without a one-time permanent permit issued by the state highways and transportation commission. Application for permits shall be made to the state highways and transportation commission on forms furnished by the commission and shall be accompanied by a permit fee of [twenty-eight dollars and fifty cents] **two hundred dollars** for all signs; except that, tax-exempt religious organizations as defined in subdivision (11) of section 313.005, RSMo, service organizations as defined in subdivision (12) of section 313.005, RSMo, veterans' organizations as defined in subdivision (14) of section 313.005, RSMo, and fraternal organizations as defined in subdivision (8) of section 313.005, RSMo, shall be granted a permit for signs less than seventy-six square feet without payment of the fee. In the event a permit holder fails to erect a sign structure within twenty-four months of issuance, said permit shall expire and a new permit must be obtained prior to any construction.

2. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 which was erected prior to August 28, 1992, shall be maintained without a one-time permanent permit for outdoor advertising issued by the state highways and transportation commission. If a one-time permanent permit was issued by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, it is not necessary for a new permit to be issued. If a one-time permanent permit was not issued for a lawfully erected and lawfully existing sign by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, a one-time permanent permit shall be issued by the commission for each sign which is lawfully in existence on the day prior to August 28, 1992, upon application and payment of a permit fee of [twenty-eight dollars and fifty cents] **two hundred dollars**. All applications and fees due pursuant to this subsection shall be submitted before December 31, 1992.

3. For purposes of sections 226.500 to 226.600, the terminology "structure lawfully in existence" or "lawfully existing" sign or outdoor advertising shall, nevertheless, include the following signs unless the signs violate the provisions of subdivisions (3) to (7) of subsection 1 of section 226.580:

(1) All signs erected prior to January 1, 1968;

(2) All signs erected before March 30, 1972, but on or after January 1, 1968, which would otherwise be lawful but for the failure to have a permit for such signs prior to March 30, 1972, except that any sign or structure which was not in compliance with sizing, spacing, lighting, or location requirements of sections 226.500 to 226.600 as the sections appeared in the revised statutes of Missouri 1969, wheresoever located, shall not be considered a lawfully existing sign or structure;

(3) All signs erected after March 30, 1972, which are in conformity with sections 226.500 to 226.600;

(4) All signs erected in compliance with sections 226.500 to 226.600, RSMo, prior to the effective date of this act.

4. On or after August 28, 1992, the state highways and transportation commission may, in addition to the fees authorized by subsections 1 and 2 of this section, collect a biennial inspection fee every two years after a state permit has been issued. Biennial inspection fees due after August 28, [1992] **2002, and prior to August 28, 2003**, shall be [twenty-eight dollars and fifty cents] **fifty dollars**. **Biennial inspection fees due on or after August 28, 2003, shall be seventy-five dollars. Biennial inspection fees due on or after August 28, 2004, shall be one hundred dollars;** except that, tax-exempt religious organizations as defined in subdivision (11) of section 313.005, RSMo, service organizations as defined in subdivision (12) of section 313.005, RSMo, veterans' organizations as defined in subdivision (14) of section 313.005,

RSMo, and fraternal organizations as defined in subdivision (8) of section 313.005, RSMo, shall not be required to pay such fee.

5. [In order to effect collection from a sign owner of delinquent and unpaid biennial inspection fees which are payable pursuant to this section, or delinquent removal costs pursuant to section 226.580, the state highways and transportation commission may require any delinquent fees to be paid before a permit is issued to the delinquent sign owner for any new sign.] **In order to effect the more efficient collection of biennial inspection fees, the state highways and transportation commission is encouraged to adopt a renewal system in which all permits on a particular county are renewed in the same month. In conjunction with the conversion to this renewal system, the state highways and transportation commission is specifically authorized to prorate renewal fees based on changes in renewal dates.**

6. Sign owners or owners of the land on which signs are located must apply to the state highways and transportation commission for biennial inspection and submit any fees as required by this section on or before December 31, 1992. For a permitted sign which does not have a permit, a permit shall be issued at the time of the next biennial inspection.

7. The state highways and transportation commission shall deposit all fees received for outdoor advertising permits and inspection fees in the state road fund, keeping a separate record of such fees, and the same may be expended by the commission in the administration of sections 226.500 to 226.600.

226.573. RULEMAKING — NEW TECHNOLOGY IN OUTDOOR ADVERTISING. — The state highways and transportation commission is authorized to adopt administrative rules regulating the use of new technology in outdoor advertising as allowed under federal regulations for federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after [August 28, 1999,] **the effective date of this section** shall be invalid and void.

226.580. UNLAWFUL SIGNS DEFINED — REMOVAL AUTHORIZED — NOTICE — OWNER MAY PROCEED, HOW — REMOVAL COSTS, HOW PAID — REVIEW OF ORDER, HOW — ORDER OF REMOVAL — REIMBURSEMENT TO OWNER, WHEN. — 1. The following outdoor advertising within six hundred sixty feet of the right-of-way of interstate or primary highways is deemed unlawful and shall be subject to removal:

(1) Signs erected after March 30, 1972, contrary to the provisions of sections 226.500 to 226.600 and signs erected on or after January 1, 1968, but before March 30, 1972, contrary to the sizing, spacing, lighting, or location provisions of sections 226.500 to 226.600 as they appeared in the revised statutes of Missouri 1969; or

(2) Signs for which a permit is not obtained or a biennial inspection fee is [not paid as prescribed in sections 226.500 to 226.600] **more than twelve months past due;** or

(3) Signs which are obsolete; (Signs shall not be considered obsolete solely because they temporarily do not carry an advertising message.) or

(4) Signs that are not in good repair; or

(5) Signs not securely affixed to a substantial structure; or

(6) Signs which attempt or appear to attempt to regulate, warn, or direct the movement of traffic or which interfere with, imitate, or resemble any official traffic sign, signal, or device; or

(7) Signs which are erected or maintained upon trees or painted or drawn upon rocks or other natural features.

2. Signs erected after August 13, 1976, beyond six hundred sixty feet of the right-of-way outside of urban areas, visible from the main traveled way of the interstate or primary system and erected with the purpose of their message being read from such traveled way, except those signs described in subdivisions (1) and (2) of section 226.520 are deemed unlawful and shall be subject to removal.

3. If a sign is deemed to be unlawful for any of the reasons set out in subsections 1 [and 2] **to 7** of this section, the state highways and transportation commission shall give notice either by certified mail or by personal service to the owner or occupant of the land on which advertising believed to be unlawful is located and the owner of the outdoor advertising structure. Such notice shall specify the basis for the alleged unlawfulness, shall specify the remedial action which is required to correct the unlawfulness and shall advise that a failure to take the remedial action within [thirty] **sixty** days will result in the sign being removed. Within [thirty] **sixty** days after receipt of the notice as to him, the owner of the land or of the structure may remove the sign or may take the remedial action specified or may file an action for administrative review pursuant to the provisions of sections 536.067 to 536.090, RSMo, to review the action of the state highways and transportation commission, or he may proceed under the provisions of section 536.150, RSMo, as if the act of the highways and transportation commission was one not subject to administrative review. Notwithstanding any other provisions of sections 226.500 to 226.600, no outdoor advertising structure erected prior to August 28, 1992, defined as a "structure lawfully in existence" or "lawfully existing", by subdivision (1), (2) or (3) of subsection 2 of section 226.550, shall be removed for failure to have a permit until a notice, as provided in this section, has been issued which shall specify failure to obtain a permit or pay a biennial inspection fee as the basis for alleged unlawfulness, and shall advise that failure to take the remedial action of applying for a permit or paying the inspection fee within [thirty] **sixty** days will result in the sign being removed. **Signs for which biennial inspection fees are delinquent shall not be removed unless the fees are more than twelve months past due and actual notice of the delinquency has been provided to the sign owner.** Upon application made within the [thirty-day] **sixty-day** period as provided in this section, and accompanied by the fee prescribed by section 226.550, together with any inspection fees that would have been payable if a permit had been timely issued, the state highways and transportation commission shall issue a one-time permanent permit for such sign. Such signs with respect to which permits are so issued are hereby determined by the state of Missouri to have been lawfully erected within the meaning of "lawfully erected" as that term is used in Title 23, United States Code, section 131(g), as amended, and shall only be removed upon payment of just compensation, except that the issuance of permits shall not entitle the owners of such signs to compensation for their removal if it is finally determined that such signs are not "lawfully erected" as that term is used in section 131(g) of Title 23 of the United States Code.

4. If **actual** notice as provided in this section is given and neither the remedial action specified is taken nor an action for review is filed, or if an action for review is filed and is finally adjudicated in favor of the state highways and transportation commission, the state highways and transportation commission shall have authority to immediately remove the unlawful outdoor advertising. The owner of the structure shall be liable for the costs of such removal. The commission shall incur no liability for causing this removal, except for damage caused by negligence of the commission, its agents or employees.

5. If notice as provided in this section is given and an action for review is filed under the provisions of section 536.150, RSMo, or if administrative review pursuant to the provisions of sections 536.067 to 536.090, RSMo, is filed and the state highways and transportation commission enters its final decision and order to remove the outdoor advertising structure, the advertising message contained on the structure shall be removed or concealed by the owner of the structure, at the owner's expense, until the action for judicial review is finally adjudicated.

If the owner of the structure refuses or fails to remove or conceal the advertising message, the commission may remove or conceal the advertising message and the owner of the structure shall be liable for the costs of such removal or concealment. The commission shall incur no liability for causing the removal or concealment of the advertising message while an action for review is pending, except if the owner finally prevails in its action for judicial review, the commission will compensate the owner at the rate the owner is actually receiving income from the advertiser pursuant to written lease from the time the message is removed until the judicial review is final.

6. Any signs advertising tourist oriented type business will be the last to be removed.

7. Any signs prohibited by section 226.527 which were lawfully erected prior to August 13, 1976, shall be removed pursuant to section 226.570.

8. The transportation department shall reimburse to the lawful owners of any said nonconforming signs that are now in existence as defined in sections 226.540, 226.550, 226.580 and 226.585, said compensation calculated and/or based on a fair market value and not mere replacement cost.

226.585. VEGETATION ALONG RIGHT-OF-WAY, CUTTING OF — TRANSPORTATION DEPARTMENT, DUTIES. — The state transportation department may cut and trim any vegetation on the highway right-of-way which interferes with the effectiveness of or obscures a lawfully erected billboard, or the highways and transportation commission shall promulgate reasonable rules and regulations to permit the cutting and trimming of such vegetation on the highway or right-of-way by the owner of such billboard. **The right to a vegetation permit by an outdoor advertising permit holder shall be issued in accordance with the current rules and regulations promulgated by the highways and transportation commission and shall not be denied without good cause.** Such rules and regulations shall be promulgated within twelve months after August 28, 1992, or the commission shall suspend the collection of the biennial inspection fees prescribed by section 226.550 until such rules are promulgated, and such rules may include authority to charge a reasonable fee for such [permission] **permit**. This section shall not apply if its implementation would have the effect of making Missouri be in noncompliance with requirements of Title 23, United States Code, section 131.

227.100. PUBLICATION OF NOTICES, WHERE — CONSTRUCTION BIDS — REJECTION — BOND REQUIRED. — 1. All contracts for the construction of said work shall be let to the lowest responsible bidder or bidders after notice and publication of an advertisement in a newspaper published in the county where the work is to be done, and in such other publications as the commission may determine[; provided, that in all cases where the project advertised shall be for the construction of more than ten miles of road, such advertisement shall provide for bids on sections of said road not to exceed ten miles, as well as on the project as a whole, and such contract shall then be let so as to provide for the most economical construction of said project].

2. Each bid shall be accompanied by a certified check or a cashier's check or a bid bond, guaranteed by a surety company authorized by the director of the department of insurance to conduct surety business in the state of Missouri, equal to five percent of the bid, which certified check, cashier's check, or bid bond shall be deposited with the commissioner as a guaranty and forfeited to the state treasurer to the credit of the state road fund in the event the successful bidder fails to comply with the terms of the proposal, and return to the successful bidder on execution and delivery of the performance bond provided for in subsection 4. The checks of the unsuccessful bidders shall be returned to them in accordance with the terms of the proposal.

3. All notices of the letting of contracts under this section shall state the time and place when and where bids will be received and opened, and all bids shall be sealed and opened only at the time and place mentioned in such notice and in the presence of some member of the commission or some person named by the commission for such purpose.

4. The successful bidders for the construction of said work shall enter into contracts furnished and prescribed by the commission and shall give good and sufficient bond, in a sum

equal to the contract price, to the state of Missouri, with sureties approved by the commission and to ensure the proper and prompt completion of said work in accordance with the provisions of said contracts, and plans and specifications; provided, that if, in the opinion of the majority of the members of the commission, the lowest bid or bids for the construction of any of the roads, or parts of roads, herein authorized to be constructed, shall be excessive, then, and in that event, said commission shall have the right, and it is hereby empowered and authorized to reject any or all bids, and to construct, under its own direction and supervision, all of such roads and bridges, or any part thereof.

227.107. DESIGN-BUILD PROJECT CONTRACTS PERMITTED, LIMITATIONS, DEFINITIONS
— WRITTEN PROCEDURES REQUIRED — SUBMISSION OF DETAILED DISADVANTAGED
BUSINESS ENTERPRISE PARTICIPATION PLAN — BID PROCESS — RULEMAKING AUTHORITY
— STATUS REPORT TO GENERAL ASSEMBLY — COST ESTIMATES TO BE PUBLISHED. — 1.

Notwithstanding any provision of section 227.100 to the contrary, as an alternative to the requirements and procedures specified by sections 227.040 to 227.100, the state highways and transportation commission is authorized to enter into highway design-build project contracts. The authority granted to the state highways and transportation commission by this section shall be limited to a total of three design-build project contracts. Two design-build projects authorized by this section shall be selected by the highways and transportation commission from 1992 fifteen year plan projects. Authority to enter into design-build projects granted by this section shall expire on July 1, 2012, unless extended by statute or upon completion of three projects, whichever is first.

2. For the purpose of this section a "design-builder" is defined as an individual, corporation, partnership, joint venture or other entity, including combinations of such entities making a proposal to perform or performing a design-build highway project contract.

3. For the purpose of this section, "design-build highway project contract" is defined as the procurement of all materials and services necessary for the design, construction, reconstruction or improvement of a state highway project in a single contract with a design-builder capable of providing the necessary materials and services.

4. For the purpose of this section, "highway project" is defined as the design, construction, reconstruction or improvement of highways or bridges under contract with the state highways and transportation commission, which is funded by state, federal or local funds or any combination of such funds.

5. In using a design-build highway project contract, the commission shall establish a written procedure by rule for prequalifying design-builders before such design-builders will be allowed to make a proposal on the project.

6. In any design-build highway project contract, whether involving state or federal funds, the commission shall require that each person submitting a request for qualifications provide a detailed disadvantaged business enterprise participation plan. The plan shall provide information describing the experience of the person in meeting disadvantaged business enterprise participation goals, how the person will meet the department of transportation's disadvantaged business enterprise participation goal and such other qualifications that the commission considers to be in the best interest of the state.

7. The commission is authorized to issue a request for proposals to a maximum of five design-builders prequalified in accordance with subsection 5 of this section.

8. The commission may require approval of any person performing subcontract work on the design-build highway project.

9. The bid bond and performance bond requirements of section 227.100 and the payment bond requirements of section 107.170, RSMo, shall apply to the design-build highway project.

10. The commission is authorized to prescribe the form of the contracts for the work.

11. The commission is empowered to make all final decisions concerning the performance of the work under the design-build highway project contract, including claims for additional time and compensation.

12. The provisions of sections 8.285 to 8.291, RSMo, shall not apply to the procurement of architectural, engineering or land surveying services for the design-build highway project, except that any person providing architectural, engineering or land surveying services for the design-builder on the design-build highway project must be licensed in Missouri to provide such services.

13. The commission shall pay a reasonable stipend to prequalified responsive design-builders who submit a proposal, but are not awarded the design-build highway project.

14. The commission shall comply with the provisions of any act of congress or any regulations of any federal administrative agency which provides and authorizes the use of federal funds for highway projects using the design-build process.

15. The commission shall promulgate administrative rules to implement this section or to secure federal funds. Such rules shall be published for comment in the Missouri Register and shall include prequalification criteria, the make-up of the prequalification review team, specifications for the design criteria package, the method of advertising, receiving and evaluating proposals from design-builders, the criteria for awarding the design-build highway project based on the design criteria package and a separate proposal stating the cost of construction, and other methods, procedures and criteria necessary to administer this section.

16. The commission shall make a status report to the members of the general assembly and the governor following the award of the design-build project, as an individual component of the annual report submitted by the commission to the joint transportation oversight committee in accordance with the provisions of section 21.795, RSMo. The annual report prior to advertisement of the design-build highway project contracts shall state the goals of the project in reducing costs and/or the time of completion for the project in comparison to the design-bid-build method of construction and objective measurements to be utilized in determining achievement of such goals. Subsequent annual reports shall include: the time estimated for design and construction of different phases or segments of the project and the actual time required to complete such work during the period; the amount of each progress payment to the design-builder during the period and the percentage and a description of the portion of the project completed regarding such payment; the number and a description of design change orders issued during the period and the cost of each such change order; upon substantial and final completion, the total cost of the design-build highway project with a breakdown of costs for design and construction; and such other measurements as specified by rule. The annual report immediately after final completion of the project shall state an assessment of the advantages and disadvantages of the design-build method of contracting for highway and bridge projects in comparison to the design-bid-build method of contracting and an assessment of whether the goals of the project in reducing costs and/or the time of completion of the project were met.

17. The commission shall give public notice of a request for qualifications in at least two public newspapers that are distributed wholly or in part in this state and at least one construction industry trade publication that is distributed nationally.

18. The commission shall publish its cost estimates of the design-build highway project award and the project completion date along with its public notice of a request for qualifications of the design-build project.

19. If the commission fails to receive at least two responsive submissions from design-builders considered qualified, submissions shall not be opened and it shall readvertise the project.

305.230. AERONAUTICS PROGRAM, HIGHWAYS AND TRANSPORTATION COMMISSION TO ADMINISTER — PURPOSES — AVIATION TRUST FUND, ADMINISTRATION, USES — APPROPRIATION — IMMEDIATE AVAILABILITY OF FUNDS IN THE EVENT OF A DISASTER. —

1. The state highways and transportation commission shall administer an aeronautics program within this state. The [state] commission shall encourage, foster and participate with the political subdivisions of this state in the promotion and development of aeronautics. The [state] commission may provide financial assistance in the form of grants from funds appropriated for such purpose to any political subdivision or instrumentality of this state acting independently or jointly or to the owner or owners of any privately owned airport designated as a reliever by the Federal Aviation Administration for the planning, acquisition, construction, improvement or maintenance of airports, or for other aeronautical purposes.

2. Any political subdivision or instrumentality of this state or the owner or owners of any privately owned airport designated as a reliever by the Federal Aviation Administration receiving state funds for the purchase, construction, or improvement, except maintenance, of an airport shall agree before any funds are paid to it to control by ownership or lease the airport for a period equal to the useful life of the project as determined by the [state] commission following the last payment of state or federal funds to it. In the event an airport authority ceases to exist for any reason, this obligation shall be carried out by the governing body which created the authority.

3. Unless otherwise provided, grants to political subdivisions, instrumentalities or to the owner or owners of any privately owned airport designated as a reliever by the Federal Aviation Administration shall be made from the aviation trust fund. In making grants, the commission shall consider whether the local community has given financial support to the airport in the past. Priority shall be given to airports with local funding for the past five years with no reduction in such funding. The aviation trust fund is a revolving trust fund exempt from the provisions of section 33.080, RSMo, relating to the transfer of funds to the general revenue funds of the state by the state treasurer. All interest earned upon the balance in the aviation trust fund shall be deposited to the credit of the same fund.

4. The moneys in the aviation trust fund shall be administered by the [state] commission and, when appropriated, shall be used for the following purposes:

(1) As matching funds on an up to [eighty] **ninety** percent [state/twenty] **state/ten** percent local basis, except in the case where federal funds are being matched, when the ratio of state and local funds used to match the federal funds shall be fifty percent state/fifty percent local:

(a) For preventive maintenance of runways, taxiways and aircraft parking areas, and for emergency repairs of the same;

(b) For the acquisition of land for the development and improvement of airports;

(c) For the earthwork and drainage necessary for the construction, reconstruction or repair of runways, taxiways, and aircraft parking areas;

(d) For the construction, or restoration of runways, taxiways, or aircraft parking areas;

(e) For the acquisition of land or easements necessary to satisfy Federal Aviation Administration safety requirements;

(f) For the identification, marking or removal of natural or manmade obstructions to airport control zone surfaces and safety areas;

(g) For the installation of runway, taxiway, boundary, ramp, or obstruction lights, together with any work directly related to the electrical equipment;

(h) For the erection of fencing on or around the perimeter of an airport;

(i) For purchase, installation or repair of air navigational and landing aid facilities and communication equipment;

(j) For engineering related to a project funded under the provisions of this section and technical studies or consultation related to aeronautics;

(k) For airport planning projects including master plans and site selection for development of new airports, for updating or establishing master plans and airport layout plans at existing airports;

(l) For the purchase, installation, or repair of safety equipment and such other capital improvements and equipment as may be required for the safe and efficient operation of the airport;

(2) As total funds, with no local match:

(a) For providing air markers, windsocks, and other items determined to be in the interest of the safety of the general flying public;

(b) For the printing and distribution of state aeronautical charts and state airport directories on an annual basis, and a newsletter on a quarterly basis or the publishing and distribution of any public interest information deemed necessary by the [state] commission;

(c) For the conducting of aviation safety workshops;

(d) For the promotion of aerospace education;

(3) As total funds with no local match, up to five hundred thousand dollars per year may be used for the cost of operating existing air traffic control towers that do not receive funding from the Federal Aviation Administration or the **United States** Department of Defense, except no more than one hundred twenty-five thousand dollars per year may be used for any individual control tower.

5. In the event of a natural or manmade disaster which closes any runway or renders inoperative any electronic or visual landing aid at an airport, any funds appropriated for the purpose of capital improvements or maintenance of airports may be made immediately available for necessary repairs once they are approved by the [Missouri department of transportation] **commission**. For projects designated as emergencies by the [Missouri department of transportation] **commission**, all requirements relating to normal procurement of engineering and construction services are waived.

6. As used in this section, the term "instrumentality of the state" shall mean any state educational institution as defined in section 176.010, RSMo, or any state agency which owned or operated an airport on January 1, 1997, and continues to own or operate such airport.

A [five-dollar] **twenty-five dollar** examination fee shall be paid for [each test taken] **upon completion of such tests**.

(3) He has operated, for at least two years immediately preceding application for a commercial driver's license, a vehicle representative of the commercial motor vehicle the applicant drives or expects to drive.

6.] A commercial driver's license may not be issued to a person while the person is disqualified from driving a commercial motor vehicle, when a disqualification is pending in any state or while the person's driver's license is suspended, revoked, or canceled in any state; nor may a commercial driver's license be issued unless the person first surrenders in a manner

This section shall not prohibit factory installed tinted glass, the equivalent replacement thereof or tinting material applied to the upper portion of the motor vehicle's windshield which is normally tinted by the manufacturer of motor vehicle safety glass.

3. [A motor vehicle in violation of this section shall not be approved during any motor vehicle safety inspection required pursuant to sections 307.350 to 307.390.

4.] Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2001, shall be invalid and void.

[5.] 4. Any person who violates the provisions of this section is guilty of a class C misdemeanor.

[6.] 5. Any vehicle licensed with a historical license plate shall be exempt from the requirements of this section.

SECTION B. EMERGENCY CLAUSE. — Because immediate action is necessary to clarify the laws regarding tinted windows, section A of this act is deemed necessary for the immediate preservation of the public health, welfare, peace, and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and section A of this act shall be in full force and effect upon its passage and approval.

386.887. CONSUMER CLEAN ENERGY ACT — DEFINITIONS — PURCHASE AND SALE OF ELECTRIC ENERGY TO CUSTOMER-GENERATORS, RULES ADOPTED, CONTRACTS — NET ENERGY MEASUREMENT CALCULATED BY SUPPLIER — NET METERING NOT REQUIRED, WHEN. — 1. This section shall be known and may be cited as the "Consumer Clean Energy Act".

2. As used in this section, the following terms mean:

(1) "Commission", the public service commission of the state of Missouri;

(2) "Customer-generator", a consumer of electric energy who purchases electric energy from a retail electric energy supplier and is the owner of a qualified net metering unit;

(3) "Local distribution system", facilities for the distribution of electric energy to the ultimate consumer thereof;

(4) "Net energy metering", a measurement of the difference between the electric energy supplied to a customer-generator by a retail electric supplier and the electric energy generated by a customer-generator that is delivered to a local distribution system at the same point of interconnection;

(5) "Qualified net metering unit", an electric generation unit which:

(a) Is owned by a customer-generator;

(b) Is a hydrogen fuel cell or is powered by sun, wind or biomass;

(c) Has an electrical generating system with a capacity of not more than one hundred kilowatts;

(d) Is located on the premises that are owned, operated, leased or otherwise controlled by the customer-generator;

(e) Is interconnected and operates in parallel and in synchronization with a retail electric supplier; and

(f) Is intended primarily to offset part or all of the customer-generator's own electrical requirements;

(6) "Retail electric supplier" or "supplier", any person that sells electric energy to the ultimate consumer thereof;

(7) "Value of electric energy", the total resulting from the application of the appropriate rates, which may be time of use rates at the option of the supplier, to the quantity of electric energy produced from qualified net metering units or to the quantity of electric energy sold to customer-generators.

3. By August 28, 2003, each retail electric supplier shall adopt rates, charges, conditions and contract terms for the purchase from and the sale of electric energy to customer-generators. The commission, in consultation with the department and retail electric suppliers, shall develop a simple contract for such transactions and make it available to eligible customer-generators and retail electric suppliers. Upon agreement of the wholesale generator supplying electric energy to the retail electric supplier, at the option of the retail electric supplier, the purchase from the customer-generator may be by the wholesale generator. Any time of use or other rates charged for electric energy sold to customer-generators shall be the same as those made available to any other customers with the same net electric energy usage pattern including minimum bills and service availability charges. Rates for electric energy generated by the customer-generator from a qualified net generating unit and sold to the retail electric supplier or its wholesale generator shall be the avoided cost (time of use or non-time of use) of the generation used by the retail electric supplier to serve its other customers. Whenever a customer-generator with a qualified net generating unit uses any energy generation method entitled to eligibility under a minimum renewable energy generation requirement, the total amount of energy generated by that method shall be treated as generated by the generator providing electric energy to the retail electric supplier for purposes of such requirement. The wholesale generator, at the option of the retail electric supplier, shall receive credit for emissions avoided by the wholesale generator because of electric energy purchased by the wholesale generator or the retail electric supplier from a qualified net metering unit. If the supplier is required to file tariffs with the commission, the commission shall review the reasonableness of the charges provided in such tariffs.

4. Each retail electric supplier shall calculate the net energy measurement for a customer-generator in the following manner:

(1) The retail electric supplier shall individually measure both the electric energy produced and the electric energy consumed by the customer-generator during each billing period using an electric metering capable of such function, either by a single meter capable of registering the flow of electricity in two directions or by using multiple meters;

(2) If the value of the electric energy supplied by the retail electric supplier exceeds the value of the electric energy delivered by the customer-generator to the retail electric supplier during a billing period, then the customer-generator shall be billed for the net value of the electric energy supplied by the retail electric supplier in accordance with the rates, terms and conditions established by the retail electric supplier for customer-generators; and

(3) If the value of the electric energy generated by the customer-generator exceeds the value of the electric energy supplied by the retail electric supplier, then the customer-generator:

(a) Shall be billed for the appropriate customer charges for that billing period; and

(b) Shall be credited for the excess value of the electric energy generated and supplied to the retail electric supplier during the billing period, with this credit appearing on the bill for the following billing period.

5. A retail electric supplier shall not be required to provide net metering service with respect to additional customer-generators after the date during any calendar year on which the total generating capacity of all customer-generators with qualified net metering units served by that retail electric supplier is equal to or in excess of the lesser of ten thousand kilowatts or one-tenth of one percent of the capacity necessary to meet the company's aggregate customer peak demand for the preceding calendar year.

6. Each retail electric supplier shall maintain and make available to the public records of the total generating capacity of customer-generators of the supplier that are using net metering, the type of generating systems and energy source used by the electric generating systems which customer-generators use. Each such retail electric supplier shall notify the commission when the total generating capacity of such customer-generators is equal to or in excess of the lesser of ten thousand kilowatts or one-tenth of one percent of the capacity necessary to meet the company's aggregate customer peak demand for the preceding calendar year.

7. Each qualified net metering unit used by a customer-generator shall meet all applicable safety, performance, synchronization, interconnection and reliability standards established by the commission, the National Electrical Safety Code, National Electrical Code, the Institute of Electrical, Electronics Engineers, and Underwriters Laboratories. Each qualified net metering unit used by a customer-generator shall also meet all reasonable standards and requirements established by the retail electric supplier to enhance employee, consumer and public safety and the reliability of electric service to the customer-generator and other consumers receiving electric service from the retail electric supplier. Each qualified net metering unit used by a customer-generator shall also comply with all applicable local building, electrical and safety codes. The customer-generator shall obtain liability insurance coverage in amounts and coverage as set by the commission by rule applicable to all qualified net metering units.

8. The cost of meeting the standards of subsection 7 of this section and any cost to install additional controls, to install additional metering, to perform or pay for additional tests or analysis of the effect of the operation of the qualified net metering unit on the local distribution system shall be paid by the customer-generator.

9. Applications by a customer-generator for interconnection to the distribution system shall include a copy of the plans and specifications for the qualified net metering unit for review and acceptance by the retail electric supplier. Prior to connection of the qualified net metering unit to the distribution system, the customer-generator will furnish the retail electric supplier a certification from a qualified professional electrician or

engineer that the installation meets the requirements of subsection 7 of this section. Such applications shall be reviewed and responded to by the retail electric supplier within ninety days. If the application for interconnection is approved by the retail electric supplier, the retail electric supplier shall complete the interconnection within fifteen days if electric service already exists to the premises, unless a later date is mutually agreeable to both the customer-generator and the retail electric supplier.

10. The sale of qualified net metering units shall be subject to the provisions of sections 407.700 to 407.720, RSMo. The attorney general shall have the authority to promulgate in accordance with the provisions of chapter 536, RSMo, rules regarding mandatory disclosures of information by sellers of qualified net metering units. Such rules shall as a minimum require disclosure of the standards of subsection 7 of this section and potential liability of the owner or operator of a qualified net metering unit to third persons for personal injury or property damage as a result of negligent operation of a qualified net metering unit. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in this section shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are non-severable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

392.410. CERTIFICATE OF PUBLIC CONVENIENCE AND NECESSITY REQUIRED, EXCEPTION — CERTIFICATE OF INTEREXCHANGE SERVICE AUTHORITY, REQUIRED WHEN — DURATION OF CERTIFICATES — TEMPORARY CERTIFICATES, ISSUED WHEN — POLITICAL SUBDIVISIONS RESTRICTED FROM PROVIDING CERTAIN TELECOMMUNICATIONS SERVICES OR FACILITIES, EXPIRATION DATE. — 1. A telecommunications company not possessing a certificate of public convenience and necessity from the commission at the time this section goes into effect shall have not more than ninety days in which to apply for a certificate of service authority from the commission pursuant to this chapter unless a company holds a state charter issued in or prior to the year 1913 which charter authorizes a company to engage in the telephone business. No telecommunications company not exempt from this subsection shall transact any business in this state until it shall have obtained a certificate of service authority from the commission pursuant to the provisions of this chapter, except that any telecommunications company which is providing telecommunications service on September 28, 1987, and which has not been granted or denied a certificate of public convenience and necessity prior to September 28, 1987, may continue to provide that service exempt from all other requirements of this chapter until a certificate of service authority is granted or denied by the commission so long as the telecommunications company applies for a certificate of service authority within ninety days from September 28, 1987.

2. No telecommunications company offering or providing, or seeking to offer or provide, any interexchange telecommunications service shall do so until it has applied for and received a certificate of interexchange service authority pursuant to the provisions of subsection 1 of this section. No telecommunications company offering or providing, or seeking to offer or provide, any local exchange telecommunications service shall do so until it has applied for and received a certificate of local exchange service authority pursuant to the provisions of section 392.420.

3. No certificate of service authority issued by the commission shall be construed as granting a monopoly or exclusive privilege, immunity or franchise. The issuance of a certificate of service authority to any telecommunications company shall not preclude the commission from issuing additional certificates of service authority to another telecommunications company providing the same or equivalent service or serving the same geographical area or customers as any previously certified company, except to the extent otherwise provided by section 392.450.

4. Any certificate of public convenience and necessity granted by the commission to a telecommunications company prior to September 28, 1987, shall remain in full force and effect unless modified by the commission, and such companies need not apply for a certificate of service authority in order to continue offering or providing service to the extent authorized in such certificate of public convenience and necessity. Any such carrier, however, prior to substantially altering the nature or scope of services provided under a certificate of public convenience and necessity, or adding or expanding services beyond the authority contained in such certificate, shall apply for a certificate of service authority for such alterations or additions pursuant to the provisions of this section.

5. The commission may review and modify the terms of any certificate of public convenience and necessity issued to a telecommunications company prior to September 28, 1987, in order to ensure its conformity with the requirements and policies of this chapter. Any certificate of service authority may be altered or modified by the commission after notice and hearing, upon its own motion or upon application of the person or company affected. Unless exercised within a period of one year from the issuance thereof, authority conferred by a certificate of service authority or a certificate of public convenience and necessity shall be null and void.

6. The commission may issue a temporary certificate which shall remain in force not to exceed one year to assure maintenance of adequate service or to serve particular customers, without notice and hearing, pending the determination of an application for a certificate.

7. No political subdivision of this state shall provide or offer for sale, either to the public or to a telecommunications provider, a telecommunications service or telecommunications facility used to provide a telecommunications service for which a certificate of service authority is required pursuant to this section. Nothing in this subsection shall be construed to restrict a political subdivision from allowing the nondiscriminatory use of its rights-of-way including its poles, conduits, ducts and similar support structures by telecommunications providers or from providing to telecommunications providers, within the geographic area in which it lawfully operates as a municipal utility, telecommunications services or telecommunications facilities on a nondiscriminatory, competitively-neutral basis, and at a price which covers cost, including imputed costs that the political subdivision would incur if it were a for-profit business. Nothing in this subsection shall restrict a political subdivision from providing telecommunications services or facilities:

- (1) For its own use;
- (2) For 911, E-911 or other emergency services;
- (3) For medical or educational purposes;
- (4) To students by an educational institution; or

The provisions of this subsection shall expire on August 28, [2002] 2007.

393.310. CERTAIN GAS CORPORATIONS TO FILE SET OF EXPERIMENTAL TARIFFS WITH PSC, MINIMUM REQUIREMENTS — EXPIRATION DATE. — 1. This section shall only apply to gas corporations as defined in section 386.020, RSMo. This section shall not affect any existing laws and shall only apply to the program established pursuant to this section.

3. Each Missouri gas corporation shall file with the commission, by August 1, 2002, a set of experimental tariffs applicable the first year to public school districts and applicable to all school districts, whether charter, private, public, or parochial, thereafter.

4. The tariffs required pursuant to subsection 3 of this section shall, at a minimum:

(2) Provide for the resale of such natural gas supplies, including related transportation service costs, to the eligible school entities at the gas corporation's cost of purchasing of such gas supplies and transportation, plus all applicable distribution costs, plus an aggregation and balancing fee to be determined by the commission, not to exceed four-tenths of one cent per therm delivered during the first year; and

(3) Not require telemetry or special metering, except for individual school meters over one hundred thousand therms annually.

5. The commission may suspend the tariff as required pursuant to subsection 3 of this section for a period ending no later than November 1, 2002, and shall approve such tariffs upon finding that implementation of the aggregation program set forth in such tariffs will not have any negative financial impact on the gas corporation, its other customers or local taxing authorities, and that the aggregation charge is sufficient to generate revenue at least equal to all incremental costs caused by the experimental aggregation program.

6. The commission may adopt by order such other procedures not inconsistent with this section which the commission determines are reasonable or necessary to administer the experimental program.

7. This section shall terminate June 30, 2005.

Any contract entered into pursuant to this subdivision shall contain a provision that the requirements of sections 290.210 to 290.340, RSMo, shall apply;

(9) Purchase, sell, exchange, transmit, treat, dispose or distribute water, sewage, gas, heat or electric power and energy, or any by-product resulting therefrom, within and outside the state, in such amounts as it shall determine to be necessary and appropriate to make the most effective use of its powers and to meet its responsibilities, and to enter into agreements with any person with respect to such purchase, sale, exchange, treatment, disposal or transmission, on such terms and for such period of time as its board of directors shall determine. 2. When a municipality purchases a privately owned water utility and a commission is created pursuant to sections 393.700 to 393.770, the commission may continue to serve those locations previously receiving water from the private utility even though the location receives such service outside the geographical area of the municipalities forming the commission. New water service may be provided in such areas if the site to receive such service is located within one-fourth of a mile from a site serviced by the privately owned water utility.

3. When a commission created by any of the contracting entities listed in subdivision (4) of section 393.705 becomes a successor to any nonprofit water corporation, nonprofit sewer corporation or other nonprofit agency or entity organized to provide water or sewer service, the commission may continue to serve, as well as provide new service to, those locations and areas previously receiving water or sewer service from such nonprofit entity, regardless of whether or not such location receives such service outside the geographical service area of the contracting

393.725. BONDS ISSUED TO BE REVENUE BONDS ONLY — FORM OF BONDS. — 1. Bonds issued pursuant to sections 393.700 to 393.770 by a commission shall be payable, as to the principal and interest, solely from the net revenues derived by the commission from the operation of the commission's project or projects, after providing for the costs of operation and maintenance of the commission's project or projects, or from any other funds made available to the commission from sources other than from proceeds of taxation.

2. Each bond issued pursuant to the provisions of sections 393.700 to 393.770 shall contain a statement that such bond is not an indebtedness of the state, or of any political subdivision thereof, other than the joint municipal utility commission, or of the contracting municipalities, the contracting public water supply districts or the contracting sewer districts, but shall be special obligations of the commission only and that neither the faith and credit nor the taxing power of the state or of any political subdivision thereof, or of the contracting municipalities, contracting public water supply districts or contracting sewer districts is pledged to the payment of or the interest on such bonds. The bonds shall not be deemed to be an indebtedness within the meaning of any constitutional or statutory limitation upon the incurring of indebtedness. Neither the members of the board of directors of a commission nor any person executing the bonds shall be liable personally on the bonds by reason of the lawful issuance thereof.

3. A commission, subject to the provisions of section 393.760, may from time to time issue its bonds in such principal amounts as it deems necessary to provide sufficient funds to purchase, construct, extend or improve a project, including the establishment or increase of reserves, interest accrued during construction of such project and for a period not exceeding one year after the completion of construction of such project, and the payment of all other costs or expenses of the commission incident to and necessary or convenient to carry out its corporate purposes and powers.

4. Bonds of a commission shall be authorized by resolution of the board of directors and may be issued under such resolution or under a trust indenture or other security instrument, as authorized by the resolution, in one or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denomination or denominations, be in such form, either coupon, registered or both, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment, at such place or places within or without the state, and be subject to such terms of redemption, with or without premium, as such resolution, trust indenture or other security instrument may provide, and without limitation by the provisions of any other law limiting amounts, maturities or interest rates.

5. The bonds shall be sold at public sale [and in the event of a rejection of all bids by the commission, the bonds may be sold] **or** at private sale as the commission may provide and at such price or prices as the commission shall determine [or for a joint municipal utility commission within a fifteen-county area being served with water from a lake constructed by the U.S. Army Corps of Engineers and located north of the Missouri River, if the commission determines it is in the best interest of the commission, at private sale. The reason or reasons why private sale is in the best interest of the people served shall be set forth in the order or resolution authorizing the private sale]. The decision of the commission shall be conclusive.

6. The bonds may be signed by manual or facsimile signatures as determined by resolution of the board. In case any of the officers whose signatures appear on any bonds or coupons shall cease to be such officers before the delivery of such obligations, such signatures shall, nevertheless, be valid and sufficient for all purposes, the same as if the officers had remained in office until such delivery.

7. Pending preparation of definitive bonds, a commission may issue temporary bonds which shall be exchanged for the definitive bonds when such bonds shall have been executed and are available for delivery.

8. All bonds issued under the provisions of sections 393.700 to 393.770 shall be negotiable instruments [under] **pursuant to** the provisions of the uniform commercial code of the state.

393.740. CERTAIN TAXES APPLICABLE. — 1. All bonds issued pursuant to sections 393.700 to 393.770 and all income or interest thereon shall be exempt from all state taxes, except estate and transfer taxes.

2. All property, real and tangible personal, **except for properties acquired exclusively for water supply districts**, acquired by the bonds issued pursuant to sections 393.700 and 393.770 or otherwise acquired by a commission shall be subject to taxation for state, county, and municipal and other local purposes **only** to the same extent as [bridge and public utility companies under the provisions of sections 153.030, RSMo, and 138.420, RSMo, except for those properties acquired exclusively for water supply districts] **if such property was owned directly by each participating municipality in proportion to the percentage of each municipality's interest or participation in the facility or property.**

SECTION 1. EMISSIONS LIMITATION FOR CERTAIN COAL-FIRED CYCLONE BOILERS — EXPIRATION DATE. — Notwithstanding any provisions of law to the contrary, any utility unit, as defined in Title IV of the federal Clean Air Act, 42 U.S.C. Section 7851a, that uses coal-fired cyclone boilers which also burn tire derived fuel shall limit emissions of oxides of nitrogen to a rate no greater than eighty percent of the emission limit for cyclone-fired boilers in Title IV of the federal Clean Air Act and implementing regulations in 40 CFR Part 76, as amended. The provisions of this section shall expire on April 30, 2004, or upon the effective date of a revision to 10 CSR 10-6.350, whichever later occurs. The director of the department of natural resources shall notify the revisor of statutes of the effective date of a revision to 10 CSR 10-6.350.

[386.025. CERTAIN JOINT MUNICIPAL UTILITY COMMISSIONS TO BE CONSIDERED UTILITY CORPORATIONS. — Any joint municipal utility commission established by contract for the purpose of owning, operating, controlling or managing all or part of any gas or electric light works, heating or power plants, or gas or electrical production, distribution or transmission facilities shall be considered a gas corporation or electrical corporation, as the case may be, as those terms are defined in this chapter.]

production, distribution or transmission facilities in this state. Nothing contained herein, however, shall affect the rights, privileges or duties of existing corporations pursuant to this chapter, including the construction of facilities within an existing certificated area.]

[393.765. PUBLIC SERVICE COMMISSION LAW APPLICABLE. — All provisions of chapters 386, RSMo, and 393 in reference to the jurisdiction, supervision, powers and duties of the public service commission with reference to gas and electrical corporations are hereby made applicable to any commission proposed to be created pursuant to sections 393.700 to 393.770 which commission proposes to own, operate, control or manage any gas or electrical light works, heating or power plant in this state, and such provisions shall have full application thereto.]

436.300. PRIVATE CONSTRUCTION WORK CONTRACT PAYMENT REQUIREMENTS. — Notwithstanding any other law to the contrary, all parties to any contract or agreement for private construction work that is between any owner and any contractor, or between any contractor and any subcontractor, or between any subcontractor and any sub-subcontractor, or any supplier at whatever tier for construction, reconstruction, maintenance, alteration, or repair for a private owner of any building, improvement, structure, private road, appurtenance, or appliance, including moving, demolition, or any excavating connected therewith, shall make payment in accordance with the terms of such contract or agreement, provided such terms are not inconsistent with the provisions of sections 436.300 to 436.336.

436.303. CONTRACT PROVISIONS — RETAINAGE. — A contract or agreement may include a provision for the retainage of a portion of any payment due from the owner to the contractor, not to exceed ten percent of the amount of such payment due pursuant to the contract or agreement, to ensure the proper performance of the contract or agreement, provided that the contract may provide that if the contractor's performance is not in accordance with the terms of the contract or agreement, the owner may retain additional sums to protect the owner's interest in satisfactory performance of the contract or agreement. The amount or amounts so retained by the owner shall be referred to in sections 436.300 to 436.336 as "retainage", and shall be held by the owner in trust for the benefit of the contractor and contractor's subcontractors, sub-subcontractors, and suppliers at whatever tier who are not in default, in proportion to their respective interests. Such retainage shall be subject to the conditions and limitations listed in section 436.300 to 436.336.

436.306. SECURITY TENDERED, WHEN. — 1. The contractor may tender to the owner acceptable substitute security as set forth in section 436.312 with a written request for release of retainage in the amount of the substitute security. The contractor shall thereupon either:

- (1) Be entitled to receive cash payment of retainage pursuant to this section; or
- (2) Not be subject to the withholding of retainage, in either case, to the extent of the security tendered, provided that the contractor is not in default of its agreement with the owner.

2. If the tender described in subsection 1 of this section is made after retainage has been withheld, the owner shall, within five working days after receipt of the tender, pay to the contractor the withheld retainage to the extent of the substitute security. If the tender described in subsection 1 of this section is made before retainage has been withheld, the owner shall, to the extent of the substitute security, refrain from withholding any retainage from the future payments.

436.309. SUBCONTRACTOR MAY TENDER SUBSTITUTE SECURITY, WHEN. — A subcontractor of the contractor may tender to the contractor acceptable substitute security as set forth in section 436.312 with a written request for release of retainage in the amount of the substitute security. The contractor shall tender the subcontractor's substitute security to the owner with a like request, pursuant to the provisions of section 436.306. Provided that the subcontractor is not in default of its agreement with the contractor, the contractor shall pay over to the subcontractor, within five working days after receipt, any accumulated retainage paid by the owner to the contractor on account of substitute security tendered by the subcontractor, except that the contractor shall not be required to pay over retainage in excess of the amount properly attributable to work completed by the subcontractor at the time of payment. Provided that the subcontractor is not in default of its agreement with the contractor, the contractor shall refrain from withholding retainage

from payments to the subcontractor to the extent the owner has refrained from withholding retainage from payments to the contractor on account of the subcontractor's substituted security. The subcontractor shall be entitled to receive, upon receipt by the contractor, all income received by the contractor from the owner on account of income producing securities deposited by the subcontractor as substitute security. Except as otherwise provided in this section, the contractor shall have no obligation to collect or pay to a subcontractor retainage on account of substitute security tendered by the subcontractor.

436.312. SUBSTITUTE SECURITY REQUIREMENTS. — 1. The following shall constitute acceptable substitute security for purposes of sections 436.306 and 436.309:

(1) Certificates of deposit drawn and issued by a national banking association located in this state or by any banking corporation incorporated pursuant to the laws of this state; and mutually agreeable to the project owner and the contractor or subcontractor, in the amount of the retainage released. If the letter of credit is not renewed at least sixty days before the expiration of the letter of credit, the owner may draw upon the letter of credit regardless of the contractor's or subcontractor's performance for an amount equal to or no greater than the value of the amount of work remaining to be performed by the contractor or subcontractor.

(2) A retainage bond naming the owner as obligee issued by any surety company authorized to issue surety bonds in this state in the amount of the retainage released; or

(3) An irrevocable and unconditional letter of credit in favor of the owner, issued by a national banking association located in this state or by any banking corporation incorporated pursuant to the laws of this state, in the amount of the retainage released.

2. The contractor shall be entitled to receive, in all events, all interest and income earned on any securities deposited by the contractor in substitution for retainage.

436.315. WITHHOLDING OF RETAINAGE PROHIBITED, WHEN. — A contractor shall not withhold from any subcontractor any retainage in excess of the retainage withheld from the contractor by the owner for the subcontractor's work, unless the subcontractor's performance is not in accordance with the terms of the subcontract, in which case, subject to the terms of the subcontract, the contractor may retain additional sums to ensure the subcontractor's satisfactory performance of the subcontract.

436.318. RELEASE OF RETAINAGE, PAYMENT MADE. — Upon the release of retainage by the owner to the contractor, other than for substituted security pursuant to sections 436.306 and 436.312, the contractor shall pay to each subcontractor the subcontractor's ratable share of the retainage released, provided that all conditions of the subcontract for release of retainage to the subcontractor have been satisfied.

436.321. ADJUSTMENT IN RETAINAGE, WHEN. — If it is determined that a subcontractor's performance has been satisfactorily completed and the subcontractor can be released prior to substantial completion of the entire project without risk to the owner involving the subcontractor's work, the contractor shall request such adjustment in retainage, if any, from the owner as necessary to enable the contractor to pay the subcontractor in full, and the owner shall as part of the next contractual payment cycle release the subcontractor's retainage to the contractor, who shall in turn as part of the next contractual payment cycle release such retainage as is due the subcontractor.

436.324. RELEASE OF RETAINAGE, WHEN. — Within thirty days of the project reaching substantial completion, as defined in section 436.327, all retainage or substitute security shall be released by the owner to the contractor less an amount equal to one hundred fifty

percent of the costs to complete any remaining items. Upon receipt of such retainage from the owner, the contractor shall within seven days release to each subcontractor that subcontractor's share of the retainage.

436.327. SUBSTANTIAL COMPLETION DEFINED. — The project shall be deemed to have reached substantial completion upon the occurrence of the earlier of the architect or engineer issuing a certificate of substantial completion in accordance with the terms of the contract documents or the owner accepting the performance of the full contract.

436.330. SUBCONTRACTOR OBLIGATIONS. — Subcontractors and sub-subcontractors of every tier shall comply with the provisions of sections 436.300 to 436.336 in their relations with their sub-subcontractors and suppliers and shall be bound by the same obligations to their sub-subcontractors and suppliers as contractors are to their subcontractors.

436.333. UNENFORCEABILITY OF CONTRACTS ENTERED INTO AFTER AUGUST 28, 2002. — A contract or agreement formed after August 28, 2002, shall be unenforceable to the extent that its provisions are inconsistent with sections 436.300 to 436.336. If retainage is withheld in violation of sections 436.300 to 436.360, a court may, in addition to any other award for damages, award interest at the rate of up to one and one-half percent per month from the date of such wrongful or improper withholding of retainage. In any action brought to enforce sections 436.300 to 436.336, a court may award reasonable attorney's fees to the prevailing party. If the parties elect to resolve the dispute by arbitration pursuant to section 436.350, the arbitrator may award any remedy that a court is authorized to award.

436.336. APPLICABILITY. — Sections 436.300 to 436.336 shall apply to contracts and agreements entered into after August 28, 2002. Sections 436.300 to 436.336 shall apply to all private construction projects, except single-family residential construction and other residential construction consisting of four or fewer units.

210.950. SAFE PLACE FOR NEWBORNS ACT — DEFINITIONS — PROCEDURE — IMMUNITY FROM LIABILITY. — 1. This section shall be known and may be cited as the "Safe Place for Newborns Act of 2002". The purpose of this section is to protect newborn children from injury and death caused by abandonment by a parent, and to provide safe and secure alternatives to such abandonment.

2. As used in this section, the following terms mean:

(1) "Hospital", as defined in section 197.020, RSMo;

(2) "Nonrelinquishing parent", the biological parent who does not leave a newborn infant with any person listed in subsection 3 of this section in accordance with this section;

(3) "Relinquishing parent", the biological parent or person acting on such parent's behalf who leaves a newborn infant with any person listed in subsection 3 of this section in accordance with this section.

3. A parent shall not be prosecuted for a violation of sections 568.030, 568.032, 568.045 or 568.050, RSMo, for actions related to the voluntary relinquishment of a child up to five days old pursuant to this section and it shall be an affirmative defense to prosecution for a violation of sections 568.030, 568.032, 568.045 and 568.050, RSMo, that a parent who is a defendant voluntarily relinquished a child no less than six days old but no more than thirty days old pursuant to this section if:

(1) Expressing intent not to return for the child, the parent voluntarily delivered the child safely to the physical custody of any of the following persons:

(a) An employee, agent, or member of the staff of any hospital, in a health care provider position or on duty in a nonmedical paid or volunteer position;

(b) A firefighter or emergency medical technician on duty in a paid position or on duty in a volunteer position; or

- (c) A law enforcement officer;
- (2) The child was no more than thirty days old when delivered by the parent to any person listed in subdivision (1) of this subsection; and
- (3) The child has not been abused or neglected by the parent prior to such voluntary delivery.

4. A person listed in subdivision (1) of subsection 3 of this section shall, without a court order, take physical custody of a child the person reasonably believes to be no more than thirty days old and is delivered in accordance with this section by a person purporting to be the child's parent. If delivery of a newborn is made pursuant to this section in any place other than a hospital, the person taking physical custody of the child shall arrange for the immediate transportation of the child to the nearest hospital licensed pursuant to chapter 197, RSMo.

5. The hospital, its employees, agents and medical staff shall perform treatment in accordance with the prevailing standard of care as necessary, to protect the physical health or safety of the child. The hospital shall notify the division of family services and the local juvenile officer upon receipt of a child pursuant to this section. The local juvenile officer shall immediately begin protective custody proceedings and request the child be made a ward of the court during the child's stay in the medical facility. Upon discharge of the child from the medical facility and pursuant to a protective custody order ordering custody of the child to the division, the division of family services shall take physical custody of the child. The parent's voluntary delivery of the child in accordance with this section shall constitute the parent's implied consent to any such act and a voluntary relinquishment of such parent's parental rights.

6. In any termination of parental rights proceeding initiated after the relinquishment of a child pursuant to this section, the juvenile officer shall make public notice that a child has been relinquished, including the sex of the child, and the date and location of such relinquishment. Within thirty days of such public notice, the nonrelinquishing parent wishing to establish parental rights shall identify himself or herself to the court and state his or her intentions regarding the child. The court shall initiate proceedings to establish paternity, or if no person identifies himself as the father within thirty days, maternity. The juvenile officer shall make examination of the putative father registry established in section 192.016, RSMo, to determine whether attempts have previously been made to preserve parental rights to the child. If such attempts have been made, the juvenile officer shall make reasonable efforts to provide notice of the abandonment of the child to such putative father.

7. (1) If a relinquishing parent of a child relinquishes custody of the child to any person listed in subsection 3 of this section in accordance with this section and to preserve the parental rights of the nonrelinquishing parent, the nonrelinquishing parent shall take such steps necessary to establish parentage within thirty days after the public notice or specific notice provided in subsection 6 of this section.

(2) If a nonrelinquishing parent fails to take steps to establish parentage within the thirty-day period specified in subdivision (1) of this subsection, the nonrelinquishing parent may have all of his or her rights terminated with respect to the child.

(3) When a nonrelinquishing parent inquires at a hospital regarding a child whose custody was relinquished pursuant to this section, such facility shall refer the nonrelinquishing parent to the division of family services and the juvenile court exercising jurisdiction over the child.

8. The persons listed in subdivision (1) of subsection 3 of this section shall be immune from civil, criminal, and administrative liability for accepting physical custody of a child pursuant to this section if such persons accept custody in good faith. Such immunity shall not extend to any acts or omissions, including negligent or intentional acts or omissions, occurring after the acceptance of such child.

9. The division of family services shall:

(1) **Provide information and answer questions about the process established by this section on the statewide, toll-free telephone number maintained pursuant to section 210.145, RSMo;**

(2) **Provide information to the public by way of pamphlets, brochures, or by other ways to deliver information about the process established by this section.**

10. Nothing in this section shall be construed as conflicting with section 210.125.

453.030. APPROVAL OF COURT REQUIRED — HOW OBTAINED, CONSENT OF CHILD AND PARENT REQUIRED, WHEN — VALIDITY OF CONSENT — WITHDRAWAL OF CONSENT — FORMS, DEVELOPED BY DEPARTMENT, CONTENTS — COURT APPOINTMENT OF ATTORNEY, WHEN. — 1. In all cases the approval of the court of the adoption shall be required and such approval shall be given or withheld as the welfare of the person sought to be adopted may, in the opinion of the court, demand.

2. The written consent of the person to be adopted shall be required in all cases where the person sought to be adopted is fourteen years of age or older, except where the court finds that such child has not sufficient mental capacity to give the same.

3. With the exceptions specifically enumerated in section 453.040, when the person sought to be adopted is under the age of eighteen years, the written consent of the following persons shall be required and filed in and made a part of the files and record of the proceeding:

(1) The mother of the child; and

(2) Any man who:

(a) Is presumed to be the father pursuant to the subdivisions (1), (2), **or** (3) [or (5)] of subsection 1 of section 210.822, RSMo; or

(b) Has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child; or

(c) Filed with the putative father registry pursuant to section 192.016, RSMo, a notice of intent to claim paternity or an acknowledgment of paternity either prior to or within fifteen days after the child's birth, and has filed an action to establish his paternity in a court of competent jurisdiction no later than fifteen days after the birth of the child; or

(3) The child's current adoptive parents or other legally recognized mother and father.

Upon request by the petitioner and within one business day of such request, the clerk of the local court shall verify whether such written consents have been filed with the court.

4. The written consent required in subdivisions (2) and (3) of subsection 3 of this section may be executed before or after the commencement of the adoption proceedings, and shall be acknowledged before a notary public. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons whose signatures and addresses shall be plainly written thereon. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding. The notary public or witnesses shall verify the identity of the party signing the consent.

5. The written consent required in subdivision (1) of subsection 3 of this section by the birth parent shall not be executed anytime before the child is forty-eight hours old. Such written consent shall be executed in front of a judge or a notary public. In lieu of such acknowledgment, the signature of the person giving such written consent shall be witnessed by the signatures of at least two adult persons who are present at the execution whose signatures and addresses shall be plainly written thereon and who determine and certify that the consent is knowingly and freely given. The two adult witnesses shall not be the prospective adoptive parents or any attorney representing a party to the adoption proceeding. The notary public or witnesses shall verify the identity of the party signing the consent.

6. The written consents shall be reviewed and, if found to be in compliance with this section, approved by the court within three business days of such consents being presented to the

court. Upon review, in lieu of approving the consent within three business days, the court may set a date for a prompt evidentiary hearing upon notice to the parties. Failure to review and approve the written consent within three business days shall not void the consent, but a party may seek a writ of mandamus from the appropriate court, unless an evidentiary hearing has been set by the court pursuant to this subsection.

7. The written consent required in subsection 3 of this section may be withdrawn anytime until it has been reviewed and accepted by a judge.

8. A consent form shall be developed through rules and regulations promulgated by the department of social services. No rule or portion of a rule promulgated under the authority of this section shall become effective unless it has been promulgated pursuant to the provisions of chapter 536, RSMo. If a written consent is obtained after August 28, 1997, but prior to the development of a consent form by the department and the written consent complies with the provisions of subsection 9 of this section, such written consent shall be deemed valid.

9. However, the consent form must specify that:

(1) The birth parent understands the importance of identifying all possible fathers of the child and shall provide the names of all such persons unless the mother has good cause as to why she should not name such persons. The court shall determine if good cause is justifiable. By signing the consent, the birth parent acknowledges that those having an interest in the child have been supplied with all available information to assist in locating all possible fathers; and

(2) The birth parent understands that if he denies paternity, but consents to the adoption, he waives any future interest in the child.

10. The written consent to adoption required by subsection 3 and executed through procedures set forth in subsection 5 of this section shall be valid and effective even though the parent consenting was under eighteen years of age, if such parent was represented by a guardian ad litem, at the time of the execution thereof.

11. Where the person sought to be adopted is eighteen years of age or older, his written consent alone to his adoption shall be sufficient.

12. A birth parent, including a birth parent less than eighteen years of age, shall have the right to legal representation and payment of any reasonable legal fees incurred throughout the adoption process. In addition, the court may appoint an attorney to represent a birth parent if:

(1) A birth parent requests representation;

(2) The court finds that hiring an attorney to represent such birth parent would cause a financial hardship for the birth parent; and

(3) The birth parent is not already represented by counsel.

13. Except in cases where the court determines that the adoptive parents are unable to pay reasonable attorney fees and appoints pro bono counsel for the birth parents, the court shall order the costs of the attorney fees incurred pursuant to subsection 12 of this section to be paid by the prospective adoptive parents or the child-placing agency.

In such event, the deduction described in subsection 3 of this section shall not be imposed, and the employee shall become vested in the system after eight years of subsequent uninterrupted service.

5. Notwithstanding any other provisions of this section to the contrary, an employee who opted out of the retirement system before January 1, 2000, shall not be permitted to opt back into the system after January 1, 2000, unless the employee opts in, in accordance with the procedures of subsection 3 or 4 of this section, immediately following the expiration of the three-year opt-out period that includes January 1, 2000.

The board of trustees may develop and establish a deferred retirement option plan (DROP) in which members who are eligible for retirement but who have not terminated employment as police officers and who have not actually retired may participate. The DROP shall be designed to allow members with at least twenty years of creditable service or who have attained the age of fifty-five who have achieved eligibility for retirement and are entitled to a service retirement allowance and other benefits to postpone actual retirement, continue active employment and accumulate a deferred receipt of the service retirement allowance. No one shall participate in the DROP for a period exceeding five years.

2. Any member who has at least twenty years of creditable service or has attained the age of fifty-five may elect in writing before retirement to participate in the DROP. A member electing to participate in the DROP shall postpone actual retirement, shall continue in active employment and shall not receive any direct retirement allowance payments or benefits during the period of participation.

3. Upon the start of the participation in the DROP, the member shall cease to make any mandatory contributions to the system. No contribution shall be required by the city into the DROP account. During the period of participation in the DROP, the amount that the member would have received as a service retirement allowance if the member had actually retired instead of entering DROP shall be deposited monthly in the member's DROP account which shall be established in the member's name by the board of trustees. The member's service retirement allowance shall not be adjusted for any cost-of-living increases for any period prior to the member's termination of employment as a police officer and actual retirement. participation in the system before the end of the five-year period commencing on the first day of participation in the DROP shall be made and shall become effective in accordance with procedures established by the board of trustees, but in no event prior to October 1, 2001. 5. If a member who is participating in the DROP elects to return to active participation in the system or if a member who is participating in the DROP does not terminate employment as a police officer in the city for which the retirement system was established pursuant to sections 86.200 to 86.366 and actually retires at the end of the five-year period commencing on the first day of the member's participation in the DROP, the member shall return to active participation in the system and shall resume making mandatory contributions to the system effective as of the day after participation in the DROP ends or, if later, October 1, 2001. The board of trustees shall notify the police commissioners to begin deducting mandatory contributions from the member's salary and the member's employment period shall count as creditable service beginning as of the day the member returns to active participation.

6. In no event shall a member whose participation in DROP has ended for any reason be eligible to participate in DROP again.

7. Upon the member's termination of employment as a police officer and actual retirement, the member's mandatory contributions to the retirement system shall be paid to the member pursuant to subsection 4 of section 86.253.

Interest for the year in which the final installment is paid shall be credited on the balance remaining after the final installment is paid, at the investment rate earned on the assets of the system for the prior plan year, in proportion to the part of the plan year preceding payment of the final installment. Any interest credited to the DROP account during the installment period shall be paid as soon as reasonably possible after the final monthly installment. No interest shall be credited on amounts, if any, added to the member's DROP account during the year in which the distribution of the account is completed.

11. The board of trustees shall not incur any liability individually or on behalf of other individuals for any act or omission, made in good faith in relation to the DROP or assets credited to DROP accounts established by this section. If the increase is in excess of the approved rate for any year, the excess shall be accumulated as to any retired member and increases may be granted in subsequent years subject to the maximum allowed for each full year from October

following his retirement but not to exceed a total increase of twenty-five percent. If the board of trustees determines that the index has decreased for any year, the benefits of any retired member that have been increased shall be decreased but not below his initial benefit. Any subsequent determination of benefits due the member or the member's survivors shall be based on the sum of the member's creditable service accrued to the date the member's disability benefits commenced and the period of creditable service after the member's return to employment. Should the member again become disabled, retire, or terminate employment within the six-month period after the member's return to work, any benefits to which the member becomes entitled shall be based on the member's service and compensation to the date disability benefits originally began. There shall be no death benefits payable pursuant to section 104.090 or pursuant to section 104.140 if the employee dies within six months after the member's return to employment from disability. [13.] **12.** A member who continues to be disabled as provided in subsection 2 or subsection [8] 7 of this section shall continue to accrue creditable service until the member reaches normal retirement age. The maximum benefits period for benefits pursuant to subsections 2 and [8] 7 of this section shall be established by the board. A member who is eligible to retire and does retire while receiving disability benefits pursuant to subsections 2 and [8] 7 of this section shall receive the greater of the normal annuity or the minimum annuity determined pursuant to sections 104.090 and 104.615, as if the member had continued in the active employ of the employer until the member's normal retirement age and the member's compensation for such period had been the member's rate of pay immediately preceding the date the member became disabled.

[14.] **13.** Any member who was receiving disability benefits from the board prior to August 28, 1997, or any member who has submitted an application for disability benefits before August 28, 1997, and would have been eligible to receive benefits pursuant to the eligibility requirements which were applicable at the time of application shall be eligible to receive or shall continue to receive benefits in accordance with such prior eligibility requirements until the member again becomes an employee.

Benefits otherwise payable to a child under eighteen years of age shall be payable to the surviving parent as natural guardian of such child if such parent has custody or assumes custody of such minor child, or to the legal guardian of such child, until such child attains age eighteen, and thereafter, the benefit may be paid to the child until age twenty-one; provided, the age twenty-one maximum shall be extended for any child who has been found totally incapacitated by a court of competent jurisdiction;

(3) No benefit is payable pursuant to this section if no eligible surviving spouse or children under twenty-one years of age survive the member. Benefits cease pursuant to this section when there is no eligible surviving beneficiary through either death of the eligible surviving spouse or through either death or the attainment of twenty-one years of age by the eligible surviving children. If the member's surviving children are receiving equal shares of the benefit described in subdivision (2) of this subsection, and one or more of such children become ineligible by reason of death or the attainment of twenty-one years of age, the benefit shall be reallocated so that the remaining eligible children receive equal shares of the total benefit as described in subdivision (2) of this subsection.

Any benefits payable to [unemancipated] **eligible** children under twenty-one years of age shall be made on a pro rata basis among the surviving [unemancipated] children under twenty-one years of age.

3. For the purpose of computing the amount of a benefit payable pursuant to this section, if the board finds that the death was a natural and proximate result of a personal injury or disease arising out of and in the course of the member's actual performance of duty as an employee, then the minimum benefit to such member's surviving spouse or, if no surviving spouse benefits are payable, the minimum benefit that shall be divided among and paid to such member's surviving [unemancipated] **eligible** children under the age of twenty-one shall be fifty percent of the member's final average compensation. (3) Persons described in subdivision (1) of this subsection who terminate employment on or after September 1, 2002, shall no longer be eligible to make the election described in subdivision (1) of this subsection.

7. Any individual, covered by a retirement plan identified in chapter 104, chapter 287 or chapter 476, RSMo, who terminated employment prior to August 28, 1993, shall, upon application to the board of trustees of the Missouri state employees' retirement system, be made, constituted and appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters for the remainder of the person's life. Upon request of the board or the court from which the person retired, the consultant shall give opinions or be available to give opinions in writing or orally in response to such requests. As compensation for such services, the consultant shall be eligible to purchase or transfer, prior to retirement, creditable service as set forth in section 105.691, RSMo.

104.344. MEMBER ENTITLED TO PURCHASE PRIOR CREDITABLE SERVICE FOR NONFEDERAL FULL-TIME PUBLIC EMPLOYMENT OR CONTRACTUAL SERVICES — METHOD, PERIOD, LIMITATION. — Notwithstanding any other law to the contrary, any person who is actively employed by the state of Missouri in a position covered by a retirement plan administered by the Missouri state employees' retirement system and who had nonfederal full-time public employment in the state of Missouri or who had provided full-time services for compensation to the state of Missouri under a contract, and who by virtue of such employment was a member of a retirement system or other employer-sponsored retirement plan other than the Missouri state employees' retirement system but is not vested in such other retirement system or plan, or was not a member of any retirement system or plan, may elect, prior to retirement, to purchase [up to four years of] **all of the member's** creditable prior service **but not to exceed four years** for such service in any plan administered by the Missouri state employees' retirement system in which the person is receiving service credit for active employment or is eligible for a deferred annuity. The purchase shall be effected by the person paying to the Missouri state employees' retirement system an amount equal to what would have been contributed by the state in his or her behalf had the person been a member for the period for which he or she is electing

to purchase credit and had the person's compensation during such period been the same as the annual salary rate at which the person was initially employed in a position covered by a plan administered by the Missouri state employees' retirement system, with the calculations based on the contribution rate in effect on the date of his or her employment under the provisions of the Missouri state employees' retirement system with simple interest calculated from the date of employment from which the person could first receive creditable service from the Missouri state employees' retirement system to the date of election to purchase such service. The payment shall be made over a period of not longer than two years, with simple interest on the unpaid balance. In no event shall any person receive credit or benefits under any other retirement plan as defined pursuant to section 105.691, RSMo, for creditable service purchased pursuant to the provisions of this section. The contribution rate for any judge who elects to purchase service for a period prior to July 1, 1998, shall be equal to a contribution rate which would be used if the judicial system were funded on an actuarial basis prior to that date.

104.350. WITHDRAWAL FROM SERVICE, WHEN, REENTRY AFTER WITHDRAWAL, HOW MADE — FORFEITURE AND REINSTATEMENT OF CREDITABLE SERVICE, WHEN. — 1. Upon withdrawal from service, any member who is not entitled to a normal annuity, deferred normal annuity or disability benefits pursuant to the provisions of this chapter shall forfeit all rights in the fund, including the member's accrued creditable service as of the date of the member's withdrawal.

2. A former employee who is employed on or after August 28, [2000] **2002**, who has forfeited service shall have the forfeited period of service restored **after receiving creditable service continuously for one year**.

104.374. STATE EMPLOYEE'S NORMAL ANNUITY, COMPUTATION — NONCOMPENSATED ABSENCES COUNTED AS MEMBERSHIP SERVICE, WHEN — EMPLOYEES AND GENERAL ASSEMBLY MEMBERS CONTINUING TO SERVE, COST-OF-LIVING INCREASES ON RETIREMENT OR DEATH. — 1. The normal annuity of a member, other than a member of the general assembly or a member who served in an elective state office, shall be an amount equal to one and six-tenths percent of the average compensation of the member multiplied by the number of years of creditable service of the member. Years of membership service and twelfths of a year are to be used in calculating any annuity. Absences **taken by an employee without compensation** for sickness and injury **of the employee** of less than twelve months **or for leave taken by an employee without compensation pursuant to the provisions of the Family and Medical Leave Act of 1993** shall be counted as years of [membership] **creditable** service.

2. In addition to the amount determined pursuant to subsection 1 of this section, the normal annuity of a uniformed member of the water patrol shall be increased by thirty-three and one-third percent of the benefit.

3. Employees who are fully vested at the age of sixty-five years and who continue to be employed by an agency covered under the system or members of the general assembly who serve in the general assembly after the age of sixty-five years shall have added to their normal annuity when they retire or die an amount equal to the total of all annual cost-of-living increases that the retired members of the system received during the years between when the employee or member of the general assembly reached sixty-five years of age and the year that the employee or member of the general assembly terminated employment or died. In no event shall the total increase in compensation granted under this subsection and subsection 2 of section 104.612 exceed sixty-five percent of the person's normal annuity calculated at the time of retirement or death.

104.380. RETIRED MEMBERS ELECTED TO STATE OFFICE, EFFECT OF — REEMPLOYMENT OF RETIRED MEMBERS, EFFECT OF. — If a retired member is elected to any state office or is appointed to any state office or is employed by a department [and works more

than one thousand hours per year regardless of the number of positions held on or after the first day of employment, the retired member shall not receive an annuity or additional creditable service for any month or part of a month for which the retired member is so employed. The system shall recover any benefit payments received by the retiree during any year that the retiree works more than one thousand hours pursuant to section 104.490. The term "year" as used in this section shall mean the twelve-month period beginning on the annuity starting date and each subsequent year thereafter. The provisions of this section shall apply to all retired members employed on or after September 1, 2001, regardless of when the retired member was first employed. Any person who is an employee on or after August 28, 2001, retires and is subsequently employed in a position covered by the highways and transportation employees' and highway patrol retirement system shall not be eligible to receive retirement benefits or additional creditable service from the system.] **in a position normally requiring the performance by the person of duties during not less than one thousand hours per year, the member shall not receive an annuity for any month or part of a month for which the member serves as an officer or employee, but the member shall be considered to be a new employee with no previous creditable service and must accrue creditable service in order to receive any additional annuity. Any retired member who again becomes an employee and who accrues additional creditable service and later retires shall receive an additional amount of monthly annuity calculated to include only the creditable service and the average compensation earned by the member since such employment or creditable service earned as a member of the general assembly. Years of membership service and twelfths of a year are to be used in calculating any additional annuity except for creditable service earned as a member of the general assembly, and such additional annuity shall be based on the type of service accrued. In either event, the original annuity and the additional annuity, if any, shall be paid commencing with the end of the first month after the month during which the member's term of office has been completed, or the member's employment terminated. If a retired member is employed by a department in a position that does not normally require the person to perform duties during at least one thousand hours per year, the member shall not be considered an employee as defined pursuant to section 104.010. A retired member who becomes reemployed as an employee on or after August 28, 2001, in a position covered by the highways and transportation employees' and highway patrol retirement system shall not be eligible to receive retirement benefits or additional creditable service from the state employees' retirement system.**

104.400. NORMAL RETIREMENT AGE — EARLY RETIREMENT REQUIREMENTS — ANNUITY, HOW COMPUTED. — 1. Any member **who terminates employment** may retire with a normal annuity upon obtaining normal retirement age.

2. Any member after attaining fifty-five years of age who has at least ten years of vesting service may retire. In such case, the member, except uniformed members of the water patrol, shall receive an annuity in an amount which is the actuarial reduction approved by the board of the normal annuity the member would have received commencing at the earliest date on which the member is entitled to an unreduced benefit based on the member's creditable service at the date of the member's termination of employment.

104.436. FINANCING PATTERN FOR CONTRIBUTION DETERMINATIONS — COMMISSIONER OF ADMINISTRATION TO CERTIFY PAYMENT. — 1. [Beginning January 1, 1991, at least ninety days before each regular session of the general assembly, the board shall certify to the division of budget an actuarially determined estimate of the amount which will be necessary during the next biennial or appropriation period to pay all liabilities, including costs of administration, which shall exist or accrue under sections 104.010 and 104.320 to 104.800 during such period. The estimate shall be computed as a level percentage of payroll compensation to cover the normal cost and to amortize the accrued liability over a period not to

exceed forty years.] The board intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted by the board after consulting with its actuary. The entry age normal cost valuation method shall be used in determining normal cost, and contributions for unfunded accrued liabilities shall be determined using level percent-of-payroll amortization.

2. At least ninety days before each regular session of the general assembly, the board shall certify to the division of budget the contribution rate necessary to cover the liabilities of the plan administered by the system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriation of the amount calculated [under] pursuant to the provisions of this subsection [1 of this section]. Following each pay period, the commissioner of administration [monthly] shall requisition and certify the payment to the executive director of the Missouri state employees' retirement system. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement fund.

3. The employers of members of the system who are not paid out of funds that have been deposited in the state treasury shall remit promptly to the executive director an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. The executive director shall promptly deposit the amounts certified to the credit of the Missouri state employees' retirement system fund.

4. These amounts are funds of the system, and shall not be commingled with any funds in the state treasury.

104.438. BENEFIT FUNDS, PAY PERIOD CERTIFICATION OF AMOUNT REQUIRED — TREASURER TO TRANSFER AMOUNT TO FUND. — The commissioner of administration at the end of each [month] pay period shall certify to the state treasurer the amount required to be paid on account of officers and employees of each department, division, agency or unit of government whose services are covered by the Missouri state employees' retirement system. Thereupon the state treasurer shall immediately transfer such amounts from the proper funds to the credit of the fund for the Missouri state employees' retirement system.

104.515. INSURANCE AND DISABILITY BENEFITS TO BE KEPT IN SEPARATE ACCOUNTS — STATE'S CONTRIBUTION, AMOUNT, CONTRIBUTION TO BE MADE FROM HIGHWAY FUNDS FOR CERTAIN EMPLOYEES, WHEN — EMPLOYEES AND FAMILIES, WHO ARE COVERED FOR MEDICAL INSURANCE — PREMIUM COLLECTION FOR AMOUNT NOT COVERED BY STATE — SPECIAL CONSULTANTS, DUTIES, COMPENSATION, BENEFITS. — 1. Separate accounts for medical, life insurance and disability benefits provided pursuant to sections 104.517 and 104.518 shall be established as part of the fund. The funds, property and return on investments of the separate account shall not be commingled with any other funds, property and investment return of the system. All benefits and premiums are paid solely from the separate account for medical, life insurance and disability benefits provided pursuant to this section.

2. The state shall contribute an amount as appropriated by law and approved by the governor per month for medical benefits, life insurance and long-term disability benefits as provided pursuant to this section and sections 104.517 and 104.518. Such amounts shall include the cost of providing life insurance benefits for each active employee who is a member of the Missouri state employees' retirement system, a member of the public school retirement system and who is employed by a state agency other than an institution of higher learning, a member of the retirement system established by sections 287.812 to 287.855, RSMo, the judicial retirement system, each legislator and official holding an elective state office, members not on payroll status who are receiving workers' compensation benefits, and if the state highways and transportation

commission so elects, those employees who are members of the state transportation department employees' and highway patrol retirement system; if the state highways and transportation commission so elects to join the plan, the state shall contribute an amount as appropriated by law for medical benefits for those employees who are members of the transportation department employees' and highway patrol retirement system; an additional amount equal to the amount required, based on competitive bidding or determined actuarially, to fund the retired members' death benefit or life insurance benefit, or both, provided in subsection 4 of this section and the disability benefits provided in section 104.518. This amount shall be reported as a separate item in the monthly certification of required contributions which the commissioner of administration submits to the state treasurer and shall be deposited to the separate account for medical, life insurance and disability benefits. All contributions made on behalf of members of the state transportation department employees' and highway patrol retirement system shall be made from highway funds. If the highways and transportation commission so elects, the spouses and unemancipated children under twenty-three years of age of employees who are members of the state transportation department employees' and highway patrol retirement system shall be able to participate in the program of insurance benefits to cover medical expenses pursuant to the provisions of subsection 3 of this section.

3. The board shall determine the premium amounts required for participating employees. The premium amounts shall be the amount, which, together with the state's contribution, is required to fund the benefits provided, taking into account necessary actuarial reserves. Separate premiums shall be established for employees' benefits and a separate premium or schedule of premiums shall be established for benefits for spouses and unemancipated children under twenty-three years of age of participating employees. The employee's premiums for spouse and children benefits shall be established to cover that portion of the cost of such benefits which is not paid for by contributions by the state. All such premium amounts shall be paid to the board of trustees at the time that each employee's wages or salary would normally be paid. The premium amounts so remitted will be placed in the separate account for medical, life insurance and disability benefits. In lieu of the availability of premium deductions, the board may establish alternative methods for the collection of premium amounts.

4. Each special consultant eligible for life benefits employed by a board of trustees of a retirement system as provided in section 104.610 who is a member of the Missouri state life insurance plan or Missouri state transportation department and Missouri state highway patrol life insurance plan shall, in addition to duties prescribed in section 104.610 or any other law, and upon request of the board of trustees, give the board, orally or in writing, a short detailed statement on life insurance and death benefit problems affecting retirees. As compensation for the extra duty imposed by this subsection, any special consultant as defined above, other than a special consultant entitled to a deferred normal annuity pursuant to section 104.035 or 104.335, who retires on or after September 28, 1985, shall receive as a part of compensation for these extra duties, a death benefit of five thousand dollars, **and any special consultant who terminates employment on or after August 28, 1999, after reaching normal or early retirement age and becomes a retiree within sixty days of such termination shall receive five thousand dollars of life insurance coverage.** In addition, each special consultant who is a member of the transportation department employees' and highway patrol retirement system medical insurance plan shall also provide the board, upon request of the board, orally or in writing, a short detailed statement on physical, medical and health problems affecting retirees. As compensation for this extra duty, each special consultant as defined above shall receive, in addition to all other compensation provided by law, nine dollars, or an amount equivalent to that provided to other special consultants pursuant to the provisions of section 103.115, RSMo. In addition, any special consultant as defined in section 287.820, RSMo, or section 476.601, RSMo, who terminates employment and immediately retires on or after August 28, 1995, shall receive as a part of compensation for these duties, a death benefit of five thousand dollars **and any special consultant who terminates employment on or after August 28, 1999, after reaching**

the age of eligibility to receive retirement benefits and becomes a retiree within sixty days of such termination shall receive five thousand dollars of life insurance coverage.

5. Any former employee who is receiving disability income benefits from the Missouri state employees' retirement system or the transportation department employees' and highway patrol retirement system shall, upon application with the board of trustees of the Missouri consolidated health care plan or the transportation department employees and highway patrol medical plan, be made, constituted, appointed and employed by the respective board as a special consultant on the problems of the health of disability income recipients and, upon request of the board of trustees of each medical plan, give the board, orally or in writing, a short detailed statement of physical, medical and health problems affecting disability income recipients. As compensation for the extra duty imposed by this subsection, each such special consultant as defined in this subsection may receive, in addition to all other compensation provided by law, an amount contributed toward medical benefits coverage provided by the Missouri consolidated health care plan or the transportation employees and highway patrol medical plan pursuant to appropriations.

104.540. LAW CREATES VESTED RIGHTS — CERTAIN CONTRIBUTIONS MAY BE WITHHELD FROM BENEFITS AND PAID OVER. — 1. All premium payments and deferred compensation provided for under sections 104.320 to 104.540 are hereby made obligations of the state of Missouri. No alteration, amendment, or repeal of sections 104.320 to 104.540 shall affect the then existing rights of members and beneficiaries, but shall be effective only as to rights which would otherwise accrue hereunder as a result of services rendered by an employee after such alteration, amendment, or repeal.

2. Any annuity, benefits, funds, property, or rights created by, or accruing or paid to, any person under the provisions of sections 104.320 to 104.540 shall not be subject to execution, garnishment, attachment, writ of sequestration, or any other process or claim whatsoever, and shall be unassignable, except with regard to the collection of child support or maintenance, **and except that a beneficiary may assign life insurance proceeds.** Any retired member of the system may request the executive director of the system, in writing, to withhold and pay on his behalf to the proper person, from each of his monthly retirement benefit payments, if the payment is large enough, the contribution due from the retired member to any group providing prepaid hospital care and any group providing prepaid medical and surgical care and any group providing life insurance when such group is composed entirely of members of the system.

3. The executive director of the system shall, when requested in writing by a retired member, withhold and pay over the funds authorized in subsection 2 of this section until such time as the request to do so is revoked by the death or written revocation of the retired member.

104.601. of accrual as specified by regulations of the personnel advisory board pursuant to section 36.350, RSMo] **no greater than ten hours per month**. Nothing under this section shall allow a member to vest in the retirement system by using such credited sick leave to reach the time of vesting.

104.605. ELIGIBLE ROLLOVER DISTRIBUTION AND ELIGIBLE RETIREMENT PLAN DEFINED — COMPLIANCE WITH IRS CODE REQUIRED. — 1. Notwithstanding any provision to the contrary in this chapter, the term "eligible rollover distribution" shall have the meaning specified in section 402(c)(4) of the Internal Revenue Code of 1986, as amended, and which is herein incorporated by reference.

2. Notwithstanding any provision to the contrary in this chapter, the term "eligible retirement plan" shall have the meaning specified in section 402(c)(8)(B) of the Internal Revenue Code of 1986, as amended, and which is herein incorporated by reference.

104.620. CONTRIBUTION REFUND TO MEMBERS — EFFECT ON BENEFITS — RECORD RETENTION — REVERSION TO CREDIT OF FUND, WHEN — REVERSION OF UNCLAIMED BENEFITS, WHEN — REFUND RECEIVED, WHEN. — 1. Any member who has not received a lump sum payment equal to the sum total of the contributions that the member paid into the retirement system, plus interest credited to his or her account, shall be entitled to such a lump sum payment. Lump sum payments made pursuant to this section shall not be reduced by any retirement benefits which a member is entitled to receive, but shall be paid in full out of appropriate funds pursuant to appropriations for this purpose.

2. In the event any accumulated contributions standing to a member of the Missouri state employees' retirement system's credit remains unclaimed by such member for a period of four years or more, such accumulated contributions shall automatically revert to the credit of the fund for the Missouri state employees' retirement system. If an application is made, after such reversion, for such accumulated contributions, the board shall pay such contributions from the fund for the Missouri state employees' retirement system; except that, no interest shall be paid on such funds after the date of the reversion to the fund for the Missouri state employees' retirement system.

3. In the event any amount is due a deceased member, survivor, or beneficiary who dies after September 1, 2002, such amount shall be paid to the person or entity designated in writing as beneficiary to receive such amount by such member, survivor, or beneficiary. The member, survivor, or beneficiary may designate in writing a beneficiary to receive any final payment due after the death of a member, survivor, or beneficiary pursuant to this chapter. If no surviving spouse exists, such amount shall be paid to the surviving children or their descendants of such member, survivor, or beneficiary in equal parts. If no surviving children or any of their descendants exist, such amount shall be paid to the surviving parents of such member, survivor, or beneficiary in equal parts. In the event any amount that is due to a member of either system remains unclaimed by such member for a

period of four years or more, such amount shall automatically revert to the credit of the fund of the member's system. If an application is made after such reversion for such amount, the board shall pay such amount from the board's fund to the member, except that no interest shall be paid on such funds after the date of the reversion to the fund.

4. The beneficiary of any member who purchased creditable service in the Missouri state employees' retirement system shall receive a refund upon the member's death equal to the amount of any purchase less any retirement benefits received by the member unless an annuity is payable to a survivor or beneficiary as a result of the member's death. In that event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount of the member's purchase of service less any annuity amounts received by the member and the survivor or beneficiary.

(1) A retroactive starting date shall be established which shall be [the later of the date when a normal annuity would have first been payable had the member retired at that time or five years before the annuity starting date, which shall be the first day of the month with respect to which an amount is paid as annuity pursuant to this section] **a date selected by the member; provided, however, that the retroactive starting date selected by the member shall not be a date which is earlier than the date when a normal annuity would have first been payable. In addition, the retroactive starting date shall not be more than five years prior to the annuity starting date, which shall be the first day of the month with respect to which an amount is paid as an annuity pursuant to this section. The member's selection of a retroactive starting date shall be done in twelve-month increments, except this restriction shall not apply when the member selects the total available time between the retroactive starting date and the annuity starting date;**

(2) The prospective annuity payable as of the annuity starting date shall be determined pursuant to the provisions otherwise applicable under the law, with the exception that it shall be the amount which would have been payable had the member actually retired on the retroactive starting date under the retirement plan selected by the member. Other than for the lump sum payment or payments specified in subdivision (3) of this section, no other amount shall be due for the period between the retroactive starting date and the annuity starting date;

(3) The lump sum payable shall be ninety percent of the annuity amounts which would have been paid to the member from the retroactive starting date to the annuity starting date had the member actually retired on the retroactive starting date and received a normal annuity. The member shall elect to receive the lump sum amount either in its entirety at the same time as the initial annuity payment is made or in three equal annual installments with the first payment made at the same time as the initial annuity payment; [and]

(4) Any annuity payable pursuant to this section that is subject to a division of benefit order pursuant to section 104.312 shall be calculated as follows:

(b) The lump sum payment described in subdivision (3) of this section shall not be subject to any division of benefit order; **and**

(5) For purposes of determining annual benefit increases payable as part of the lump sum and annuity provided pursuant to this section, the retroactive starting date shall be considered the member's date of retirement.

104.800. TRANSFERS OF CREDITABLE SERVICE TO OTHER RETIREMENT SYSTEM — TRANSFER TO BE MADE, WHEN — EFFECT OF TRANSFER — DEATH OF MEMBER PRIOR TO RETIREMENT AND TRANSFER TO BE COMPUTED UNDER SYSTEM WITH MOST ADVANTAGEOUS BENEFITS. — 1. Except as otherwise provided by law, any person having earned creditable service pursuant to the provisions of the state employees' retirement system or pursuant to the provisions of the state transportation department employees' and highway patrol retirement system or having service as a statewide state elective officer or having service as a member of the general assembly or having service pursuant to the provisions of sections 287.812 to 287.855, RSMo, or having service as a judge, as defined in section 476.515, RSMo, may elect prior to retirement and not after retirement, to make a one-time transfer of credit for such service or such creditable service to or from any other retirement system or type of service specified in this section or sections 56.800 to 56.840, RSMo, for which the person has accumulated service or creditable service. The amount of transferred credit shall be accumulated with the amount of such creditable service or such service earned by the person in the retirement system or type of service to which the service is transferred for purposes of determining the benefits to which the person is entitled under the retirement system or type of service to which the service is transferred. The transfer of such creditable service or service shall become effective on the first day of the second month following the month in which the person files written notification of the person's election with the retirement boards affected by such service transfer. When the election to transfer creditable service or service becomes effective, the person shall thereby forfeit any claim to any benefit under the provisions of the retirement system or type of service, as the case may be, from which the service or creditable service was transferred regardless of the amount of service or creditable service previously earned in such retirement system or type of service. **Any person who has transferred service pursuant to this subsection prior to August 28, 2002, and who is an employee covered by a retirement plan described in this subsection after that date, may elect to make an additional transfer of service prior to retirement if additional service would otherwise be available to be transferred except for the forfeiture of that service after the previous transfer. In no event shall the amount of service that a person shall be entitled to transfer pursuant to the provisions of this section [shall not] exceed [five] eight years.**

2. In the event of the death of a member before retirement and prior to exercising transfer rights pursuant to the provisions of this section, survivorship benefits shall be computed as if such person had in fact exercised or not exercised the person's transfer rights to produce the most advantageous benefit possible.

3. Any person that has earned creditable service pursuant to the provisions governing the Missouri state employees' retirement system or pursuant to the provisions of chapter 287, RSMo, or chapter 476, RSMo, who terminated employment prior to August 13, 1986, shall, upon application to the board of trustees of the Missouri state employees' retirement system, be made, constituted and appointed and employed by the board as a special consultant on the problems of retirement, aging and other state matters for the remainder of the person's life. Upon request of the board or the court from which the person retired, the consultant shall give opinions or be available to give opinions in writing or orally in response to such request. As compensation for such services, the consultant shall be eligible, prior to retirement, to make a one-time transfer of creditable service as provided in this section.

elects to be covered by the year 2000 plan shall forfeit all rights to receive benefits under this chapter except as provided under the year 2000 plan and all creditable service of such person under the closed plan shall be credited under the year 2000 plan. Any such person who elects not to be covered by the year 2000 plan shall waive all rights to receive benefits under the year 2000 plan. In no event shall any retroactive annuity be paid to such persons pursuant to sections 104.1003 to 104.1093 except as described in subsection 2 of this section.

2. Each retiree of the closed plan on July 1, 2000, shall be furnished by the appropriate system a written comparison of the retiree's closed plan coverage and the retiree's potential year 2000 plan coverage. A retiree shall elect whether or not to change to year 2000 plan coverage by making a written election, on a form furnished by the appropriate board, and providing that form to the system by no later than twelve months after July 1, 2000, and any retiree who fails to make such election within such time period shall be deemed to have elected to remain covered under the closed plan; provided the election must be after the retiree has received from the appropriate system such written comparison. The retirement option elected under the year 2000 plan shall be the same as the retirement option elected under the closed plan, except any retiree who is receiving one of the options providing for a continuing lifetime annuity to a surviving spouse under the closed plan may elect to receive an annuity under option 1 or 2 of section 104.1027, or a life annuity under subsection 2 of section 104.1024, provided the person who was married to the member at the time of retirement, if any, consents in writing to such election made pursuant to section 104.1024, or to any election described in this section if the person was married to a member of the Missouri state employees' retirement system. The effective date of payment of an annuity under the year 2000 plan as provided in this subsection shall begin on July 1, 2000. No adjustment shall be made to retirement benefits paid to the retiree prior to July 1, 2000. In order to calculate a new monthly annuity for retirees electing coverage under the year 2000 plan pursuant to this subsection, the following calculations shall be made:

(1) Except as otherwise provided in this subsection, the retiree's gross monthly retirement annuity in effect immediately prior to July 1, 2000, shall be multiplied by the percentage increase in the life annuity formula between the closed plan and the year 2000 plan. This amount shall be added to the retiree's gross monthly retirement annuity in effect immediately prior to July 1, 2000, to arrive at the retiree's new monthly retirement annuity in the year 2000 plan on July 1, 2000. The age of eligibility and reduction factors applicable to the retiree's original annuity under the closed plan shall remain the same in the annuity payable under the year 2000 plan, except as provided in subdivision (2) of this subsection.

(2) If option 1 or 2 pursuant to section 104.1027 is chosen by the retiree under the year 2000 plan, the new monthly retirement annuity calculated pursuant to subdivision (1) of this subsection shall be recalculated using the reduction factors for the option chosen pursuant to section 104.1027.

(3) If a temporary annuity is payable pursuant to subsection 4 of section 104.1024 the additional temporary annuity shall be calculated by multiplying the retiree's credited service by the retiree's final average pay by eight-tenths of one percent.

(4) Cost-of-living adjustments paid pursuant to section 104.1045 will commence on the anniversary of the retiree's annuity starting date coincident with or next following July 1, 2000.

(5) Any retiree or other person described in this section who elects coverage under the year 2000 plan based on service rendered as a member of the general assembly or as a statewide elected official shall receive an annuity under the year 2000 plan calculated pursuant to the provisions of section 104.1084 using the current monthly pay at the time of the election with future COLAs calculated pursuant to subsection 7 of section 104.1084.

3. Each person who is an employee and covered by the closed plan and not a retiree of the closed plan on July 1, 2000, shall elect whether or not to change to year 2000 plan coverage prior to the last business day of the month before the person's annuity starting date, and if such election has not been made within such time, annuity payments due beginning on and after the month of the annuity starting date shall be made the month following the receipt by the

appropriate system of such election and any other information required by the year 2000 plan created by sections 104.1003 to 104.1093; provided, such election must be after the person has received from the year 2000 plan a written comparison of the person's closed plan coverage and the person's potential year 2000 plan coverage and the election must be made in writing on a form furnished by the appropriate board. If such person dies after the annuity starting date but before making such election and providing such other information, no benefits shall be paid except as required pursuant to section 104.420 or subsection 2 of section 104.372 for members of the general assembly.

4. Each person who is not an employee and not a retiree and is eligible for a deferred annuity from the closed plan on July 1, 2000, shall elect whether or not to change to the year 2000 plan coverage prior to the last business day of the month before the person's annuity starting date, and if such election has not been made within such time, annuity payments due beginning on and after the month of the annuity starting date shall be made the month following the receipt by the appropriate system of such election and any other information required by the year 2000 plan created by sections 104.1003 to 104.1093; provided, the election must be after the person has received from the year 2000 plan a written comparison of the person's closed plan coverage and the person's potential year 2000 plan coverage and the election must be made in writing on a form furnished by the appropriate board. If such person dies after the annuity starting date but before making such election and providing such other information, no benefits shall be paid except as required pursuant to section 104.420 or subsection 2 of section 104.372 for members of the general assembly.

5. Each person who is not an employee and not a retiree and is eligible for a deferred annuity from the closed plan and returns to covered employment on or after July 1, 2000, shall be covered under the closed plan; provided, such person shall elect whether or not to change to the year 2000 plan coverage prior to the last business day of the month before the person's annuity starting date, and if such election has not been made within such time, annuity payments due beginning on and after the month of the annuity starting date shall be made the month following the receipt by the appropriate system of such election and any other information required by the year 2000 plan created by sections 104.1003 to 104.1093 and the election must be after the person has received from the year 2000 plan a written comparison of the person's closed plan coverage and the person's potential year 2000 plan coverage and the election must be made in writing on a form furnished by the appropriate board. If such person dies after the annuity starting date but before making such election and providing such other information, no benefits shall be paid except as required under section 104.420 or subsection 2 of section 104.372 for members of the general assembly.

6. Each person who is not an employee and not a retiree and not eligible for a deferred annuity from the closed plan but has forfeited creditable service with the closed plan and becomes an employee **on or after [July 1, 2000] August 28, 2002**, shall be changed to year 2000 plan coverage [upon such return] and **upon receiving credited service continuously for one year shall** receive credited service for all such forfeited creditable service under the closed plan.

7. Each person who was employed as a member of the general assembly through December 31, 2000, covered under the closed plan, and has served at least two full biennial assemblies as defined in subdivision (24) of subsection 1 of section 104.010 but who is not eligible for a deferred annuity under the closed plan shall be eligible to receive benefits under the new plan pursuant to subdivision (5) of subsection 2 of this section upon meeting the age requirements under the new plan.

8. The retirees and persons described in subsections 2 and 4 of this section shall be eligible for benefits under those subsections pursuant to subsection 8 of section 104.610.

104.1018. VESTING OF BENEFITS, WHEN — REEMPLOYMENT OF MEMBER, EFFECT OF.

— 1. When a member is no longer employed in a position covered by the system, membership in the system shall thereupon cease. If a member has five or more years of credited service upon

such member's termination of membership, such member shall be a vested former member entitled to a deferred annuity pursuant to section 104.1036. If a member has fewer than five years of credited service upon termination of membership, such former member's credited service shall be forfeited, provided that if such former member becomes reemployed in a position covered by the system, such former member shall again become a member of the system and the forfeited credited service shall be restored **after receiving creditable service continuously for one year.**

2. Upon a member becoming a retiree, membership shall cease and, except as otherwise provided in section 104.1039, the person shall not again become a member of the system.

3. If a vested former member becomes reemployed in a position covered by the system before such vested former member's annuity starting date, membership shall be restored with the previous credited service and increased by such reemployment.

104.1021. CREDITED SERVICE DETERMINED BY BOARD — CALCULATION. — 1. The appropriate board shall determine how much credited service shall be given each member consistent with this section.

2. If a member terminates employment and is eligible to receive an annuity pursuant to the year 2000 plan, or becomes a vested former member at the time of termination, the member's or former member's unused sick leave as [certified by the member's employing department] **reported through the financial and human resources system maintained by the office of administration, or if a department's employees are not paid salaries or wages through such system, as reported directly by the department,** for which the member has not been paid will be converted to credited service at the time of application for retirement benefits. The member shall receive one-twelfth of a year of credited service for each one hundred and sixty-eight hours of such unused sick leave. **The employing department shall not certify unused sick leave unless such unused sick leave could have been used by the member for sickness or injury. The rate of accrual of sick leave for purposes of computing years of service pursuant to this section shall be no greater than ten hours per month.** Such credited service shall not be used in determining the member's eligibility for retirement or final average pay. Such credited service shall be added to the credited service in the last position of employment held as a member of the system.

3. If a member is employed in a covered position and simultaneously employed in one or more other covered or noncovered positions, credited service shall be determined as if all such employment were in one position, and covered pay shall be the total of pay for all such positions.

4. In calculating any annuity, "credited service" means a period expressed as whole years and any fraction of a year measured in twelfths that begins on the date an employee commences employment in a covered position and ends on the date such employee's membership terminates pursuant to section 104.1018 plus any additional period for which the employee is credited with service pursuant to this section.

5. A member shall be credited for all military service after membership commences as required by state and federal law.

6. Any member who had active military service in the United States Army, Air Force, Navy, Marine Corps, Army or Air National Guard, Coast Guard, or any reserve component thereof prior to becoming a member, or who is otherwise ineligible to receive credited service pursuant to subsection 1 or 5 of this section, and who became a member after the person's discharge from military service under honorable conditions may elect, prior to retirement, to purchase credited service for all such military service, but not to exceed four years, provided the person is not receiving and is not eligible to receive retirement credits or benefits from any other public or private retirement plan, other than a United States military service retirement system, for the military service to be purchased, and an affidavit so stating is filed by the member with the year 2000 plan along with the submission of appropriate documentation verifying the member's dates of active service. The purchase shall be effected by the member paying to the

system an amount equal to the state's contributions that would have been made to the system on the member's behalf had the member been a member for the period for which the member is electing to purchase credit and had the member's pay during such period of membership been the same as the annual pay rate as of the date the member was initially employed as a member, with the calculations based on the contribution rate in effect on the date of such member's employment with simple interest calculated from the date of employment to the date of election pursuant to this subsection. The payment shall be made over a period of not longer than two years, measured from the date of election, and with simple interest on the unpaid balance. If a member who purchased credited service pursuant to this subsection dies prior to retirement, the surviving spouse may, upon written request, receive a refund of the amount contributed for such purchase of such credited service, provided the surviving spouse is not entitled to survivorship benefits payable pursuant to the provisions of section 104.1030.

7. Any member of the Missouri state employees' retirement system shall receive credited service for the creditable prior service that such employee would have been entitled to under the closed plan pursuant to section 104.339, subsections 2, and 6 to 9 of section 104.340, subsection 12 of section 104.342, section 104.344, subsection 4 of section 104.345, subsection 4 of section 104.372, section 178.640, RSMo, and section 211.393, RSMo, provided such service has not been credited under the closed plan.

8. Any member who has service in both systems and dies or terminates employment shall have the member's service in the other system transferred to the last system that covered such member and any annuity payable to such member shall be paid by that system. Any such member may elect to transfer service between systems prior to termination of employment, provided, any annuity payable to such member shall be paid by the last system that covered such member prior to the receipt of such annuity.

9. In no event shall any person or member receive credited service pursuant to the year 2000 plan if that same service is credited for retirement benefits under any defined benefit retirement system not created pursuant to this chapter.

10. Any additional credited service as described in subsections 5 to 7 of this section shall be added to the credited service in the first position of employment held as a member of the system. Any additional creditable service received pursuant to section 105.691, RSMo, shall be added to the credited service in the position of employment held at the time the member completes the purchase or transfer pursuant to such section.

11. A member may not purchase any credited service described in this section unless the member has met the five-year minimum service requirement as provided in subdivisions (11) and (20) of section 104.1003, the two full biennial assemblies minimum service requirement as provided in section 104.1084, or the four-year minimum service requirement as provided in section 104.1084.

12. Absences taken by an employee without compensation for sickness and injury of the employee of less than twelve months or for leave taken by such employee without compensation pursuant to the provisions of the Family and Medical Leave Act of 1993 shall be counted as years of credited service.

104.1024. RETIREMENT, APPLICATION — ANNUITY PAYMENTS, HOW PAID, AMOUNT — ELECTION TO RECEIVE ANNUITY OR LUMP SUM PAYMENT FOR CERTAIN EMPLOYEES, DETERMINATION OF AMOUNT. — 1. Any member who terminates employment may retire on or after attaining normal retirement eligibility by making application in written form and manner approved by the appropriate board. The written application shall set forth the annuity starting date which shall not be earlier than the first day of the second month following the month of the execution and filing of the member's application for retirement nor later than the first day of the fourth month following the month of the execution and filing of the member's application for retirement.

2. A member's annuity shall be paid in the form of a life annuity, except as provided in section 104.1027, and shall be an amount for life equal to one and seven-tenths percent of the final average pay of the member multiplied by the member's years of credited service.

3. The life annuity defined in subsection 2 of this section shall not be less than a monthly amount equal to fifteen dollars multiplied by the member's full years of credited service.

4. If as of the annuity starting date of a member who has attained normal retirement eligibility the sum of the member's years of age and years of credited service equals eighty or more years and if the member's age is at least fifty years but less than sixty-two years, or, in the case of a member of the highway patrol who shall be subject to the mandatory retirement provision of section 104.080, the mandatory retirement age and completion of five years of credited service, then in addition to the life annuity described in subsection 2 of this section, the member shall receive a temporary annuity equal to eight-tenths of one percent of the member's final average pay multiplied by the member's years of credited service. The temporary annuity and any cost-of-living adjustments attributable to the temporary annuity pursuant to section 104.1045 shall terminate at the end of the calendar month in which the earlier of the following events occurs: the member's death or the member's attainment of the earliest age of eligibility for reduced Social Security retirement benefits.

5. The annuity described in subsection 2 of this section for any person who has credited service not covered by the federal Social Security Act, as provided in sections 105.300 to 105.445, RSMo, shall be calculated as follows: the life annuity shall be an amount equal to two and five-tenths percent of the final average pay of the member multiplied by the number of years of service not covered by the federal Social Security Act in addition to one and seven-tenths percent of the final average pay of the member multiplied by the member's years of credited service covered by the federal Social Security Act.

6. Effective [January] **July 1, 2002**, any member, except an elected official or a member of the general assembly, who has not been paid retirement benefits and continues employment for at least two years beyond the date of normal retirement eligibility, may elect to receive an annuity and lump sum payment or payments, determined as follows:

(1) A retroactive starting date shall be established which shall be [the later of the first day of retirement eligibility or five years before the annuity starting date] **a date selected by the member; provided, however, that the retroactive starting date selected by the member shall not be a date which is earlier than the date when a normal annuity would have first been payable. In addition, the retroactive starting date shall not be more than five years prior to the annuity starting date. The member's selection of a retroactive starting date shall be done in twelve-month increments, except this restriction shall not apply when the member selects the total available time between the retroactive starting date and the annuity starting date;**

(2) The prospective annuity payable as of the annuity starting date shall be determined pursuant to the provisions of this section, with the exception that it shall be the amount which would have been payable at the annuity starting date had the member actually retired on the retroactive starting date under the retirement plan selected by the member. Other than for the lump sum payment or payments specified in subdivision (3) of this subsection, no other amount shall be due for the period between the retroactive starting date and the annuity starting date;

(3) The lump sum payable shall be ninety percent of the annuity amounts which would have been paid to the member from the retroactive starting date to the annuity starting date had the member actually retired on the retroactive starting date and received a life annuity. The member shall elect to receive the lump sum amount either in its entirety at the same time as the initial annuity payment is made or in three equal annual installments with the first payment made at the same time as the initial annuity payment; [and]

(4) Any annuity payable pursuant to this section that is subject to a division of benefit order pursuant to section 104.1051 shall be calculated as follows:

(a) Any service of a member between the retroactive starting date and the annuity starting date shall not be considered credited service except for purposes of calculating the division of benefit; and

(b) The lump sum payment described in subdivision (3) of this section shall not be subject to any division of benefit order; **and**

(5) For purposes of determining annual benefit increases payable as part of the lump sum and annuity provided pursuant to this section, the retroactive starting date shall be considered the member's date of retirement.

104.1039. REEMPLOYMENT OF A RETIREE, EFFECT ON ANNUITY. — If a retiree is employed as an employee by a department [and works more than one thousand hours per year regardless of the number of positions held on or after the first day of employment, the retiree shall not receive an annuity or additional credited service for any month or part of a month for which the retiree is so employed. The system shall recover any benefit payments received by the retiree during any year that the retiree works more than one thousand hours pursuant to section 104.1060. The term "year" as used in this section shall mean the twelve-month period beginning on the annuity starting date and each subsequent year thereafter.], **the retiree shall not receive an annuity payment for any calendar month in which the retiree is so employed. While reemployed the retiree shall be considered to be a new employee with no previous credited service upon subsequent retirement. Such retiree shall receive an additional annuity in addition to the original annuity, calculated based only on the credited service and the pay earned by such retiree during reemployment and paid in accordance with the annuity option originally elected; provided such retiree who ceases to receive an annuity pursuant to this section shall not receive such additional annuity if such retiree is employed by a department in a position that is covered by a state-sponsored defined benefit retirement plan not created pursuant to this chapter. The original annuity and any additional annuity shall be paid commencing as of the end of the first month after the month during which the retiree's reemployment terminates.**

104.1054. BENEFITS ARE OBLIGATIONS OF THE STATE — BENEFITS NOT SUBJECT TO EXECUTION, GARNISHMENT, ATTACHMENT, WRIT OF SEQUESTRATION — BENEFITS UNASSIGNABLE — REVERSION OF BENEFITS, WHEN — REFUND RECEIVED, WHEN. — 1. The benefits provided to each member and each member's spouse, beneficiary, or former spouse under the year 2000 plan are hereby made obligations of the state of Missouri and are an incident of every member's continued employment with the state. No alteration, amendment, or repeal of the year 2000 plan shall affect the then existing rights of members, or their spouses, beneficiaries or former spouses, but shall be effective only as to rights which would otherwise accrue hereunder as a result of services rendered by a member after such alteration, amendment, or repeal.

2. Except as otherwise provided in section 104.1051, any annuity, benefit, funds, property, or rights created by, or accruing or paid to, any person covered under the year 2000 plan shall not be subject to execution, garnishment, attachment, writ of sequestration, or any other process or claim whatsoever, and shall be unassignable, except with regard to the collection of child support and maintenance, **and except that a beneficiary may assign life insurance proceeds.** Any retiree may request the executive director, in writing, to withhold and pay on his behalf to the proper person, from each of his monthly annuity payments, if the payment is large enough, the contribution due from the retiree to any group providing state-sponsored life or medical insurance.

3. The executive director shall, when requested in writing by a retiree, withhold and pay over the funds authorized in subsection 2 of this section until such time as the request to do so is revoked by the death or written revocation of the retiree.

4. In the event any amount is due a deceased member, survivor, or beneficiary who dies after September 1, 2002, such amount shall be paid to the person or entity designated in writing as beneficiary to receive such amount by such member, survivor, or beneficiary. The member, survivor, or beneficiary may designate in writing a beneficiary to receive any final payment due after the death of a member, survivor, or beneficiary pursuant to this chapter. If no living person or entity so designated as beneficiary exists at the time of death, such amount shall be paid to the surviving spouse married to the deceased member, survivor, or beneficiary at the time of death. If no surviving spouse exists, such amount shall be paid to the surviving children or their descendants of such member, survivor, or beneficiary in equal parts. If no surviving children or any of their descendants exist, such amount shall be paid to the surviving parents of such member, survivor, or beneficiary in equal parts. If no surviving parents exist, such amount shall be paid to the surviving brothers, sisters, or their descendants of such member, survivor, or beneficiary in equal parts. If no surviving brothers, sisters, or their descendants exist, payment may be made as otherwise permitted by law. Notwithstanding this subsection, any amount due to a deceased member as payment of all or part of a lump sum pursuant to subsection 6 of section 104.1024 shall be paid to the member's surviving spouse married to the member at the time of death, and otherwise payment may be made as provided in this subsection. In the event any amount that is due to a person from either system remains unclaimed by such member for a period of four years or more, such amount shall automatically revert to the credit of the fund of the member's system. If an application is made for such amount after such reversion, the board shall pay such amount to the person from the board's fund, except that no interest shall be paid on such amounts after the date of the reversion to the fund.

5. All annuities payable pursuant to the year 2000 plan shall be determined based upon the law in effect on the last date of termination of employment.

6. The beneficiary of any member who purchased creditable service in the Missouri state employees' retirement system shall receive a refund upon the member's death equal to the amount of any purchase less any retirement benefits received by the member unless an annuity is payable to a survivor or beneficiary as a result of the member's death. In such event, the beneficiary of the survivor or beneficiary who received the annuity shall receive a refund upon the survivor's or beneficiary's death equal to the amount of the member's purchase of services less any annuity amounts received by the member and the survivor or beneficiary.

104.1055. ELIGIBLE ROLLOVER DISTRIBUTION AND ELIGIBLE RETIREMENT PLAN DEFINED — COMPLIANCE WITH IRS CODE, WHEN. — 1. Notwithstanding any provision to the contrary in this chapter, the term "eligible rollover distribution" shall have the meaning specified in section 402(c)(4) of the Internal Revenue Code of 1986, as amended, and which is herein incorporated by reference.

2. Notwithstanding any provision to the contrary in this chapter, the term "eligible retirement plan" shall have the meaning specified in section 402(c)(8)(B) of the Internal Revenue Code of 1986, as amended, and which is herein incorporated by reference.

3. For distributions occurring after December 31, 1993, the systems shall comply with section 401(a)(31) of the Internal Revenue Code of 1986, as amended, and which is herein incorporated by reference.

104.1066. ACTUARIAL EVALUATIONS, METHODS USED — CERTIFICATION OF CONTRIBUTION RATE, WHEN. — 1. The year 2000 plan intends to follow a financing pattern which computes and requires contribution amounts which, expressed as percents of active member payroll, will remain approximately level from year to year and from one generation of citizens to the next generation. Such contribution determinations require regular actuarial valuations, which shall be made by the board's actuary, using assumptions and methods adopted

by the board after consulting with its actuary. The entry age-normal cost valuation method shall be used in determining normal cost, and contributions for unfunded accrued liabilities shall be determined using level percent-of-payroll amortization. For purposes of this subsection **and section 104.436**, the actuary shall determine a single contribution rate applicable to both closed plan and year 2000 plan participants and, in determining such rate, make estimates of the probabilities of closed plan participants transferring to the year 2000 plan.

2. At least ninety days before each regular session of the general assembly, the board of the Missouri state employees' retirement system shall certify to the division of budget the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next appropriation period. The commissioner of administration shall request appropriations based upon the contribution rate so certified. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay the [monthly] contributions to the year 2000 plan.

3. The employers of members covered by the Missouri state employees' retirement system who are not paid out of funds that have been deposited in the state treasury shall remit [monthly] **following each pay period** to the year 2000 plan an amount equal to the amount which the state would have paid if those members had been paid entirely from state funds. Such employers shall maintain payroll records for a minimum of five years and shall produce all such records as requested by the system. The system is authorized to request from the state office of administration an appropriation out of the annual budget of any such employer in the event such records indicate that such employer has not contributed the amounts required by this section. The office of administration shall request such appropriation which shall be equal to the amount necessary to replace any shortfall in contributions as determined by the system. From appropriations so made, the commissioner of administration shall certify contribution amounts to the state treasurer who in turn shall immediately pay such contributions to the year 2000 plan.

4. At least ninety days before each regular session of the general assembly, the board of the transportation department and highway patrol retirement system shall certify to the department of transportation and the department of public safety the contribution rate necessary to cover the liabilities of the year 2000 plan administered by such system, including costs of administration, expected to accrue during the next biennial or other appropriation period. Each department shall include in its budget and in its request for appropriations for personal service the sum so certified to it by such board, and shall present the same to the general assembly for allowance. The sums so certified and appropriated, when available, shall be immediately paid to the system and deposited in the highway and transportation employees' and highway patrol retirement and benefit fund.

5. These amounts are funds of the year 2000 plan and shall not be commingled with any funds in the state treasury.

104.1072. LIFE INSURANCE BENEFITS — MEDICAL INSURANCE FOR CERTAIN RETIREES.

— 1. Each board shall provide or contract, or both, for life insurance benefits for employees covered pursuant to the year 2000 plan as follows:

(1) Employees shall be provided fifteen thousand dollars of life insurance until December 31, 2000. Effective January 1, 2001, the system shall provide or contract or both for basic life insurance for employees covered under any retirement plan administered by the system pursuant to this chapter, persons covered by sections 287.812 to 287.856, RSMo, for employees who are members of the judicial retirement system as provided in section 476.590, RSMo, and, at the election of the state highways and transportation commission, employees who are members of the highways and transportation employees' and highway patrol retirement system, in the amount equal to one times annual pay, subject to a minimum amount of fifteen thousand dollars. The board shall establish by rule or contract the method for determining the annual rate of pay and any other terms of such insurance as it deems necessary to implement the requirements pursuant

to this section. Annual rate of pay shall not include overtime or any other irregular payments as determined by the board. Such life insurance shall provide for triple indemnity in the event the cause of death is a proximate result of a personal injury or disease arising out of and in the course of actual performance of duty as an employee;

(2) [Upon a] **Any** member [terminating] **who terminates** employment [and becoming a retiree the month following termination of employment,] **after reaching normal or early retirement eligibility and becomes a retiree within sixty days of such termination shall receive** five thousand dollars of life insurance [shall be provided] **coverage.**

2. (1) In addition to the life insurance authorized by the provisions of subsection 1 of this section, any person for whom life insurance is provided or contracted for pursuant to such subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, additional life insurance at a cost to be stipulated in a contract with a private insurance company or as may be required by a system if the board of trustees determines that the system should provide such insurance itself. The maximum amount of additional life insurance which may be so purchased is that amount which equals six times the amount of the person's annual rate of pay, subject to any maximum established by a board, except that if such maximum amount is not evenly divisible by one thousand dollars, then the maximum amount of additional insurance which may be purchased is the next higher amount evenly divisible by one thousand dollars.

(2) Any person defined in subdivision (1) of this subsection may retain an amount not to exceed sixty thousand dollars of life insurance following the date of his or her retirement if such person becomes a retiree the month following termination of employment and makes written application for such life insurance at the same time such person's application is made to the board for retirement benefits. Such life insurance shall only be provided if such person pays the entire cost of the insurance, as determined by the board, by allowing voluntary deductions from the member's annuity.

(3) In addition to the life insurance authorized in subdivision (1) of this subsection, any person for whom life insurance is provided or contracted for pursuant to this subsection may purchase, at the person's own expense and only if monthly voluntary payroll deductions are authorized, life insurance covering the person's children or the person's spouse or both at coverage amounts to be determined by the board at a cost to be stipulated in a contract with a private insurer or as may be required by the system if the board of trustees determines that the system should provide such insurance itself.

(4) Effective July 1, 2000, any member who applies and is eligible to receive an annuity based on the attainment of at least fifty years of age with a total of years of age and years of credited service which is at least eighty shall be eligible to retain any optional life insurance described in subdivision (1) of this subsection. The amount of such retained insurance shall not be greater than the amount in effect during the month prior to termination of employment. Such insurance may be retained until the member's attainment of the earliest age for eligibility for reduced Social Security retirement benefits at which time the amount of such insurance that may be retained shall be that amount permitted pursuant to subdivision (2) of this subsection.

3. Except as otherwise provided by law, the cost of benefits for dependents of members and for [retired members] **retirees** and their dependents shall be paid by the members **or retirees**. The [state highways and transportation] commission may contract **with other persons or entities including but not limited to third-party administrators, health network providers and health maintenance organizations** for all, or any part of, the [insurance]

benefits provided for in this section. [If the state highways and transportation commission contracts for insurance benefits, or for administration of the insurance plan, such contracts shall be entered into on the basis of competitive bids.] **The commission may require reimbursement of any medical claims paid by the commission's medical plan for which there was third-party liability.**

4. The highways and transportation employees' and highway patrol retirement system may request the state highways and transportation commission to provide life insurance benefits as required in subsections 1 and 2 of this section. If the state highways and transportation commission agrees to the request, the highways and transportation employees' and highway patrol retirement system shall reimburse the state highways and transportation commission for any and all costs for life insurance provided pursuant to subdivision [(1)] (2) of subsection 1 of this section. The person who is covered pursuant to subsection 2 of this section shall be solely responsible for the costs of any additional life insurance. **In lieu of the life insurance benefit in subdivision (2) of subsection 1 of this section, the highways and transportation employees' and highway patrol retirement system is authorized in its sole discretion to provide a death benefit of five thousand dollars.**

(2) **Any member who has been denied disability benefits by the insurer or service organization and has exhausted all appeal procedures provided by the insurer or service organization may appeal such decision by filing a petition against the insurer or service organization in a court of law in the member's county of residence;**

(3) **The board and the system shall not be liable for the disability benefits provided for by an insurer or service organization pursuant to this section and shall not be subject to any cause of action with regard to disability benefits or the denial of disability benefits by the insurer or service organization unless the member has obtained judgment against the insurer or service organization for disability benefits and the insurer or service organization is unable to satisfy that judgment.**

375.775. ASSOCIATION, POWERS AND DUTIES. — 1. The association shall:

(1) Be obligated to the extent of the covered claims existing prior to the date of [entry of a decree or judgment pursuant to section 375.560] **a final order of liquidation** or a judicial determination by a court of competent jurisdiction in the insurer's domiciliary state that an insolvent insurer exists and arising within thirty days from the date or at the time of the first such [decree, judgment] **order** or determination, or before the policy expiration date if less than thirty days after such date, or before or at the time the insured replaces the policy or causes its cancellation, if he does so within thirty days of such date, but obligation shall include only that amount of each covered claim which is in excess of one hundred dollars and is less than three hundred thousand dollars, except that the association shall pay the full amount of any covered claim arising out of a workers' compensation policy. In no event shall the association be obligated to an insured or claimant in an amount in excess of the face amount or the limits of the policy from which a claim arises or be obligated for the payment of unearned premium in excess of the amount of ten thousand dollars, or to an insured or claimant on any covered claim until it receives confirmation from the receiver or liquidator of an insolvent insurer that the claim is within the coverage of an applicable policy of the insolvent insurer, except that within the sole discretion of the association, if the association deems it has sufficient evidence from other sources, including any claim forms which may be propounded by the association, that the claim is within the coverage of an applicable policy of the insolvent insurer, it shall proceed to process the claim, pursuant to its statutory obligations, without such confirmation by the receiver or liquidator:

(a) All covered claims shall be filed with the association on the claim information form required by this paragraph no later than the final date first set by the court for the filing of claims against the liquidator or receiver of an insolvent insurer, except that if the time first set by the court for filing claims is one year or less from the date of insolvency, and an extension of the time to file claims is granted by the court, claims may be filed with the association no later than the new date set by the court or within one year of the date of insolvency, whichever first occurs. In no event shall the association be obligated on a claim filed after such date or on one not filed on the required form. A claim information form shall consist of a statement verified under oath by the claimant which includes all of the following:

- a. The particulars of the claim;
- b. A statement that the sum claimed is justly owing and that there is no setoff, counterclaim, or defense to said claim;

c. The name and address of the claimant and the attorney who represents the claimant, if any; and

d. If the claimant is an insured, that the insured's net worth did not exceed twenty-five million dollars on the date the insurer became an insolvent insurer. The association may require that a prescribed form be used and may require that other information and documents be included. A covered claim shall not include any claim not described in a timely filed claim information form even though the existence of the claim was not known to the claimant at the time a claim information form was filed;

(b) In the case of claims arising from a member insurer subject to a final order of liquidation issued on or after September 1, 2000, the provisions of paragraph (a) of subdivision (1) of subsection 1 of this section shall not apply and in lieu thereof, such claims shall be governed by this paragraph. All covered claims shall be filed with the association, liquidator or receiver no later than the final date first set by the court for the filing of claims against the liquidator or receiver of an insolvent insurer, except that if the time first set by the court for filing claims is one year or less from the date of the insolvency, and an extension of the time to file claims is granted by the court, claims may be filed no later than the new date set by the court or within one year of the date of insolvency, whichever first occurs. The association may require that the prescribed forms be used and may require that other information and documents be included in confirming the existence of a covered claim or in determining eligibility of any claimant. Such information may include, but is not limited to:

a. The particulars of the claim;

b. A statement that the sum claimed is justly owing and that there is not setoff, counterclaim, or defense to said claim;

c. The name and address of the claimant and the attorney who represents the claimant, if any; and

d. A verification under oath of such requested information. In no event shall the association be obligated on a claim filed with the association, liquidator or receiver for protection afforded under the insured's policy for incurred but not reported losses. A covered claim shall not include any claim that is not filed prior to the final date for filing claims, even though the existence of the claims was not known to the claimant prior to such final date.

(c) In the case of claims arising from bodily injury, sickness or disease, the amount of any such award shall not exceed the claimant's reasonable expenses incurred for necessary medical, surgical, X-ray, dental services and comparable services for individuals who, in the exercise of their constitutional rights, rely on spiritual means alone for healing in accordance with the tenets and practices of a recognized church or religious denomination by a duly accredited practitioner thereof, including prosthetic devices and necessary ambulance, hospital, professional nursing, and any amounts lost or to be lost by reason of claimant's inability to work and earn wages or salary or their equivalent, except that the association shall pay the full amount of any covered claim arising out of a workers' compensation policy. Such award may also include payments in fact made to others, not members of claimant's household, which were reasonably incurred to obtain from such other persons ordinary and necessary services for the production of income in lieu of those services the claimant would have performed for himself had he not been injured. Verdicts as respect only those civil actions as may be brought to recover damages as provided in this section shall specifically set out the sums applicable to each item in this section for which an award may be made;

(2) Be deemed the insurer to the extent of its obligations on the covered claims and to such extent shall have all rights, duties, and obligations of the insolvent insurer as if the insurer had not become insolvent;

(3) Allocate claims paid and expenses incurred among the four accounts separately, and assess member insurers separately for each account amounts necessary to pay the obligations of

the association under subdivision (1) of this subsection to an insolvency, the expenses of handling covered claims subsequent to an insolvency, the cost of examinations under subdivision (6) of this subsection, and other expenses authorized by sections 375.771 to 375.779. The assessments of each member insurer shall be in the proportion that the net direct written premiums of the member insurer for the preceding calendar year on the kinds of insurance in the account bears to the net direct written premiums of all member insurers for the preceding calendar year of the kinds of insurance in the account. Each member insurer shall be notified of the assessment not later than thirty days before it is due. No member insurer may be assessed in any year on any account an amount greater than one percent of that member insurer's net direct written premiums for the preceding calendar year on the kinds of insurance in the account. If the maximum assessment, together with the other assets of the association in any account, does not provide in any one year in any account an amount sufficient to make all necessary payments from that account, the funds available shall be prorated and the unpaid portion shall be paid as soon thereafter as funds become available. The association may defer, in whole or in part, the assessment of any member insurer, if the assessment would cause the member insurer's financial statement to reflect amounts of capital or surplus less than the minimum amounts required for a certificate of authority by any jurisdiction in which the member insurer is authorized to transact insurance. Deferred assessments shall be paid when such payment will not reduce capital or surplus below required minimums. Such payments shall be refunded to those companies receiving larger assessments by virtue of such deferment, or, in the discretion of any such company, credited against future assessments. No dividends shall be paid stockholders or policyholders of a member insurer so long as all or part of any assessment against such insurer remains deferred. Each member insurer may set off against any assessment, authorized payments made on covered claims and expenses incurred in the payment of such claims by the member insurer if they are chargeable to the account for which the assessment is made. Assessments made under sections 375.771 to 375.779 and section 375.916 shall not be subject to subsection 1 of section 375.916;

(4) Handle claims through its employees or through one or more insurers or other persons designated as servicing facilities. Designation of a servicing facility is subject to the approval of the director, but such designation may be declined by a member insurer;

(5) Reimburse each servicing facility for obligations of the association paid by the facility and for actual expenses incurred by the facility while handling claims on behalf of the association and shall pay the other expenses of the association authorized by this section;

(6) Be subject to examination and regulation by the director. The board of directors shall submit, not later than March thirtieth of each year, a financial report for the preceding calendar year in a form approved by the director; and

(7) Be considered to have been designated commissioner pursuant to subsection 2 of section 375.670, and it shall proceed to investigate, hear, settle, and determine covered claims unless the claimant shall, within thirty days from the date the claim is presented, present a written demand that such claim be processed in the liquidation proceedings as a claim not covered by sections 375.771 to 375.779.

2. The association may:

(1) Appear in, defend and appeal any action on a claim brought against the association;

(2) Employ or retain such persons as are necessary to handle claims and perform other duties of the association;

(3) Borrow funds necessary to effect the purposes of sections 375.771 to 375.779 in accord with the plan of operation;

(4) Sue or be sued;

(5) Negotiate and become a party to such contracts as are necessary to carry out the purpose of sections 375.771 to 375.779;

(6) Perform such other acts as are necessary or proper to effectuate the purpose of sections 375.771 to 375.779;

(7) Refund to the member insurers in proportion to the contribution of each member insurer to that account that amount by which the assets of the account exceed the liabilities, if, at the end of any calendar year, the board of directors finds that the assets of the association in any account exceed the liabilities of that account as estimated by the board of directors for the coming year; and

(8) Become a member of the National Committee on Insurance Guaranty Funds.

379.321. RATING PLANS TO BE FILED WITH DIRECTOR, WHEN — INFORMATIONAL FILINGS. — 1. Every insurer shall file with the director, except as to commercial property or commercial casualty insurance as provided in subsection 6 of this section, every manual of classifications, rules, underwriting rules and rates, every rating plan and every modification of the foregoing which it uses and the policies and forms to which such rates are applied. Any insurer may satisfy its obligation to make any such filings by becoming a member of, or a subscriber to, a licensed rating organization which makes such filings and by authorizing the director to accept such filings on its behalf, provided that nothing contained in section 379.017 and sections 379.316 to 379.361 shall be construed as requiring any insurer to become a member of or a subscriber to any rating organization or as requiring any member or subscriber to authorize the director to accept such filings on its behalf. Filing with the director by such insurer or licensed rating organization within ten days after such manuals, rating plans or modifications thereof or policies or forms are effective shall be sufficient compliance with this section.

2. Except as to commercial property or commercial casualty insurance as provided in subsection 6 of this section [and inland marine risks as provided in subsection 1 of this section], no insurer shall make or issue a policy or contract except pursuant to filings which are in effect for that insurer or pursuant to section 379.017 and sections 379.316 to 379.361. Any rates, rating plans, rules, classifications or systems, in effect on August 13, 1972, shall be continued in effect until withdrawn by the insurer or rating organization which filed them.

3. Upon the written application of the insured, stating his or her reasons therefor, filed with the insurer, a rate in excess of that provided by a filing otherwise applicable may be used on any specific risk.

4. Every insurer which is a member of or a subscriber to a rating organization shall be deemed to have authorized the director to accept on its behalf all filings made by the rating organization which are within the scope of its membership or subscribership, provided:

(1) That any subscriber may withdraw or terminate such authorization, either generally or for individual filings, by written notice to the director and to the rating organization and may then make its own independent filings for any kinds of insurance, or subdivisions, or classes of risks, or parts or combinations of any of the foregoing, with respect to which it has withdrawn or terminated such authorization, or may request the rating organization, within its discretion, to make any such filing on an agency basis solely on behalf of the requesting subscriber; and

(2) That any member may proceed in the same manner as a subscriber unless the rating organization shall have adopted a rule, with the approval of the director:

(a) Requiring a member, before making an independent filing, first to request the rating organization to make such filing on its behalf and requiring the rating organization, within thirty days after receipt of such request, either:

- a. To make such filing as a rating organization filing;
- b. To make such filing on an agency basis solely on behalf of the requesting member; or
- c. To decline the request of such member; and

(b) Excluding from membership any insurer which elects to make any filing wholly independently of the rating organization.

5. Any change in a filing made pursuant to this section during the first six months of the date such filing becomes effective shall be approved or disapproved by the director within ten days following the director's receipt of notice of such proposed change.

6. Commercial property and commercial casualty requirements differ as follows:

(1) All commercial property and commercial casualty insurance rates, rate plans, modifications, and manuals of classifications, where appropriate, shall be filed with the director for informational purposes only. Such rates are not to be reviewed or approved by the department of insurance as a condition of their use. Nothing in this subsection shall require the filing of individual rates where the original manuals, rates and rules for the insurance plan or program to which such individual policies conform have already been filed with the director;

(2) If an insurer will only renew a commercial casualty or commercial property insurance policy with an increase in premium of twenty-five percent or more, a "premium alteration requiring notification" notice must be mailed or delivered by the insurer at least sixty days prior to the expiration date of the policy, except in the case of an umbrella or excess policy the coverage of which is contingent on the coverage of an underlying policy of commercial property or casualty insurance, in which case notice of an increase in premium of twenty-five percent or more shall be mailed or delivered at least thirty days prior to the expiration date of the policy. Such notice shall be mailed or delivered to the agent of record and to the named insured at the address shown in the policy. If the insurer fails to meet this notice requirement, the insured shall have the option of continuing the policy for the remainder of the notice period plus an additional thirty days at the premium rate of the existing policy or contract. This provision does not apply if the insurer has offered to renew a policy without such an increase in premium or if the insured fails to pay a premium due or any advance premium required by the insurer for renewal. For purposes of this section, "premium alteration requiring notification" means an annual increase in premium of twenty-five percent or more, exclusive of premium increases due to a change in the operations of the insured which increases either the hazard insured against or the individual loss characteristics, or due to a change in the magnitude of the exposure basis, including, without limitation, increases in payroll or sales. For commercial multiperil policies, no "premium alteration requiring notification" shall be required unless the increase in premium for all of a policyholder's policies taken together amounts to a twenty-five percent or more annual increase in premium;

(3) Commercial property and commercial casualty policy forms shall be filed with the director as provided pursuant to subsection 1 of this section. However, if after review, it is

determined that corrective action must be taken to modify the filed forms, the director shall impose such corrective action on a prospective basis for new policies. All policies previously issued which are of a type that is subject to such corrective action shall be deemed to have been modified to conform to such corrective action retroactive to their inception date;

(4) For purposes of this section, "commercial casualty" means "commercial casualty insurance" as defined in section 379.882. For purposes of this section, "commercial property" means property insurance, which is for business and professional interests, whether for profit, nonprofit or public in nature which is not for personal, family or household purposes, **and shall include commercial inland marine insurance**, but does not include title insurance;

(5) Nothing in this subsection shall limit the director's authority over excessive, inadequate or unfairly discriminatory rates.

379.889. RATES NOT TO BE EXCESSIVE, INADEQUATE, OR UNFAIRLY DISCRIMINATORY — UNFAIR DISCRIMINATION DEFINED. — [1. The effective date of a commercial casualty insurance filing required to be submitted to the director for review shall be the date specified therein, but not earlier than sixty days after the filing is received by the director. If the director has reviewed the filing prior to expiration of the waiting period, the director may authorize an effective date prior to expiration of the waiting period but not earlier than the date such written application is received. If the director has not approved or disapproved the commercial casualty insurance filing within the sixty-day period after the filing is received by the director, the filing shall be deemed approved until such time as the director disapproves the filing.

2. The director shall only approve] Commercial casualty insurance [filings that are not] **rates shall not be** excessive, inadequate or unfairly discriminatory. No rate shall be held to be excessive unless such rate is unreasonably high for the insurance coverage provided. No rate shall be held to be inadequate unless such rate is unreasonably low for the insurance coverage provided and is insufficient to sustain projected losses and expenses or unless such rate is unreasonably low for the insurance coverage provided and the use of such rate has, or if continued will have, the effect of destroying competition or creating a monopoly. Unfair discrimination shall be defined to include, but shall not be limited to, the use of rates which unfairly discriminate between risks in the application of like charges or credits or the use of rates which unfairly discriminate between risks having essentially the same hazard.

379.890. RATES, RATE PLAN OR RATE SYSTEM FILING — REQUIRED ACTUARIAL DATA. — Supporting actuarial data shall [accompany every] **be filed in support of a commercial casualty insurance rate, rating plan, or rating system filing, whenever requested by the director to determine whether rates are excessive, inadequate or unfairly discriminatory.** The data shall be in sufficient detail to:

- (1) Justify any rate level changes; and
- (2) Demonstrate the statistical significance of differences or correlations relevant to rating plan definitions and rate differentials.

[379.362. COMMERCIAL PROPERTY INSURANCE AND COMMERCIAL CASUALTY INSURANCE POLICIES EXEMPT, WHEN — INFORMATION REQUIRED — SURPLUS LINES EXCEPTION. — 1. Commercial property insurance and commercial casualty insurance policies shall be exempt from those provisions of sections 379.316 to 379.361, sections 379.420 to 379.510 and section 379.888 which concern regulation by the department of policy language, policy provisions or the format of such policies, or the rates associated with such policies, for any policy for which the policyholder certifies in writing, on a certification form approved by the department, that the policyholder understands that the policy's language or the policy's rating is unregulated by the department and that the requirements of either subdivision (1) or subdivision (2) below are met:

(1) The policyholder has utilized the services of the independent insurance adviser. For purposes of this section, the term "independent insurance adviser" means a person who is qualified through education, training or experience to assess the purchaser's insurance needs and analyze the policy with or on behalf of the policyholder. Such an insurance adviser may be an employee of the policyholder or a person retained by the purchaser, provided that the independent insurance adviser shall not also be an employee of the insurer. Such an independent insurance adviser shall only be compensated for services related to the insurance transaction in question by the policyholder; or

2. An insurer writing a commercial property or commercial casualty insurance policy pursuant to subsection 1 of this section shall retain a copy of the policyholder's written certification as part of the insurer's policy records of the transaction.

3. Nothing contained in subsection 1 of this section shall be construed as exempting commercial property or commercial casualty policies which meet the requirements of subsection 1 of this section from any regulatory authority of the director of the department of insurance other than that authority related to the oversight of the policy language, policy provisions or the format of policies, or of the rates used to calculate the amount of premium charged. In particular, nothing contained in subsection 1 of this section shall limit the director's authority over excessive, inadequate or unfairly discriminatory rates.

4. The director may, by rule, require insurers providing coverage pursuant to subsection 1 of this section to retain information in such insurer's files identifying the policies providing such coverage, and to report to the department aggregate data regarding the types of such coverage written and the amounts charged for such coverage.

5. Notwithstanding the provisions of section 384.017, RSMo, commercial property or commercial casualty insurance meeting the requirements of subsection 1 of this section may be procured through a surplus lines licensee from an eligible surplus lines insurer even though the same type of coverage or quality of service is obtainable in the market from admitted insurers.]

The authority may invest any funds held pursuant to powers granted under this section, which are not required for immediate disbursement, in any investment approved by the authority and specified in the trust indenture or resolution pursuant to which such bonds or notes are issued without regard to any limitation otherwise imposed by section 360.120 or otherwise by law; provided, however, that each participating district shall receive the earnings, or a credit for such earnings, to the extent any such amounts invested are attributable to a particular participating district.

6. (1) In connection with school district bonds, upon certification by the authority to the commissioner of education and the state treasurer that the funding agreement provides for consent by a participating district for direct deposit of its state payments to the trustee, the state treasurer shall transfer, but only out of funds described in this section, directly to the trustee for such school district bonds, the amounts needed to pay the principal and interest when due on the school district bonds attributable to a particular participating district. Such transfers for any school district bonds attributable to a particular participating district shall only be made out of, and to the extent of, the state payments and distributions from all funds to be made by the state to such participating district pursuant to sections 163.011 to 163.195, RSMo, and the distributions from the fair share fund to be made by the state to such participating district pursuant to section 149.015, RSMo. Any such transfer by the state on behalf of a participating district shall discharge the state's obligation to make such state payments to such participating district to the extent of such transfer;

(2) A participating district shall withdraw amounts from any of its funds established pursuant to section 165.011, RSMo, to the extent such amounts could have been used to make the payments made on its behalf by the state treasurer as provided in subdivision (1) of this subsection. Notwithstanding any provisions of section 108.180, RSMo, to the contrary, such amounts shall be deposited into the participating district's funds as provided by law in lieu of the state payments transferred to the trustee under the funding agreement;

(3) The authority shall from time to time develop guidelines containing certain criteria with respect to participating school districts and with respect to the issuance of school district bonds;

(4) Transfers made under this subsection pursuant to a school district's participation in a funding agreement under this section shall be made at no cost to the school district.

7. The authority shall provide for the payment of costs of issuance, costs of credit enhancement and any other costs or fees related to the issuance of any school district bonds other than reserve funds, out of the proceeds thereof or out of amounts distributed annually to the authority pursuant to sections 160.534 and 164.303, RSMo. The authority shall annually submit a request for funding of such costs to the commissioner of education in such form and at such time as he may request. A copy of such request shall be forwarded to the commissioner of administration. The authority shall provide for the payment of costs pursuant to this subsection only for bonds issued for the purpose of financing construction or renovation projects approved by voters after January 1, 1995, or refinancing construction or renovation projects or for refinance of lease purchase obligations with general obligation bonds.

8. Any refunding or refinancing of existing bonds of a school district under this section shall have a net present value savings of at least one and one-half percent of the par amount of the refunded bonds.

9. The commissioner of education shall serve as an ex officio, nonvoting, advisory member of the authority solely with regard to the exercise of powers granted pursuant to this section.

10. Nothing in this section or sections 360.111 to 360.118 shall be construed to relieve a school district **or public community junior college** of its obligation to levy a debt service levy or capital projects levy sufficient to retire any obligation of the district **or college** as otherwise provided by law.

11. Any professional services provided in connection with the sale of such bonds pursuant to this section, including, but not limited to, underwriters, bond counsel, underwriters' counsel, trustee and financial advisors, shall be obtained through competitive bidding. The initial bid for professional services shall be for a period of not longer than two years, and thereafter such bids shall be awarded for a period not longer than one year.

12. The authority shall review the cost effectiveness of the program established under this section and sections 360.111 to 360.118 and shall, on or before the fifteenth of August of each year, provide a report to the general assembly which shall contain a report on the program, the authority's findings and a recommendation of whether this section should be repealed, strengthened or otherwise amended.

360.111. SCHOOL DISTRICTS OR PUBLIC COMMUNITY JUNIOR COLLEGE MAY PARTICIPATE IN A DIRECT DEPOSIT AGREEMENT — PARTICIPATION A WAIVER OF RIGHT TO BANKRUPTCY. — Any school district **or public community junior college** which is not a participating district, as defined in section 360.106, with respect to a particular issue of its bonds, notes or other financial obligations may participate with the authority in a direct deposit agreement with respect to such issue of bonds, notes or other financial obligations. A direct deposit agreement under sections 360.111 to 360.118 shall satisfy all requirements of subsection 6 of section 360.106 with regard to funding agreements of participating districts, and such school district shall be subject to all requirements applicable to participating districts under subsections 6 and 9 of section 360.106 and shall have all powers granted to participating districts under subsection 6 of section 360.106. A direct deposit agreement under sections 360.111 to 360.118 shall include a complete waiver by the school district **or public community junior college** of all powers, rights and privileges conferred upon the school district **or public community junior college** to institute any action authorized by any act of the Congress of the United States relating to bankruptcy on the part of the school district **or public community junior college**. No school district **or public community junior college** shall be precluded from participation with the authority pursuant to section 360.106 with respect to any particular issue of bonds, notes or other financial obligations on the basis of the district's **or college's** participation with the authority in a direct deposit agreement pursuant to sections 360.111 to 360.118 with respect to any other issue of bonds, notes or other financial obligations.

360.112. The authority, the commissioner of education and the state treasurer shall be authorized to take all actions with regard to a school district **or public community junior college** which has a direct deposit agreement under sections 360.111 to 360.118 as such persons are authorized to take such actions with respect to a participating district under subsection 6 of section 360.106.

SECTION

A. Enacting clause.

130.046. Times for filing of disclosure — periods covered by reports — certain disclosure reports not required — supplemental reports, when.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 130.046, RSMo, is repealed and one new section enacted in lieu thereof, to be known as section 130.046, to read as follows:

130.046. TIMES FOR FILING OF DISCLOSURE — PERIODS COVERED BY REPORTS — CERTAIN DISCLOSURE REPORTS NOT REQUIRED — SUPPLEMENTAL REPORTS, WHEN. — 1. The disclosure reports required by section 130.041 for all committees shall be filed at the following times and for the following periods:

(1) Not later than the eighth day before an election for the period closing on the twelfth day before the election if the committee has made any contribution or expenditure either in support or opposition to any candidate or ballot measure;

(2) Not later than the thirtieth day after an election for a period closing on the twenty-fifth day after the election, if the committee has made any contribution or expenditure either in support of or opposition to any candidate or ballot measure; except that, a successful candidate who takes office prior to the twenty-fifth day after the election shall have complied with the report requirement of this subdivision if a disclosure report is filed by such candidate and any candidate committee under the candidate's control before such candidate takes office, and such report shall be for the period closing on the day before taking office; and

(3) Not later than the fifteenth day following the close of each calendar quarter.

Notwithstanding the provisions of this subsection, if any committee accepts contributions or makes expenditures in support of or in opposition to a ballot measure or a candidate, and the report required by this subsection for the most recent calendar quarter is filed prior to the fortieth day before the election on the measure or candidate, the committee shall file an additional disclosure report not later than the fortieth day before the election for the period closing on the forty-fifth day before the election.

2. In the case of a ballot measure to be qualified to be on the ballot by initiative petition or referendum petition, or a recall petition seeking to remove an incumbent from office, disclosure reports relating to the time for filing such petitions shall be made as follows:

(1) In addition to the disclosure reports required to be filed pursuant to subsection 1 of this section the treasurer of a committee, other than a continuing committee, supporting or opposing a petition effort to qualify a measure to appear on the ballot or to remove an incumbent from office shall file an initial disclosure report fifteen days after the committee begins the process of raising or spending money. After such initial report, the committee shall file quarterly disclosure reports as required by subdivision (3) of subsection 1 of this section until such time as the reports required by subdivisions (1) and (2) of subsection 1 of this section are to be filed. In addition the committee shall file a second disclosure report no later than the fifteenth day after the deadline date for submitting such petition. The period covered in the initial report shall begin on the day

the committee first accepted contributions or made expenditures to support or oppose the petition effort for qualification of the measure and shall close on the fifth day prior to the date of the report;

(2) If the measure has qualified to be on the ballot in an election and if a committee subject to the requirements of subdivision (1) of this subsection is also required to file a preelection disclosure report for such election any time within thirty days after the date on which disclosure reports are required to be filed in accordance with subdivision (1) of this subsection, the treasurer of such committee shall not be required to file the report required by subdivision (1) of this subsection, but shall include in the committee's preelection report all information which would otherwise have been required by subdivision (1) of this subsection.

3. The candidate, if applicable, treasurer or deputy treasurer of a committee shall file disclosure reports pursuant to this section, except for any calendar quarter in which the contributions received by the committee or the expenditures or contributions made by the committee do not exceed five hundred dollars. The reporting dates and periods covered for such quarterly reports shall not be later than the fifteenth day of January, April, July and October for periods closing on the thirty-first day of December, the thirty-first day of March, the thirtieth day of June and the thirtieth day of September. No candidate, treasurer or deputy treasurer shall be required to file the quarterly disclosure report required not later than the fifteenth day of any January immediately following a November election, provided that such candidate, treasurer or deputy treasurer shall file the information required on such quarterly report on the quarterly report to be filed not later than the fifteenth day of April immediately following such November election. Each report by such committee shall be cumulative from the date of the last report. In the case of the continuing committee's first report, the report shall be cumulative from the date of the continuing committee's organization. Every candidate, treasurer or deputy treasurer shall file, at a minimum, the campaign disclosure reports covering the quarter immediately preceding the date of the election and those required by subdivisions (1) and (2) of subsection 1 of this section. A continuing committee shall submit additional reports if it makes aggregate expenditures, other than contributions to a committee, of five hundred dollars or more, within the reporting period at the following times for the following periods:

(1) Not later than the [seventh] **eighth** day before an election for the period closing on the twelfth day before the election;

(2) Not later than forty-eight hours after aggregate expenditures of five hundred dollars or more are made after the twelfth day before the election; and

(3) Not later than the thirtieth day after an election for a period closing on the twenty-fifth day after the election.

4. The reports required to be filed no later than the thirtieth day after an election and any subsequently required report shall be cumulative so as to reflect the total receipts and disbursements of the reporting committee for the entire election campaign in question. The period covered by each disclosure report shall begin on the day after the closing date of the most recent disclosure report filed and end on the closing date for the period covered. If the committee has not previously filed a disclosure report, the period covered begins on the date the committee was formed; except that in the case of a candidate committee, the period covered begins on the date the candidate became a candidate according to the definition of the term candidate in section 130.011.

5. Notwithstanding any other provisions of this chapter to the contrary:

(1) Certain disclosure reports pertaining to any candidate who receives nomination in a primary election and thereby seeks election in the immediately succeeding general election shall not be required in the following cases:

(a) If there are less than fifty days between a primary election and the immediately succeeding general election, the disclosure report required to be filed quarterly; provided that, any other report required to be filed prior to the primary election and all other reports required to be

filed not later than the [seventh] **eighth** day before the general election are filed no later than the final dates for filing such reports;

(b) If there are less than eighty-five days between a primary election and the immediately succeeding general election, the disclosure report required to be filed not later than the thirtieth day after the primary election need not be filed; provided that any report required to be filed prior to the primary election and any other report required to be filed prior to the general election are filed no later than the final dates for filing such reports; and

(2) No disclosure report needs to be filed for any reporting period if during that reporting period the committee has neither received contributions aggregating more than five hundred dollars nor made expenditure aggregating more than five hundred dollars and has not received contributions aggregating more than [two] **three** hundred [fifty] dollars from any single contributor **and if the committee's treasurer files a statement with the appropriate officer that the committee has not exceeded the identified thresholds in the reporting period.** Any contributions received or expenditures made which are not reported because [of] this statement is filed in lieu of a disclosure report shall be included in the next disclosure report filed by the committee. [A report] **This statement shall not be filed in lieu of the report** for two or more consecutive disclosure [quarters] **periods** if either the contributions received or expenditures made in the aggregate during those reporting periods exceed five hundred dollars [and a report]. **This statement shall not be filed [not], in lieu of the report,** later than the thirtieth day after an election if that report would show a deficit of more than one thousand dollars.

6. (1) If the disclosure report required to be filed by a committee not later than the thirtieth day after an election shows a deficit of unpaid loans and other outstanding obligations in excess of five thousand dollars, semiannual supplemental disclosure reports shall be filed with the appropriate officer for each succeeding semiannual period until the deficit is reported in a disclosure report as being reduced to five thousand dollars or less; except that, a supplemental semiannual report shall not be required for any semiannual period which includes the closing date for the reporting period covered in any regular disclosure report which the committee is required to file in connection with an election. The reporting dates and periods covered for semiannual reports shall be not later than the fifteenth day of January and July for periods closing on the thirty-first day of December and the thirtieth day of June;

(2) Committees required to file reports pursuant to subsection 2 or 3 of this section which are not otherwise required to file disclosure reports for an election shall file semiannual reports as required by this subsection if their last required disclosure report shows a total of unpaid loans and other outstanding obligations in excess of five thousand dollars.

7. In the case of a committee which disbands and is required to file a termination statement pursuant to the provisions of section 130.021 with the appropriate officer not later than the tenth day after the committee was dissolved, the candidate, committee treasurer or deputy treasurer shall attach to the termination statement a complete disclosure report for the period closing on the date of dissolution. A committee shall not utilize the provisions of subsection 8 of section 130.021 or the provisions of this subsection to circumvent or otherwise avoid the reporting requirements of subsection 6 or 7 of this section.

8. Disclosure reports shall be filed with the appropriate officer not later than 5:00 p.m. prevailing local time of the day designated for the filing of the report and a report postmarked not later than midnight of the day previous to the day designated for filing the report shall be deemed to have been filed in a timely manner. The appropriate officer may establish a policy whereby disclosure reports may be filed by facsimile transmission.

HB 1502 [SS SCS HS HCS HB 1502 & 1821]

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

Sets requirements for insurance companies that use credit reports for underwriting decisions.

AN ACT to amend chapter 375, RSMo, by adding thereto one new section relating to credit information used in insurance underwriting.

SECTION

A. Enacting clause.

375.918. Underwriting, use of credit scores, no adverse action permitted — definitions — disclosures.

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Chapter 375, RSMo, is amended by adding thereto one new section, to be known as section 375.918, to read as follows:

375.918. UNDERWRITING, USE OF CREDIT SCORES, NO ADVERSE ACTION PERMITTED — DEFINITIONS — DISCLOSURES. — 1. As used in this section, the following terms mean:

(1) "Adverse action", a denial, nonrenewal of, or a reduction in the amount of benefits payable or types of coverages under any contract, existing or applied for, in connection with the underwriting of insurance. An offer by an insurer to write a contract through an affiliated insurer does not constitute an adverse action;

(2) "Contract", any automobile insurance policy as defined in section 379.110, RSMo, or any property insurance policy as defined in section 375.001, including such a policy on a mobile home or residential condominium unit or a policy of renters' or tenants' insurance. Contract shall not include any policy of mortgage insurance or commercial insurance;

(3) "Credit report", any written or electronic communication of any information by a consumer reporting agency that:

(a) Bears on a person's credit worthiness, credit standing, or credit capacity; and

(b) Is used or collected wholly or partly to serve as a factor in the underwriting of a contract;

(4) "Credit scoring entity", any entity that is involved in creating, compiling, or providing insurance credit scores;

(5) "Insurance credit score", a numerical representation of the insurance risk a person presents using the person's attributes derived from a credit report or credit information in a formula to assess insurance risk on an actuarial or statistical basis;

(6) "Insurer", any insurance company or entity that offers a contract;

(7) "Underwriting", the selection of the risk that will be assumed by the insurer on a contract, and specifically the decision whether to accept, deny, renew, nonrenew, reduce, or increase the amount of benefits payable or types of coverages under the contract.

2. An insurer using a credit report or insurance credit score as a factor in underwriting shall not take an adverse action based on such factor without consideration of another noncredit related underwriting factor.

3. No insurer shall take an adverse action against an applicant or insured based on inability to compute an insurance credit score without consideration of another underwriting factor, unless the insurer can justify the credibility that the lack of an insurance credit score has in underwriting to the director of insurance.

4. An insurer using a credit report or insurance credit score as a factor in underwriting a contract shall disclose at the time of the original application for the contract or on the application itself that the insurer may gather credit information.

5. An insurer using a credit report or insurance credit score as a factor in underwriting of a contract shall not take an adverse action on such contract based on information that is the subject of a written dispute between the policyholder or applicant and a consumer reporting agency, as noted in such person's credit report, until such dispute has reached final determination in accordance with the federal Fair Credit Reporting Act, 15 U.S.C. Section 1681, et seq. In the event that information is the subject of a written dispute under this subsection, the sixty-day period provided by section 375.002 or section 379.110, RSMo, shall be extended until fifteen days after the dispute reaches final determination. Nothing in this subsection shall be construed to require any consumer reporting agency, as defined by the federal Fair Credit Reporting Act, 15 U.S.C. Section 1681, et seq., to include any information on a credit report beyond the extent required by the federal Fair Credit Reporting Act, 15 U.S.C. Section 1681, et seq.

6. If the use of a credit report or insurance credit score on a contract results in an adverse action, the insurer shall provide the policyholder or applicant:

(1) Notice that a credit report or insurance credit score adversely affected the underwriting of the contract;

(2) The name, address, and telephone number of the consumer credit reporting agency that furnished the credit information, in compliance with the notice requirements of the federal Fair Credit Reporting Act, 15 U.S.C. Section 1681, et seq.;

(3) Notice of the right to obtain a free credit report from the consumer credit reporting agency within sixty days; and

(4) Notice of the right to lodge a dispute with the consumer credit reporting agency to have any erroneous information corrected in accordance with the federal Fair Credit Reporting Act, 15 U.S.C. Section 1681, et seq.

7. Within thirty days from the date the insurer provides notice of an adverse action pursuant to subdivision (1) of subsection 6 of this section, the applicant or insured may in writing request from the insurer a statement of reasons for such action. For purposes of determining the thirty-day period, the notice of an adverse action is deemed received three days after mailing. The statement of reasons shall be sufficiently clear and specific so that a person of average intelligence can identify the basis for the insurer's decision without further inquiry. An insurer may provide an explanation of significant characteristics of the credit history that may have impacted such person's insurance credit score to meet the requirements of this subsection. Standardized credit explanations provided by credit scoring entities comply with this subsection.

8. If an insurer bases an adverse action in part on a credit report or insurance credit score, the applicant or insured may within thirty days of such adverse action make a written request for re-underwriting following any correction relating to the credit report or insurance credit score.

9. An insurer may obtain and use a current credit report or insurance credit score on new business or renewal contracts, but shall not take an adverse action with respect to renewal contracts based upon such credit report or insurance credit score until or after the third anniversary date of the initial contract.

10. Insurance inquiries shall not directly or indirectly be used as a negative factor in any insurance credit scoring formula or in the use of a credit report in underwriting.

11. Nothing in this section shall be construed as superceding the provisions of section 375.002 and section 379.114, RSMo. Nothing in this section shall be construed as prohibiting any insurer from using credit information in determining whether to offer a policyholder or applicant the option to finance or establish a payment plan for the

payment of any premium for a contract. Nothing in this section shall apply to any entity not acting as an insurer or credit scoring entity as defined in subsection 1 of this section.

12. No credit scoring entity shall provide or sell to any party, other than the insurer, its insurance company affiliates or holding companies, and the producer from whom the inquiry was generated, data or lists that include any information that in whole or in part is submitted in conjunction with credit inquiries about consumers. Such information includes, but is not limited to, expiration dates, information that may identify time periods during which a consumer's insurance may expire, or other nonpublic personal information as defined under the Gramm-Leach-Bliley Act, 15 U.S.C. Sections 6801 to 6809. The provisions of this subsection shall not preclude the exchange of information specifically authorized under the federal Fair Credit Reporting Act, 15 U.S.C. Section 1681, et seq., the Gramm-Leach-Bliley Act, 15 U.S.C. Sections 6801 to 6809 and other applicable federal law. The provisions of this subsection shall not apply to data disclosed in connection with a proposed or actual sale, merger, transfer or exchange of all or a portion of an insurer's or producer's business or operating unit, including but not limited to, the sale of a portfolio of contracts, if such disclosure concerns solely consumers of the business or unit and such disclosure is not the primary reason for the sale, merger, transfer or exchange.

13. A violation of this section may be enforceable under section 374.280, RSMo.

14. The provisions of this section shall apply to all contracts entered into on or after July 1, 2003.

Approved July 12, 2002

226.540. SIGNS PERMITTED ON CERTAIN HIGHWAYS — LIGHTING RESTRICTIONS — SIZE, LOCATION — ZONES — SPECIFICATIONS. — Notwithstanding any other provisions of

sections 226.500 to 226.600, outdoor advertising shall be permitted within six hundred and sixty feet of the nearest edge of the right-of-way of [any interstate or primary highway] **highways located on the interstate, federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended** in areas zoned industrial, commercial or the like and in unzoned commercial and industrial areas as defined in this section, subject to the following regulations which are consistent with customary use in this state:

(1) Lighting:

(a) No revolving or rotating beam or beacon of light that simulates any emergency light or device shall be permitted as part of any sign. No flashing, intermittent, or moving light or lights will be permitted except scoreboards and other illuminated signs designating public service information, such as time, date, or temperature, or similar information, will be allowed; **tri-vision, projection, and other changeable message signs shall be allowed subject to Missouri highway and transportation commission regulations;**

(b) External lighting, such as floodlights, thin line and gooseneck reflectors are permitted, provided the light source is directed upon the face of the sign and is effectively shielded so as to prevent beams or rays of light from being directed into any portion of the main traveled way of the federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System and the lights are not of such intensity so as to cause glare, impair the vision of the driver of a motor vehicle, or otherwise interfere with a driver's operation of a motor vehicle;

(c) No sign shall be so illuminated that it interferes with the effectiveness of, or obscures, an official traffic sign, device, or signal;

(2) Size of signs:

(a) The maximum area for any one sign shall be eight hundred square feet with a maximum height of thirty feet and a maximum length of seventy-two feet, inclusive of border and trim but excluding the base or apron, supports, and other structural members. The area shall be measured as established **herein and** in rules promulgated by the commission. In determining the size of a **conforming or nonconforming** sign structure, temporary cutouts and extensions installed for the length of a specific display contract shall not be [included in calculating] **considered a substantial increase to** the size of the permanent display; provided the actual square footage of such temporary cutouts or extensions may not exceed thirty-three percent of the permanent display area. **Signs erected in accordance with the provisions of sections 226.500 to 226.600 prior to the effective date of this provision which fail to meet the requirements of this provision shall be deemed legally nonconforming as defined herein;**

(b) The maximum size limitations shall apply to each side of a sign structure, and signs may be placed back to back, double faced, or in V-type construction with not more than two displays to each facing, but such sign structure shall be considered as one sign;

(c) After August 28, 1999, no new sign structure shall be erected in which two or more displays are stacked one above the other. Stacked structures existing on or before August 28, 1999, in accordance with sections 226.500 to 226.600 shall [not] be deemed **legally nonconforming** [for failure to meet the requirements of this section until such sign's structure is modified, repaired, replaced or rebuilt] **and may be maintained in accordance with the provisions of 226.500 to 226.600.** Structures displaying more than one display on a horizontal basis shall be allowed, provided that total display areas do not exceed the maximum allowed square footage for a sign structure pursuant to the provisions of paragraph (a) of subdivision (2) of this section;

(3) Spacing of signs:

(a) **On all** interstate highways [and], freeways [on the], **and nonfreeway** federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System:

a. No sign structure shall be erected within [five hundred] **one thousand four hundred** feet of an existing sign on the same side of the highway;

b. Outside of incorporated municipalities, no structure may be located adjacent to or within five hundred feet of an interchange, intersection at grade, or safety rest area. Such five hundred feet shall be measured from the beginning or ending of the pavement widening at the exit from or entrance to the main traveled way. For purpose of this subparagraph, the term "incorporated municipalities" shall include "urban areas", except that such "urban areas" shall not be considered "incorporated municipalities" if it is finally determined that such would have the effect of making Missouri be in noncompliance with the requirements of Title 23, United States Code, Section 131;

(b) [Nonfreeway federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System:

a. Outside incorporated municipalities, no structure shall be erected within five hundred feet of an existing sign on the same side of the highway. Sign structures existing prior to August 28, 1999, which complied with the requirements of this section when erected shall not be deemed nonconforming for failure to comply with the spacing provisions of this section until such sign's structure is modified, repaired, replaced or rebuilt;

b. Within incorporated municipalities, no structure shall be erected within five hundred feet of an existing sign. Sign structures existing prior to August 28, 1999, which complied with the requirements of this section when erected shall not be deemed nonconforming for failure to comply with the spacing provisions of this section until such sign's structure is modified, repaired, replaced or rebuilt;

(c) The spacing between structure provisions of subdivision (3) of this section do not apply to signs which are separated by buildings, natural surroundings, or other obstructions in such manner that only one sign facing located within such distance is visible at any one time. Directional or other official signs or those advertising the sale or lease of the property on which they are located, or those which advertise activities on the property on which they are located, including products sold, shall not be counted, nor shall measurements be made from them for the purpose of compliance with spacing provisions;

[(d)] (c) No sign shall be located in such manner as to obstruct or otherwise physically interfere with the effectiveness of an official traffic sign, signal, or device or obstruct or physically interfere with a motor vehicle operator's view of approaching, merging, or intersecting traffic;

[(e)] (d) The measurements in this section shall be the minimum distances between outdoor advertising sign structures measured along the nearest edge of the pavement between points directly opposite the signs along each side of the highway and shall apply only to outdoor advertising sign structures located on the same side of the highway involved;

(4) As used in this section, the words "unzoned commercial and industrial land" shall be defined as follows: that area not zoned by state or local law or ordinance and on which there is located one or more permanent structures used for a commercial business or industrial activity or on which a commercial or industrial activity is actually conducted together with the area along the highway extending outwardly [six hundred] **seven hundred fifty** feet from and beyond the edge of such activity. All measurements shall be from the outer edges of the regularly used improvements, buildings, parking lots, landscaped, storage or processing areas of the commercial or industrial activity and along and parallel to the edge of the pavement of the highway. [On nonfreeway federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System, where there is an unzoned commercial or industrial area on one side of the road as described in this section, the term "unzoned commercial or industrial land" shall also include those lands directly opposite

on the other side of the highway to the extent of the same dimensions.] Unzoned land shall not include:

(a) Land on the opposite side of [an interstate or freeway primary] **the highway from an unzoned commercial or industrial area as defined in this section and located adjacent to highways located on the interstate, federal-aid primary system as it existed on June 1, 1991, or the national highway system as amended, unless the opposite side of the highway qualifies as a separate unzoned commercial or industrial area;**

(b) Land zoned by a state or local law, regulation, or ordinance;

[(c) Land on the opposite side of a nonfreeway primary highway which is determined by the proper state authority to be a scenic area;]

(5) "Commercial or industrial activities" as used in this section means those which are generally recognized as commercial or industrial by zoning authorities in this state, except that none of the following shall be considered commercial or industrial:

(a) Outdoor advertising structures;

(b) Agricultural, forestry, ranching, grazing, farming, and related activities, including seasonal roadside fresh produce stands;

(c) Transient or temporary activities;

(d) Activities more than six hundred sixty feet from the nearest edge of the right-of-way or not visible from the main traveled way;

(e) Activities conducted in a building principally used as a residence;

(f) Railroad tracks and minor sidings;

(6) The words "unzoned commercial or industrial land" shall also include all areas not specified in this section which constitute an "unzoned commercial or industrial area" within the meaning of the present Section 131 of Title 23 of the United States Code, or as such statute may be amended. As used in this section, the words "zoned commercial or industrial area" shall refer to those areas zoned commercial or industrial by the duly constituted zoning authority of a municipality, county, or other lawfully established political subdivision of the state, or by the state **and which is within seven hundred fifty feet of one or more permanent commercial or industrial activities.** [Unzoned] Commercial or industrial activities as used in this section are limited to those activities:

(a) In which the primary use of the property is commercial or industrial in nature;

(b) Which are clearly visible from the highway and recognizable as a commercial business;

(c) Which are permanent as opposed to temporary or transitory and of a nature that would customarily be restricted to commercial or industrial zoning in areas comprehensively zoned; and

(d) In determining whether the primary use of the property is commercial or industrial pursuant to paragraph (a) of this subdivision, the state highways and transportation commission shall consider the following factors:

a. The presence of a permanent and substantial building;

b. The existence of utilities and [required] **local** business licenses, if any, for the commercial activity;

c. On-premise signs or other identification;

d. [Communication with the business owner that can be accomplished at regular intervals either in person, by telephone, by fax machine, by electronic mail or by some other business means] **The presence of an owner or employee on the premises for at least twenty hours per week;**

(7) In zoned commercial and industrial areas, whenever a state, county or municipal zoning authority has adopted laws or ordinances which include regulations with respect to the size, lighting and spacing of signs, which regulations are consistent with the intent of sections 226.500 to 226.600 and with customary use, then from and after the effective date of such regulations, and so long as they shall continue in effect, the provisions of this section shall not apply to the erection of signs in such areas. Notwithstanding any other provisions of this section, after August 28,

1992, with respect to any outdoor advertising which is regulated by the provisions of subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527:

(a) No county or municipality shall issue a permit to allow a regulated sign to be newly erected without a permit issued by the state highways and transportation commission;

(b) A county or municipality may charge a reasonable one-time permit or inspection fee to assure compliance with local wind load and electrical requirements when the sign is first erected, but a county or municipality may not charge a permit or inspection fee for such sign after such initial fee. Changing the display face or performing routine maintenance shall not be considered as erecting a new sign;

(8) The state highways and transportation commission on behalf of the state of Missouri, may seek agreement with the Secretary of Transportation of the United States under Section 131 of Title 23, United States Code, as amended, that sections 226.500 to 226.600 are in conformance with that Section 131 and provides effective control of outdoor advertising signs as set forth therein. If such agreement cannot be reached and the penalties under subsection (b) of Section 131 are invoked, the attorney general of this state shall institute proceedings described in subsection (1) of that Section 131.

226.550. PERMITS, FEES FOR, EXEMPTION — PERMITS TO BE ISSUED FOR EXISTING SIGNS, EXCEPTIONS — BIENNIAL INSPECTION FEES, COLLECTION, DEPOSIT, EXCEPTIONS — PERMIT TO ERECT SIGN LAPSES, WHEN. — 1. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 shall be erected or maintained on or after August 28, 1992, without a one-time permanent permit issued by the state highways and transportation commission. Application for permits shall be made to the state highways and transportation commission on forms furnished by the commission and shall be accompanied by a permit fee of [twenty-eight dollars and fifty cents] **two hundred dollars** for all signs; except that, tax-exempt religious organizations as defined in subdivision (11) of section 313.005, RSMo, service organizations as defined in subdivision (12) of section 313.005, RSMo, veterans' organizations as defined in subdivision (14) of section 313.005, RSMo, and fraternal organizations as defined in subdivision (8) of section 313.005, RSMo, shall be granted a permit for signs less than seventy-six square feet without payment of the fee. In the event a permit holder fails to erect a sign structure within twenty-four months of issuance, said permit shall expire and a new permit must be obtained prior to any construction.

2. No outdoor advertising which is regulated by subdivision (1), (3) or (4) of section 226.520 or subsection 1 of section 226.527 which was erected prior to August 28, 1992, shall be maintained without a one-time permanent permit for outdoor advertising issued by the state highways and transportation commission. If a one-time permanent permit was issued by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, it is not necessary for a new permit to be issued. If a one-time permanent permit was not issued for a lawfully erected and lawfully existing sign by the state highways and transportation commission after March 30, 1972, and before August 28, 1992, a one-time permanent permit shall be issued by the commission for each sign which is lawfully in existence on the day prior to August 28, 1992, upon application and payment of a permit fee of [twenty-eight dollars and fifty cents] **two hundred dollars**. All applications and fees due pursuant to this subsection shall be submitted before December 31, 1992.

3. For purposes of sections 226.500 to 226.600, the terminology "structure lawfully in existence" or "lawfully existing" sign or outdoor advertising shall, nevertheless, include the following signs unless the signs violate the provisions of subdivisions (3) to (7) of subsection 1 of section 226.580:

(1) All signs erected prior to January 1, 1968;

(2) All signs erected before March 30, 1972, but on or after January 1, 1968, which would otherwise be lawful but for the failure to have a permit for such signs prior to March 30, 1972, except that any sign or structure which was not in compliance with sizing, spacing, lighting, or

location requirements of sections 226.500 to 226.600 as the sections appeared in the revised statutes of Missouri 1969, wheresoever located, shall not be considered a lawfully existing sign or structure;

(3) All signs erected after March 30, 1972, which are in conformity with sections 226.500 to 226.600[.];

(4) All signs erected in compliance with sections 226.500 to 226.600 prior to the effective date of this act.

4. On or after August 28, 1992, the state highways and transportation commission may, in addition to the fees authorized by subsections 1 and 2 of this section, collect a biennial inspection fee every two years after a state permit has been issued. Biennial inspection fees due after August 28, [1992,] **2002, and prior to August 28, 2003**, shall be [twenty-eight dollars and fifty cents] **fifty dollars. Biennial inspection fees due on or after August 28, 2003, shall be seventy-five dollars. Biennial inspection fees due on or after August 28, 2004, shall be one hundred dollars;** except that, tax-exempt religious organizations as defined in subdivision (11) of section 313.005, RSMo, service organizations as defined in subdivision (12) of section 313.005, RSMo, veterans' organizations as defined in subdivision (14) of section 313.005, RSMo, and fraternal organizations as defined in subdivision (8) of section 313.005, RSMo, shall not be required to pay such fee.

5. [In order to effect collection from a sign owner of delinquent and unpaid biennial inspection fees which are payable pursuant to this section, or delinquent removal costs pursuant to section 226.580, the state highways and transportation commission may require any delinquent fees to be paid before a permit is issued to the delinquent sign owner for any new sign.] **In order to effect the more efficient collection of biennial inspection fees, the state highways and transportation commission is encouraged to adopt a renewal system in which all permits in a particular county are renewed in the same month. In conjunction with the conversion to this renewal system, the state highways and transportation commission is specifically authorized to prorate renewal fees based on changes in renewal dates.**

6. Sign owners or owners of the land on which signs are located must apply to the state highways and transportation commission for biennial inspection and submit any fees as required by this section on or before December 31, 1992. For a permitted sign which does not have a permit, a permit shall be issued at the time of the next biennial inspection.

7. The state highways and transportation commission shall deposit all fees received for outdoor advertising permits and inspection fees in the state road fund, keeping a separate record of such fees, and the same may be expended by the commission in the administration of sections 226.500 to 226.600.

226.573. RULEMAKING — NEW TECHNOLOGY IN OUTDOOR ADVERTISING. — The state highways and transportation commission is authorized to adopt administrative rules regulating the use of new technology in outdoor advertising as allowed under federal regulations for federal-aid primary highways as of June 1, 1991, and all highways designated as part of the National Highway System by the National Highway System Designation Act of 1995 and those highways subsequently designated as part of the National Highway System. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is promulgated pursuant to the authority delegated in this section shall become effective only if it has been promulgated pursuant to the provisions of chapter 536, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after [August 28, 1999] **the effective date of this section**, shall be invalid and void.

226.580. UNLAWFUL SIGNS DEFINED — REMOVAL AUTHORIZED — NOTICE — OWNER MAY PROCEED, HOW — REMOVAL COSTS, HOW PAID — REVIEW OF ORDER, HOW — ORDER OF REMOVAL — REIMBURSEMENT TO OWNER, WHEN. — 1. The following outdoor advertising within six hundred sixty feet of the right-of-way of interstate or primary highways is deemed unlawful and shall be subject to removal:

(1) Signs erected after March 30, 1972, contrary to the provisions of sections 226.500 to 226.600 and signs erected on or after January 1, 1968, but before March 30, 1972, contrary to the sizing, spacing, lighting, or location provisions of sections 226.500 to 226.600 as they appeared in the revised statutes of Missouri 1969; or

(2) Signs for which a permit is not obtained or a biennial inspection fee is [not paid as prescribed in sections 226.500 to 226.600] **more than twelve months' past due**; or

(3) Signs which are obsolete; (Signs shall not be considered obsolete solely because they temporarily do not carry an advertising message.) or

(4) Signs that are not in good repair; or

(5) Signs not securely affixed to a substantial structure; or

(6) Signs which attempt or appear to attempt to regulate, warn, or direct the movement of traffic or which interfere with, imitate, or resemble any official traffic sign, signal, or device; or

(7) Signs which are erected or maintained upon trees or painted or drawn upon rocks or other natural features.

2. Signs erected after August 13, 1976, beyond six hundred sixty feet of the right-of-way outside of urban areas, visible from the main traveled way of the interstate or primary system and erected with the purpose of their message being read from such traveled way, except those signs described in subdivisions (1) and (2) of section 226.520 are deemed unlawful and shall be subject to removal.

3. If a sign is deemed to be unlawful for any of the reasons set out in subsections 1 [and 2] **through 7** of this section, the state highways and transportation commission shall give notice either by certified mail or by personal service to the owner or occupant of the land on which advertising believed to be unlawful is located and the owner of the outdoor advertising structure. Such notice shall specify the basis for the alleged unlawfulness, shall specify the remedial action which is required to correct the unlawfulness and shall advise that a failure to take the remedial action within [thirty] **sixty** days will result in the sign being removed. Within [thirty] **sixty** days after receipt of the notice as to him, the owner of the land or of the structure may remove the sign or may take the remedial action specified or may file an action for administrative review pursuant to the provisions of sections 536.067 to 536.090, RSMo, to review the action of the state highways and transportation commission, or he may proceed under the provisions of section 536.150, RSMo, as if the act of the highways and transportation commission was one not subject to administrative review. Notwithstanding any other provisions of sections 226.500 to 226.600, no outdoor advertising structure erected prior to August 28, 1992, defined as a "structure lawfully in existence" or "lawfully existing", by subdivision (1), (2) or (3) of subsection 2 of section 226.550, shall be removed for failure to have a permit until a notice, as provided in this section, has been issued which shall specify failure to obtain a permit or pay a biennial inspection fee as the basis for alleged unlawfulness, and shall advise that failure to take the remedial action of applying for a permit or paying the inspection fee within [thirty] **sixty** days will result in the sign being removed. **Signs for which biennial inspection fees are delinquent shall not be removed unless the fees are more than twelve months' past due and actual notice of the delinquency has been provided to the sign owner.** Upon application made within the [thirty-day] **sixty-day** period as provided in this section, and accompanied by the fee prescribed by section 226.550, together with any inspection fees that would have been payable if a permit had been timely issued, the state highways and transportation commission shall issue a one-time permanent permit for such sign. Such signs with respect to which permits are so issued are hereby determined by the state of Missouri to have been lawfully erected within the meaning of "lawfully erected" as that term is used in Title 23, United States Code, section 131(g), as

amended, and shall only be removed upon payment of just compensation, except that the issuance of permits shall not entitle the owners of such signs to compensation for their removal if it is finally determined that such signs are not "lawfully erected" as that term is used in section 131(g) of Title 23 of the United States Code.

4. If **actual** notice as provided in this section is given and neither the remedial action specified is taken nor an action for review is filed, or if an action for review is filed and is finally adjudicated in favor of the state highways and transportation commission, the state highways and transportation commission shall have authority to immediately remove the unlawful outdoor advertising. The owner of the structure shall be liable for the costs of such removal. The commission shall incur no liability for causing this removal, except for damage caused by negligence of the commission, its agents or employees.

5. If notice as provided in this section is given and an action for review is filed under the provisions of section 536.150, RSMo, or if administrative review pursuant to the provisions of sections 536.067 to 536.090, RSMo, is filed and the state highways and transportation commission enters its final decision and order to remove the outdoor advertising structure, the advertising message contained on the structure shall be removed or concealed by the owner of the structure, at the owner's expense, until the action for judicial review is finally adjudicated. If the owner of the structure refuses or fails to remove or conceal the advertising message, the commission may remove or conceal the advertising message and the owner of the structure shall be liable for the costs of such removal or concealment. The commission shall incur no liability for causing the removal or concealment of the advertising message while an action for review is pending, except if the owner finally prevails in its action for judicial review, the commission will compensate the owner at the rate the owner is actually receiving income from the advertiser pursuant to written lease from the time the message is removed until the judicial review is final.

6. Any signs advertising tourist oriented type business will be the last to be removed.

7. Any signs prohibited by section 226.527 which were lawfully erected prior to August 13, 1976, shall be removed pursuant to section 226.570.

8. The transportation department shall reimburse to the lawful owners of any said nonconforming signs that are now in existence as defined in sections 226.540, 226.550, 226.580 and 226.585, said compensation calculated and/or based on a fair market value and not mere replacement cost.

226.585. VEGETATION ALONG RIGHT-OF-WAY, CUTTING OF — TRANSPORTATION DEPARTMENT, DUTIES. — The state transportation department may cut and trim any vegetation on the highway right-of-way which interferes with the effectiveness of or obscures a lawfully erected billboard, or the highways and transportation commission shall promulgate reasonable rules and regulations to permit the cutting and trimming of such vegetation on the highway or right-of-way by the owner of such billboard. **The right to a vegetation permit by an outdoor advertising permit holder shall be issued in accordance with the current rules and regulations promulgated by the highways and transportation commission and shall not be denied without good cause.** Such rules and regulations shall be promulgated within twelve months after August 28, 1992, or the commission shall suspend the collection of the biennial inspection fees prescribed by section 226.550 until such rules are promulgated, and such rules may include authority to charge a reasonable fee for such [permission] **permit**. This section shall not apply if its implementation would have the effect of making Missouri be in noncompliance with requirements of Title 23, United States Code, section 131.

HB 1532 [SCS HS HCS HB 1532]

EXPLANATION — Matter enclosed in bold-faced brackets [thus] in this bill is not enacted and is intended to be omitted in the law.

Revises the provisions of dram shop liability by providing that the sale of liquor to persons under 21 or to intoxicated persons must be knowing and proven beyond a reasonable doubt.

AN ACT to repeal section 537.053, RSMo, relating to dram shop liability, and to enact in lieu thereof two new sections relating to the same subject.

SECTION

- A. Enacting clause.
375.1730. Dram shop liability coverage, costs reported to department of insurance — rates.
537.053. Sale of alcoholic beverage may be proximate cause of personal injuries or death — requirements — (dram shop law).

Be it enacted by the General Assembly of the state of Missouri, as follows:

SECTION A. ENACTING CLAUSE. — Section 537.053, RSMo, is repealed and two new sections enacted in lieu thereof, to be known as sections 375.1730 and 537.053, to read as follows:

375.1730. DRAM SHOP LIABILITY COVERAGE, COSTS REPORTED TO DEPARTMENT OF INSURANCE — RATES. — Any insurance company that sells liability insurance which provides coverage for dram shop liability as described in section 537.053, RSMo, shall report all costs associated with such coverages to the department of insurance. The rates for such coverage shall be governed pursuant to section 379.889, RSMo.

537.053. SALE OF ALCOHOLIC BEVERAGE MAY BE PROXIMATE CAUSE OF PERSONAL INJURIES OR DEATH — REQUIREMENTS — (DRAM SHOP LAW). — 1. Since the repeal of the Missouri Dram Shop Act in 1934 (Laws of 1933-34, extra session, page 77), it has been and

continues to be the policy of this state to follow the common law of England, as declared in section 1.010, RSMo, to prohibit dram shop liability and to follow the common law rule that furnishing alcoholic beverages is not the proximate cause of injuries inflicted by intoxicated persons.

2. [The legislature hereby declares that this section shall be interpreted so that the holdings in cases such as Carver v. Schafer, 647 S.W.2d 570 (Mo. App. 1983); Sampson v. W. F. Enterprises, Inc., 611 S.W.2d 333 (Mo. App. 1980); and Nesbitt v. Westport Square, Ltd., 624 S.W.2d 519 (Mo. App. 1981) be abrogated in favor of prior judicial interpretation finding the consumption of alcoholic beverages, rather than the furnishing of alcoholic beverages, to be the proximate cause of injuries inflicted upon another by an intoxicated person.

3.] Notwithstanding [subsections] **subsection 1** [and 2] of this section, a cause of action may be brought by or on behalf of any person who has suffered personal injury or death against any person licensed to sell intoxicating liquor by the drink for consumption on the premises [who, pursuant to section 311.310, RSMo, has been convicted, or has received a suspended imposition of the sentence arising from the conviction, of the sale of intoxicating liquor to a person under the age of twenty-one years or an obviously intoxicated person if the sale of such intoxicating liquor is the proximate cause of the personal injury or death sustained by such person.] **when it is proven by clear and convincing evidence that the seller knew or should have known that intoxicating liquor was served to a person under the age of twenty-one years or knowingly served intoxicating liquor to a visibly intoxicated person.**

3. For purposes of this section, a person is "visibly intoxicated" when inebriated to such an extent that the impairment is shown by significantly uncoordinated physical action or significant physical dysfunction. A person's blood alcohol content does not constitute prima facie evidence to establish that a person is visibly intoxicated within the meaning of this section, but may be admissible as relevant evidence of the person's intoxication.

4. Nothing in this section shall be interpreted to provide a right of recovery to a person who suffers injury or death proximately caused by the person's voluntary intoxication unless the person is under the age of twenty-one years. No person over the age of twenty-one years or their dependents, personal representative, and heirs may assert a claim for damages for personal injury or death against a seller of intoxicating liquor by the drink for consumption on the premises arising out of the person's voluntary intoxication.

5. In an action brought pursuant to subsection 2 of this section alleging the sale of intoxicating liquor by the drink for consumption on the premises to a person under the age of twenty-one years, proof that the seller or the seller's agent or employee demanded and was shown a driver's license or official state or federal personal identification card, appearing to be genuine and showing that the minor was at least twenty-one years of age, shall be relevant in determining the relative fault of the seller or seller's agent or employee in the action.

6. No employer may discharge his or her employee for refusing service to a visibly intoxicated person.

SECTION A. ENACTING CLAUSE. — Sections 214.330 and 473.097, RSMo, are repealed and three new sections enacted in lieu thereof, to be known as sections 214.330, 362.011 and 473.097, to read as follows:

214.330. ENDOWED CARE FUND HELD IN TRUST OR SEGREGATED ACCOUNT — REQUIREMENTS — DUTIES OF TRUSTEE OR INDEPENDENT INVESTMENT ADVISOR — OPERATOR'S DUTIES — ENDOWED CARE FUND AGREEMENT. — 1. The endowed care fund required by sections 214.270 to 214.410 shall be permanently set aside in trust or in accordance with the provisions of subsection 2 of this section. The trustee of the endowed care trust shall be a state- or federally chartered financial institution authorized to exercise trust powers in Missouri and located in this state. The income from the endowed care fund shall be distributed to the cemetery operator at least annually or in other convenient installments. The cemetery operator shall have the duty and responsibility to apply the income to provide care and maintenance only for that part of the cemetery in which burial space shall have been sold and with respect to which sales the endowed care fund shall have been established and not for any other purpose. The principal of such funds shall be kept intact and appropriately invested by the trustee, **or the independent investment advisor. An endowed care trust agreement may provide that when the principal in an endowed care trust exceeds two hundred fifty thousand dollars, investment decisions regarding the principal and undistributed income may be made by a federally registered or Missouri registered independent qualified investment advisor designated by the cemetery owner, relieving the trustee of all liability regarding investment decisions made by such qualified investment advisor.** It shall be the duty of the trustee, **or the investment advisor**, in the investment of such funds to exercise the diligence and care men of ordinary prudence, intelligence and discretion would employ, but with a view to permanency of investment considering probable safety of capital investment, income produced and appreciation of capital investment. The trustee's duties shall be the maintenance of records and the accounting for and investment of moneys deposited by the operator to the endowed care fund. For the purposes of sections 214.270 to 214.410, the trustee **or investment advisor** shall not be deemed to be responsible for the care, the maintenance, or the operation of the cemetery, or for any other matter relating to the cemetery, including, but not limited to, compliance with environmental laws and regulations. With respect to cemetery property maintained by cemetery care funds, the cemetery operator shall be responsible for the performance of the care and maintenance of the cemetery property owned by the cemetery operator and for the opening and closing of all graves, crypts, or niches for human remains in any cemetery property owned by the cemetery operator.

2. If the endowed care cemetery fund is not permanently set aside in a trust fund as required by subsection 1 of this section then the funds shall be permanently set aside in a segregated bank account which requires the signature of the cemetery owner and either the administrator of the office of endowed care cemeteries, or the signature of a licensed practicing attorney with escrow powers in this state as joint signatories for any distribution from the trust fund. No funds shall be expended without the signature of either the administrator of the office of endowed care cemeteries, or a licensed practicing attorney with escrow powers in this state. The account shall

be insured by the Federal Deposit Insurance Corporation or comparable deposit insurance and held in the state- or federally chartered financial institution authorized to do business in Missouri and located in this state. The income from the endowed care fund shall be distributed to the cemetery operator at least in annual or semiannual installments. The cemetery operator shall have the duty and responsibility to apply the income to provide care and maintenance only for that part of the cemetery in which burial space shall have been sold and with respect to which sales the endowed care fund shall have been established and not for any other purpose. The principal of such funds shall be kept intact and appropriately invested by the cemetery operator with written approval of either the administrator of the office endowed care cemeteries or a licensed practicing attorney with escrow powers in this state. It shall be the duty of the cemetery owner in the investment of such funds to exercise the diligence and care a person of reasonable prudence, intelligence and discretion would employ, but with a view to permanency of investment considering probable safety of capital investment, income produced and appreciation of capital investment. The cemetery owner's duties shall be the maintenance of records and the accounting for an investment of moneys deposited by the operator to the endowed care fund. For purposes of sections 214.270 to 214.410, the administrator of the office of endowed care cemeteries or the licensed practicing attorney with escrow powers in this state shall not be deemed to be responsible for the care, maintenance, or operation of the cemetery. With respect to cemetery property maintained by cemetery care funds, the cemetery operator shall be responsible for the performance of the care and maintenance of the cemetery property owned by the cemetery operator and for the opening and closing of all graves, crypts, or niches for human remains in any cemetery property owned by the cemetery operator.

3. The cemetery operator shall be accountable to the owners of burial space in the cemetery for compliance with sections 214.270 to 214.410.

4. All endowed care funds shall be administered in accordance with an endowed care fund agreement. The endowed care fund agreement shall be subject to review and approval by the office of endowed care cemeteries or by a licensed practicing attorney with escrow powers in this state. The endowed care cemetery shall be notified in writing by the office of endowed care cemeteries or by a licensed practicing attorney with escrow powers in this state regarding the approval or disapproval of the endowed care fund agreement and regarding any changes required to be made for compliance with this chapter and the rules and regulations promulgated thereunder. A copy of the proposed endowed care fund agreement shall be submitted to the office of endowed care cemeteries. The office of endowed care cemeteries or a licensed practicing attorney with escrow powers in this state shall notify the endowed care cemetery in writing of approval and of any required change. Any amendment or change to the endowed care fund agreement shall be submitted to the office of endowed care cemeteries or to a licensed practicing attorney with escrow powers in this state for review and approval. Said amendment or change shall not be effective until approved by the office of endowed care cemeteries or by a licensed practicing attorney with escrow powers in this state. All endowed care cemeteries shall be under a continuing duty to file with the office of endowed care cemeteries or with a licensed practicing attorney with escrow powers in this state and to submit for approval any and all changes, amendment, or revisions of the endowed care fund agreement.

2. Notwithstanding the limitation periods set out in section 473.050, the affidavit required by this section may be made by the person designated as personal representative under the will of the decedent, if a will has been presented for probate within the limitation periods specified in section 473.050, otherwise by any distributee entitled to receive property of the decedent any time after thirty days after decedent's death, and shall set forth all of the following:

(1) That the decedent left no will or, if the decedent left a will, that the will was presented for probate within the limitation periods specified in section 473.050;

(2) That all unpaid debts, claims or demands against the decedent or the decedent's estate and all estate taxes due, if any, on the property transfers involved have been or will be paid, except that any liability by the affiant for the payment of unpaid claims or demands shall be limited to the value of the property received;

(5) The names, addresses and relationship to the decedent of the persons entitled to and who will receive, the specific items of property remaining after payment of claims and debts of the decedent, included in the affidavit;

(6) The facts establishing the right to such specific items of property as prescribed by this section.

The certificate of the clerk shall be annexed to or endorsed on the affidavit and shall show the names and addresses of the persons entitled to the described property under the facts stated in the affidavit and shall recite that the will of decedent has been probated or that no will has been presented to the court and that all estate taxes on the property, if any are due, have been paid.

3. A copy of the affidavit and certificate shall be filed in the office of the clerk of the probate division and copies of the affidavit and certificate shall be furnished by the clerk.

4. The distributees mentioned in this section may establish their right to succeed to the real estate of the decedent by filing a copy of the foregoing affidavit and certificate of the clerk in the office of the recorder of deeds of each county where the real property is situated.

5. When the value of the property listed in the affidavit is more than fifteen thousand dollars, the clerk shall cause to be published in a newspaper of general circulation within the county which qualifies under chapter 493, RSMo, a notice to creditors of the decedent to file their claims in the court or be forever barred. The notice shall be published once a week for two consecutive weeks. Proof of publication of notice pursuant to this section shall be filed not later than ten days after completion of the publication. The notice shall be in substantially the following form:

All creditors of the decedent, who died on, [19...] 20..., are notified that section 473.444 sets a limitation period that would bar claims one year after the death of the decedent. A creditor may request that this estate be opened for administration.

Receipt of this notice should not be construed by the recipient to indicate that the recipient may possibly have a beneficial interest in the estate. The nature and extent of any person's interest, if any, may possibly be determined from the affidavit on this estate filed in the probate division of the circuit court of County, Missouri.

Date of first publication is, [19...] 20...

.....
Clerk of the Probate Division
of the Circuit Court
..... County, Missouri

6. Upon compliance with the procedure required by this section, the personal property and real estate involved shall not thereafter be taken in execution for any debts or claims against the decedent, but such compliance has the same effect in establishing the right of distributees to succeed to the property as if complete administration was had; but nothing in this section affects the right of secured creditors with respect to such property.

7. The affiant shall collect the property of decedent described in the affidavit. The property of decedent shall be liquidated by the affiant to the extent necessary to pay debts of decedent. If the decedent's property is not sufficient to pay such debts, abatement of the shares of the distributees shall occur in accordance with section 473.620. The affiant shall distribute the remaining property to such persons identified in the affidavit as required in subdivision (5) of

subsection 2 of this section who are entitled to receive the specific items of personal property, as described in the affidavit, or to have any evidence of such property transferred to such persons. To the extent necessary to facilitate distribution, the affiant may liquidate all or part of decedent's property.

(a) Shall be allowed when the reinsurance is ceded to an assuming insurer not meeting the requirements of subdivision (1), (2), (3) or (4) of this subsection, but only as to the insurance of risks located in a jurisdiction of the United States where the reinsurance is required by applicable law or regulation of that jurisdiction;

(b) May be allowed in the discretion of the director when the reinsurance is ceded to an assuming insurer not meeting the requirements of subdivision (1), (2), (3) or (4) of this subsection, but only as to the insurance of risks located in a foreign country where the reinsurance is required by applicable law or regulation of that country;

[(5)] (6) If the assuming insurer is not licensed or accredited to transact insurance or reinsurance in this state, the credit permitted by subdivisions (3) and (4) of this subsection shall not be allowed unless the assuming insurer agrees in the reinsurance agreements:

(a) That in the event of the failure of the assuming insurer to perform its obligations under the terms of the reinsurance agreement, the assuming insurer, at the request of the ceding insurer shall submit to the jurisdiction of the courts of this state, will comply with all requirements necessary to give such courts jurisdiction, and will abide by the final decisions of such courts or of any appellate courts in this state in the event of an appeal; and

(b) To designate the director or a designated attorney as its true and lawful attorney upon whom may be served any lawful process in any action, suit or proceeding instituted by or on behalf of the ceding company. This [provision] **paragraph** is not intended to conflict with or override the obligation of the parties to a reinsurance agreement to arbitrate their disputes, if [such an] **this** obligation is created in the agreement and the jurisdiction and situs of the arbitration is [the state of Missouri], **with respect to any receivership of the ceding company, any jurisdiction of the United States;**

(7) If the assuming insurer does not meet the requirements of subdivision (1), (2) or (3) of this subsection, the credit permitted by subdivision (4) of this subsection shall not be allowed unless the assuming insurer agrees in the trust agreements to the following conditions:

(a) Notwithstanding any other provisions in the trust instrument, if the trust fund is inadequate because it contains an amount less than the amount required by paragraph (e) of subdivision (4) of this subsection, or if the grantor of the trust has been declared insolvent or placed into receivership, rehabilitation, liquidation or similar proceedings under the laws of its state or country of domicile, the trustee shall comply with an order of the commissioner or director with regulatory oversight over the trust or with an order of a court of competent jurisdiction directing the trustee to transfer to the commissioner or director with regulatory oversight all of the assets of the trust fund;

(b) The assets shall be distributed by and claims shall be filed with and valued by the commissioner or director with regulatory oversight in accordance with the laws of the state in which the trust is domiciled that are applicable to the liquidation of domestic insurance companies;

(c) If the commissioner or director with regulatory oversight determines that the assets of the trust fund or any part thereof are not necessary to satisfy the claims of the United States ceding insurers of the grantor of the trust, the assets or part thereof shall be returned by the commissioner or director with regulatory oversight to the trustee for distribution in accordance with the trust agreement; and

(d) The grantor shall waive any right otherwise available to it under United States law that is inconsistent with this subsection.

2. [A] **An asset or** reduction from liability for the reinsurance ceded by a domestic insurer to an assuming insurer not meeting the requirements of subsection 1 of this section shall be allowed in an amount not exceeding the liabilities carried by the ceding insurer [and such]. **The** reduction shall be in the amount of funds held by or on behalf of the ceding insurer, including funds held in trust for the ceding insurer, under a reinsurance contract with [such] **the** assuming insurer as security for the payment of obligations thereunder, if [such] **the** security is held in the United States subject to withdrawal solely by, and under the exclusive control of, the ceding insurer; or, in the case of a trust, held in a qualified United States financial institution, as defined in subdivision (2) of subsection 3 of this section. This security may be in the form of:

- (1) Cash;
- (2) Securities listed by the securities valuation office of the National Association of Insurance Commissioners and qualifying as admitted assets;
- (3) (a) Clean, irrevocable, unconditional letters of credit, as defined in subdivision (1) of subsection 3 of this section, issued or confirmed by a qualified United States **financial** institution no later than December thirty-first [with respect to] **of** the year for which filing is being made, and in the possession of, **or in trust for**, the ceding company on or before the filing date of its annual statement.
(b) Letters of credit meeting applicable standards of issuer acceptability as of the dates of their issuance or confirmation, notwithstanding the issuing or confirming institution's subsequent failure to meet applicable standards of issuer acceptability, shall continue to be acceptable as security until their expiration, extension, renewal, modification or amendment, whichever first occurs;
- (4) Any other form of security acceptable to the director [and approved by the attorney general].

3. (1) For purposes of subdivision (3) of subsection 2 of this section, a "qualified United States financial institution" means an institution that:

- (a) Is organized or, in the case of a United States office of a foreign banking organization, licensed under the laws of the United States or any state thereof;
- (b) Is regulated, supervised and examined by federal or state authorities having regulatory authority over banks and trust companies; and
- (c) Has been determined by either the director, or the securities valuation office of the National Association of Insurance Commissioners, to meet such standards of financial condition and standing as are considered necessary and appropriate to regulate the quality of financial institutions whose letters of credit will be acceptable to the director.

(2) A "qualified United States financial institution" means, for purposes of those provisions of this law specifying those institutions that are eligible to act as a fiduciary of a trust, an institution that:

- (a) Is organized, or in the case of a United States branch or agency office of a foreign banking organization, licensed under the laws of the United States or any state thereof and has been granted authority to operate with fiduciary powers; and
- (b) Is regulated, supervised and examined by federal or state authorities having regulatory authority over banks and trust companies.

4. The director may adopt rules and regulations implementing the provisions of this section.

5. (1) The director shall disallow any credit as an asset or as a deduction from liability for any reinsurance found by him to have been arranged for the purpose principally of deception as to the ceding company's financial condition as of the date of any financial statement of the company. Without limiting the general purport of this provision, reinsurance of any substantial part of the company's outstanding risks contracted for in fact within four months prior to the date of any such financial statement and canceled in fact within four months after the date of such statement, or reinsurance under which the assuming insurer bears no substantial insurance risk or substantial risk of net loss to itself, shall prima facie be deemed to have been arranged for the purpose principally of deception within the intent of this provision.

(2) (a) The director shall also disallow as an asset or deduction from liability to any ceding insurer any credit for reinsurance unless the reinsurance is payable to the ceding company, and if it be impaired or insolvent to its [rehabilitator or] receiver, by the assuming insurer on the basis of the liability of the ceding company under the contracts reinsured without diminution because of the insolvency of the ceding company.

(b) Such payments shall be made directly to the ceding insurer or to its domiciliary liquidator except:

a. Where the contract of insurance or reinsurance specifically provides for payment to the named insured, assignee or named beneficiary of the policy issued by the ceding insurer in the event of the insolvency of the ceding insurer; or

b. Where the assuming insurer, with the consent of it and the direct insured or insureds in an assumption reinsurance transaction subject to sections 375.1280 to 375.1295, has assumed such policy obligations of the ceding insurer as direct obligations of the assuming insurer to the payees under such policies and in substitution for the obligations of the ceding insurer to such payees.

(c) Notwithstanding paragraphs (a) and (b) of this subdivision, in the event that a life and health insurance guaranty association has made the election to succeed to the rights and obligations of the insolvent insurer under the contract of reinsurance, then the reinsurer's liability to pay covered reinsured claims shall continue under the contract of reinsurance, subject to the payment to the reinsurer of the reinsurance premiums for such coverage. Payment for such reinsured claims shall only be made by the reinsurer pursuant to the direction of the guaranty association or its designated successor. Any payment made at the direction of the guaranty association or its designated successor by the reinsurer will discharge the reinsurer of all further liability to any other party for such claim payment.

(d) The reinsurance agreement may provide that the domiciliary liquidator of an insolvent ceding insurer shall give written notice to the assuming insurer of the pendency of a claim against such ceding insurer on the contract reinsured within a reasonable time after such claim is filed in the liquidation proceeding. During the pendency of such claim, any assuming insurer may investigate such claim and interpose, at its own expense in the proceeding where such claim is to be adjudicated any defenses which it deems available to the ceding insurer, or its liquidator. Such expense may be filed as a claim against the insolvent ceding insurer to the extent of a proportionate share of the benefit which may accrue to the ceding insurer solely as a result of the defense undertaken by the assuming insurer. Where two or more assuming insurers are involved in the same claim and a majority in interest elect to interpose a defense to such claim, the expense shall be apportioned in accordance with the terms of the reinsurance agreement as though such expense had been incurred by the ceding insurer.

6. [After an insurer has been declared insolvent the liquidator or receiver of such insurer shall file with the director a statement which shall reflect the claims reserves (including incurred but not reported losses) and unearned premium reserves which have been established by the liquidator or receiver and which shall also set forth the amounts of such reserves that are allocable to particular reinsurers of the insolvent company. Each such statement shall be filed by each liquidator or receiver not less frequently than annually and shall be considered for all intents and purposes as the annual statement which was required to be filed by the insurer with the director prior to the liquidation proceedings.] To the extent that any reinsurer of an insurance company in liquidation would have been required under any agreement pertaining to reinsurance to post letters of credit or other security prior to an order of liquidation to cover such reserves reflected upon [a] the last financial statement [required to post letters of credit or other security to cover such] **filed with a regulatory authority immediately prior to receivership, such reinsurer shall be required to post letters of credit or other security to cover reserves after a company has been placed in liquidation or receivership.** If a reinsurer shall fail to post letters

of credit or other security **as** required by a reinsurance agreement or the provisions of this [section] **subsection**, the director may [issue an order barring such reinsurer from thereafter reinsuring any insurance company which is incorporated under the laws of the state of Missouri or admitted to do business in] **consider disallowing as a credit or asset, in whole or in part, any future reinsurance ceded to such reinsurer by a ceding insurance company that is incorporated under the laws of** the state of Missouri.

7. The provisions of section 375.420 shall not apply to any action, suit or proceeding by a ceding insurer against an assuming insurer arising out of a contract of reinsurance effectuated in accordance with the laws of Missouri.

8. The provisions of this section shall become effective on January 1, [1992] **2003**, and shall be applicable to the financial statements of a reinsurer as of December 31, [1991] **2002**.

375.330. PURCHASE AND OWNERSHIP OF REAL ESTATE. — 1. No insurance company formed under the laws of this state shall be permitted to purchase, hold or convey real estate, excepting for the purpose and in the manner herein set forth, to wit:

(1) Such as shall be necessary for its accommodation in the transaction of its business; provided that before the purchase of real estate for any such purpose, the approval of the director of the department of insurance must be first had and obtained, and [in no event shall] **except with the approval of the director**, the value of such real estate, together with all appurtenances thereto, purchased for such purpose[:

(a) If a stock company, exceed the amount of its capital stock;

(b) If a fire or casualty company, but not a stock company, exceed sixty percent of its surplus or ten percent of its admitted assets, as shown by its last annual statement preceding the date of acquisition, as filed with the director of the department of insurance, whichever is the lesser; or

(c) If any other type or kind of insurance company, exceed sixty percent of its surplus or five percent of its admitted assets, as shown by its last annual statement, whichever is the lesser] **shall not exceed twenty percent of the insurance company's capital and surplus as shown by its last annual statement; or**

(2) Such as shall have been mortgaged in good faith by way of security for loans previously contracted, or for moneys due; or

(3) Such as shall have been conveyed to it in satisfaction of debts contracted in the course of its dealings; or

(4) Such as shall have been purchased at sales upon the judgments, decrees or mortgages obtained or made for such debts; or

(5) Such as shall be necessary and proper for carrying on its legitimate business under the provisions of the Urban Redevelopment Corporations Act; or

(6) Such as shall have been acquired under the provisions of the Urban Redevelopment Corporations Act permitting such company to purchase, own, hold or convey real estate; or

(7) Such real estate, or any interest therein, as may be acquired or held by it by purchase, lease or otherwise, as an investment for the production of income, which real estate or interest therein may thereafter be held, improved, developed, maintained, managed, leased, sold or conveyed by it as real estate necessary and proper for carrying on its legitimate business; or

(8) A reciprocal or interinsurance exchange may, in its own name, purchase, sell, mortgage, hold, encumber, lease, convey, or otherwise affect the title to real property for the purposes and objects of the reciprocal or interinsurance exchange. Such deeds, notes, mortgages or other documents relating to real property may be executed by the attorney in fact of the reciprocal or interinsurance exchange. This provision shall be retroactive and shall apply to real estate owned or sold by a reciprocal insurer prior to August 28, 1990.

2. The investments acquired under subdivision (7) of subsection 1 of this section may be in either existing or new business or industrial properties, or for new residential properties or new housing purposes.

3. Provided, no such insurance company shall invest more than ten percent of its admitted assets, as shown by its last annual statement preceding the date of acquisition, as filed with the director of the department of insurance of the state of Missouri, in the total amount of real estate acquired under subdivision (7) of subsection 1, nor more under subdivision (7) of subsection 1 than one percent of its admitted assets or ten percent of its capital and surplus, whichever is greater, in any one property, nor more under subdivision (7) of subsection 1 than one percent of its admitted assets or ten percent of its capital and surplus, whichever is greater, in total properties leased or rented to any one individual, partnership or corporation.

4. It shall not be lawful for any company incorporated as aforesaid to purchase, hold or convey real estate in any other case or for any other purpose; and all such real estate acquired in payment of a debt, by foreclosure or otherwise, and real estate exchanged therefor, shall be sold and disposed of within ten years after such company shall have acquired absolute title to the same, unless the company owning such real estate or interest therein shall elect to hold it pursuant to subdivision (7) of subsection 1.

5. The director of the department of insurance may, for good cause shown, extend the time for holding such real estate acquired in paying of a debt, by foreclosure or otherwise, and real estate exchanged therefor, and not held by the company under subdivision (7) of subsection 1, for such period as he may find to be to the best interests of the policyholders of said company.

6. If a life insurance company depositing under section 376.170, RSMo, becomes the owner of real estate pursuant to this section, the company may execute its own deed for the real estate to the director of the department of insurance, as trustee. The deed may be deposited with the director as proper security, under and according to the provisions of sections 376.010 to 376.670, RSMo, the value to be subject to the approval of the director.

375.1202. REINSURERS, AMOUNTS RECOVERABLE NOT REDUCED DUE TO DELINQUENCY PROCEEDINGS — EXCEPTIONS. — 1. The amount recoverable by the liquidator from reinsurers shall not be reduced as a result of the delinquency proceedings, regardless of any provision in the reinsurance contract or other agreement. Payment made directly to an insured or other creditor shall not diminish the reinsurer's obligation to the insurer's estate **except where:**

(1) **The reinsurance contract specifically provides for payment to the named insured, assignee or named beneficiary of the policy issued by the ceding insurer in the event of the ceding insurer's insolvency; or**

(2) **The assuming insurer, with the consent of the direct insured or insureds, has directly assumed the ceding insurer's policy obligations to the payees under such policies in substitution for the ceding insurer's obligations to such payees.**

2. Notwithstanding subsection 1 of this section, in the event that a life and health insurance guaranty association has made the election to succeed to the rights and obligations of the insolvent insurer under the contract of reinsurance, then the reinsurer's liability to pay covered reinsured claims shall continue under the contract of reinsurance, subject to the payment to the reinsurer of the reinsurance premiums for such coverage. Payment for such reinsured claims shall only be made by the reinsurer pursuant to the direction of the guaranty association or its designated successor. Any payment made at the direction of the guaranty association or its designated successor by the reinsurer will discharge the reinsurer of all further liability to any other party for said claim payment.

376.671. PROVISIONS WHICH SHALL BE CONTAINED IN ANNUITY CONTRACTS. — 1. This section shall not apply to any reinsurance, group annuity purchased under a retirement plan or plan of deferred compensation established or maintained by an employer (including a partnership or sole proprietorship) or by an employee organization, or by both, other than a plan providing individual retirement accounts or individual retirement annuities under section 408 of the Internal Revenue Code, as now or hereafter amended, premium deposit fund, variable annuity, investment annuity, immediate annuity, any deferred annuity contract after annuity payments have commenced, or reversionary annuity, nor to any contract which shall be delivered outside this state through an agent or other representative of the company issuing the contract.

2. In the case of contracts issued on or after the operative date of this section as defined in subsection 11, no contract of annuity, except as stated in subsection 1, shall be delivered or issued for delivery in this state unless it contains in substance the following provisions, or

corresponding provisions which in the opinion of the director are at least as favorable to the contractholder, upon cessation of payment of considerations under the contract:

(1) That upon cessation of payment of considerations under a contract, the company will grant a paid-up annuity benefit on a plan stipulated in the contract of such value as is specified in subsections 4, 5, 6, 7, and 9;

(2) If a contract provides for a lump sum settlement at maturity, or at any other time, that upon surrender of the contract at or prior to the commencement of any annuity payments, the company will pay in lieu of any paid-up annuity benefit a cash surrender benefit of such amount as is specified in subsections 4, 5, 7, and 9. The company shall reserve the right to defer the payment of such cash surrender benefit for a period of six months after demand therefor with surrender of the contract;

(3) A statement of the mortality table, if any, and interest rates used in calculating any minimum paid-up annuity, cash surrender or death benefits that are guaranteed under the contract, together with sufficient information to determine the amounts of such benefits;

(4) A statement that any paid-up annuity, cash surrender or death benefits that may be available under the contract are not less than the minimum benefits required by any statute of the state in which the contract is delivered and an explanation of the manner in which such benefits are altered by the existence of any additional amounts credited by the company to the contract, any indebtedness to the company on the contract or any prior withdrawals from or partial surrenders of the contract. Notwithstanding the requirements of this section, any deferred annuity contract may provide that if no considerations have been received under a contract for a period of two full years and the portion of the paid-up annuity benefit at maturity on the plan stipulated in the contract arising from considerations paid prior to such period would be less than twenty dollars monthly, the company may at its option terminate such contract by payment in cash of the then present value of such portion of the paid-up annuity benefit, calculated on the basis of the mortality table, if any, and interest rate specified in the contract for determining the paid-up annuity benefit, and by such payment shall be relieved of any further obligation under such contract.

3. The minimum values as specified in subsections 4, 5, 6, 7, and 9 of any paid-up annuity, cash surrender or death benefits available under an annuity contract shall be based upon minimum nonforfeiture amounts as defined in this section.

(1) With respect to contracts providing for flexible considerations, the minimum nonforfeiture amount at any time at or prior to the commencement of any annuity payment shall be equal to an accumulation up to such time at a rate of interest of three percent per annum of percentages of the net considerations (as hereinafter defined) paid prior to such time, decreased by the sum of

(a) Any prior withdrawals from or partial surrenders of the contract accumulated at a rate of interest of three percent per annum; and

(b) The amount of any indebtedness to the company on the contract, including interest due and accrued and increased by any existing additional amounts credited by the company to the contract. The net considerations for a given contract year used to define the minimum nonforfeiture amount shall be an amount not less than zero and shall be equal to the corresponding gross considerations credited to the contract during that contract year less an annual contract charge of thirty dollars and less a collection charge of one dollar and twenty-five cents per consideration credited to the contract during that contract year. The percentages of net considerations shall be sixty-five percent of the net consideration for the first contract year and eighty-seven and one-half percent of the net considerations for the second and later contract years. Notwithstanding the provisions of the preceding sentence, the percentage shall be sixty-five percent of the portion of the total net consideration for any renewal contract year which exceeds by not more than two times the sum of those portions of the net considerations in all prior contract years for which the percentage was sixty-five percent;

(2) With respect to contracts providing for fixed scheduled considerations, minimum nonforfeiture amounts shall be calculated on the assumption that considerations are paid annually in advance and shall be defined as for contracts with flexible considerations which are paid annually with two exceptions:

(a) The portion of the net consideration for the first contract year to be accumulated shall be the sum of sixty-five percent of the net consideration for the first contract year plus twenty-two and one-half percent of the excess of the net consideration for the first contract year over the lesser of the net considerations for the second and third contract years;

(b) The annual contract charge shall be the lesser of thirty dollars or ten percent of the gross annual consideration;

(3) With respect to contracts providing for a single consideration, minimum nonforfeiture amounts shall be defined as for contracts with flexible considerations except that the percentage of net consideration used to determine the minimum nonforfeiture amount shall be equal to ninety percent, and the net consideration shall be the gross consideration less a contract charge of seventy-five dollars;

(4) Notwithstanding any other provision of this subsection, for any contract issued on or after July 1, 2002, and before July 1, 2004, the interest rate at which net considerations, prior withdrawals and partial surrenders shall be accumulated, for the purpose of determining minimum nonforfeiture amounts, shall be one and one-half percent per annum.

4. Any paid-up annuity benefit available under a contract shall be such that its present value on the date annuity payments are to commence is at least equal to the minimum nonforfeiture amount on that date. Such present value shall be computed using the mortality table, if any, and the interest rate specified in the contract for determining the minimum paid-up annuity benefits guaranteed in the contract.

5. For contracts which provide cash surrender benefits, such cash surrender benefits available prior to maturity shall not be less than the present value as of the date of surrender of that portion of the maturity value of the paid-up annuity benefit which would be provided under the contract at maturity arising from considerations paid prior to the time of cash surrender reduced by the amount appropriate to reflect any prior withdrawals from or partial surrenders of the contract, such present value being calculated on the basis of an interest rate not more than one percent higher than the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, decreased by the amount of any indebtedness to the company on the contract, including interest due and accrued, and increased by any existing additional amounts credited by the company to the contract. In no event shall any cash surrender benefit be less than the minimum nonforfeiture amount at that time. The death benefit under such contracts shall be at least equal to the cash surrender benefit.

6. For contracts which do not provide cash surrender benefits, the present value of any paid-up annuity benefit available as a nonforfeiture option at any time prior to maturity shall not be less than the present value of that portion of the maturity value of the paid-up annuity benefit provided under the contract arising from considerations paid prior to the time the contract is surrendered in exchange for, or changed to, a deferred paid-up annuity, such present value being calculated for the period prior to the maturity date on the basis of the interest rate specified in the contract for accumulating the net considerations to determine such maturity value, and increased by any existing additional amounts credited by the company to the contract. For contracts which do not provide any death benefits prior to the commencement of any annuity payments, such present values shall be calculated on the basis of such interest rate and the mortality table specified in the contract for determining the maturity value of the paid-up annuity benefit. However, in no event shall the present value of a paid-up annuity benefit be less than the minimum nonforfeiture amount at that time.

7. For the purpose of determining the benefits calculated under subsections 5 and 6, in the case of annuity contracts under which an election may be made to have annuity payments

commence at optional maturity date, the maturity date shall be deemed to be the latest date for which election shall be permitted by the contract, but shall not be deemed to be later than the anniversary of the contract next following the annuitant's seventieth birthday or the tenth anniversary of the contract, whichever is later.

8. Any contract which does not provide cash surrender benefits or does not provide death benefits at least equal to the minimum nonforfeiture amount prior to the commencement of any annuity payments shall include a statement in a prominent place in the contract that such benefits are not provided.

9. Any paid-up annuity, cash surrender or death benefits available at any time, other than on the contract anniversary under any contract with fixed scheduled considerations, shall be calculated with allowance for the lapse of time and the payment of any scheduled considerations beyond the beginning of the contract year in which cessation of payment of considerations under the contract occurs.

10. For any contract which provides, within the same contract by rider or supplemental contract provision, both annuity benefits and life insurance benefits that are in excess of the greater of cash surrender benefits or a return of the gross considerations with interest, the minimum nonforfeiture benefits shall be equal to the sum of the minimum nonforfeiture benefits for the annuity portion and the minimum nonforfeiture benefits, if any, for the life insurance portion computed as if each portion were a separate contract. Notwithstanding the provisions of subsections 4, 5, 6, 7, and 9, additional benefits payable in the event of total and permanent disability, as reversionary annuity or deferred reversionary annuity benefits, or as other policy benefits additional to life insurance, endowment and annuity benefits, and considerations for all such additional benefits, shall be disregarded in ascertaining the minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits that may be required by this section. The inclusion of such additional benefits shall not be required in any paid-up benefits, unless such additional benefits separately would require minimum nonforfeiture amounts, paid-up annuity, cash surrender and death benefits.

11. After September 28, 1979, any company may file with the director a written notice of its election to comply with the provisions of this section after a specified date before September 28, 1981. After the filing of such notice, then upon such specified date, which shall be the operative date of this section for such company, this section shall become operative with respect to annuity contracts thereafter issued by such company. A contract shall not fail to satisfy the requirements of this paragraph by reason of payments being made on a per diem or other periodic basis without regard to the expenses incurred during the period to which the payments relate;

(b) The contract does not pay or reimburse expenses incurred for services or items to the extent that the expenses are reimbursable under Title XVIII of the Social Security Act, as amended, or would be so reimbursable but for the application of a deductible or coinsurance amount. 376.952. LAWS APPLICABLE, MEDICARE SUPPLEMENT LAWS NOT APPLICABLE — PURPOSE — POLICIES OR RIDERS MUST BE IN COMPLIANCE. — 1. The provisions of sections 376.951 to 376.958 and sections 376.1121 to 376.1133 shall apply to policies delivered or issued for delivery in this state on or after August 28, [1990] **2002**. Sections 376.951 to 376.958 and sections 376.1121 to 376.1133 are not intended to supersede the obligations of entities subject to the provisions of sections 376.951 to 376.958 and sections 376.1122 to 376.1133 to comply with the substance of other applicable insurance laws insofar as they do not conflict with the provisions of sections 376.951 to 376.958 and sections 376.1122 to 376.1133, except that laws and regulations designed and intended to apply to medicare supplement insurance policies shall not be applied to long-term care insurance.

2. The purposes of the provisions of sections 376.951 to 376.958 and sections 376.1122 to 376.1133 are to promote the public interest, to promote the availability of long-term care insurance policies, to protect applicants for long-term care insurance, as defined, from unfair or deceptive sales or enrollment practices, to establish standards for long-term care insurance, to

facilitate public understanding and comparison of long-term care insurance policies, and to facilitate flexibility and innovation in the development of long-term care insurance coverage.

3. Any policy or rider advertised, marketed or offered as long-term care or nursing home insurance shall comply with the provisions of sections 376.951 to 376.958 **and sections 376.1122 to 376.1133.**

376.955. POLICIES, CONTENT REQUIREMENTS, PROVISIONS PROHIBITED — RULES AUTHORIZED. — 1. The director may adopt regulations that include standards for full and fair disclosure setting forth the manner, content and required disclosures for the sale of long-term care insurance policies, terms of renewability, initial and subsequent conditions of eligibility, nonduplication of coverage provisions, coverage of dependents, preexisting conditions, termination of insurance, continuation or conversion, probationary periods, limitations, exceptions, reductions, elimination periods, requirements for replacement, recurrent conditions and definitions of terms. Regulations adopted pursuant to sections 376.951 to 376.958 **and sections 376.1122 to 376.1133** shall be in accordance with the provisions of chapter 536, RSMo.

2. No long-term care insurance policy may:

(1) Be canceled, nonrenewed or otherwise terminated on the grounds of the age or the deterioration of the mental or physical health of the insured individual or certificate holder; or

(2) Contain a provision establishing a new waiting period in the event existing coverage is converted to or replaced by a new or other form within the same company, except with respect to an increase in benefits voluntarily selected by the insured individual or group policyholder; or

(3) Provide coverage for skilled nursing care only or provide significantly more coverage for skilled care in a facility than for lower levels of care.

3. No long-term care insurance policy or certificate other than a policy or certificate thereunder issued to a group as defined in paragraph (a) of subdivision (4) of subsection 2 of section 376.951:

(1) Shall use a definition of preexisting condition which is more restrictive than the following: "Preexisting condition" means a condition for which medical advice or treatment was recommended by, or received from, a provider of health care services, within six months preceding the effective date of coverage of an insured person;

(2) May exclude coverage for a loss or confinement which is the result of a preexisting condition unless such loss or confinement begins within six months following the effective date of coverage of an insured person.

4. The director may extend the limitation periods set forth in subdivisions (1) and (2) of subsection 3 of this section as to specific age group categories in specific policy forms upon findings that the extension is in the best interest of the public.

5. The definition of preexisting condition provided in subsection 3 of this section does not prohibit an insurer from using an application form designed to elicit the complete health history of an applicant, and, on the basis of the answers on that application, from underwriting in accordance with that insurer's established underwriting standards. Unless otherwise provided in the policy or certificate, a preexisting condition, regardless of whether it is disclosed on the application, need not be covered until the waiting period described in subdivision (2) of subsection 3 of this section expires. No long-term care insurance policy or certificate may exclude or use waivers or riders of any kind to exclude, limit or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions beyond the waiting period described in subdivision (2) of subsection 3 of this section.

6. No long-term care insurance policy may be delivered or issued for delivery in this state if such policy:

(1) Conditions eligibility for any benefits on a prior hospitalization requirement; or

(2) Conditions eligibility for benefits provided in an institutional care setting on the receipt of a higher level of institutional care; or

(3) Conditions eligibility for any benefits [on a prior institutionalization requirement, except in the case of] **other than** waiver of premium, post-confinement, post-acute care or recuperative benefits **on a prior institutionalization requirement**.

7. A long-term care insurance policy containing post-confinement, post-acute care or recuperative benefits shall clearly label in a separate paragraph of the policy or certificate entitled "Limitations or Conditions on Eligibility for Benefits" such limitations or conditions, including any required number of days of confinement.

8. A long-term care insurance policy or rider which conditions eligibility of noninstitutional benefits on the prior receipt of institutional care shall not require a prior institutional stay of more than thirty days.

9. No long-term care insurance policy or rider which provides benefits only following institutionalization shall condition such benefits upon admission to a facility for the same or related conditions within a period of less than thirty days after discharge from the institution.

10. The director may adopt regulations establishing loss ratio standards for long-term care insurance policies provided that a specific reference to long-term care insurance policies is contained in the regulation.

11. Long-term care insurance applicants shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, the applicant is not satisfied for any reason. Long-term care insurance policies and certificates shall have a notice prominently printed on the first page or attached thereto stating in substance that the applicant shall have the right to return the policy or certificate within thirty days of its delivery and to have the premium refunded if, after examination of the policy or certificate, other than a certificate issued pursuant to a policy issued to a group defined in paragraph (a) of subdivision (4) of subsection 2 of section 376.951, the applicant is not satisfied for any reason. **This subsection shall also apply to denials of applications and any refund must be made within thirty days of the return or denial.**

376.957. COVERAGE OUTLINE TO BE DELIVERED TO APPLICANTS, WHEN, CONTENT. —

1. An outline of coverage shall be delivered to a prospective applicant for long-term care insurance at the time of initial solicitation through means which prominently direct the attention of the recipient to the document and its purpose. The director shall prescribe a standard format, including style, arrangement and overall appearance, and the content of an outline of coverage. In the case of agent solicitations, an agent shall deliver the outline of coverage prior to the presentation of an [applicant] **application** or enrollment form. In the case of direct response solicitations, the outline of coverage shall be presented in conjunction with any application or enrollment form. **In the case of a policy issued to a group defined in section 376.951, an outline of coverage shall not be required to be delivered; provided that the information described in subdivisions (1) to (6) of subsection 2 of this section is contained in other materials relating to enrollment. Upon request, such other materials shall be made available to the director.**

2. The outline of coverage shall include:

(1) A description of the principal benefits and coverage provided in the policy;

(2) A statement of the principal exclusions, reductions, and limitations contained in the policy;

(3) A statement of the terms under which the policy or certificate, or both, may be continued in force or discontinued, including any reservation in the policy of a right to change the premium. Continuation or conversion provisions of group coverage shall be specifically described;

(4) A statement that the outline of coverage is a summary only, not a contract of insurance, and that the policy or group master policy contains governing contractual provisions;

(5) A description of the terms under which the policy or certificate may be returned and premium refunded; [and]

(6) A brief description of the relationship of cost of care and benefits; **and**

(7) A statement that discloses to the policyholder or certificate holder whether the policy is intended to be a federally tax-qualified long-term care insurance contract under Section 7702B(b) of the Internal Revenue Code of 1986, as amended.

3. A certificate issued pursuant to a group long-term care insurance policy which policy is delivered or issued for delivery in this state shall include:

- (1) A description of the principal benefits and coverage provided in the policy;
- (2) A statement of the principal exclusions, reductions and limitations contained in the policy; and
- (3) A statement that the group master policy determines governing contractual provisions.

4. **If an application for a long-term care insurance contract or certificate is approved, the issuer shall deliver the contract or certificate of insurance to the applicant no later than thirty days after the date of approval.**

5. At the time of policy delivery, a policy summary shall be delivered for an individual life insurance policy which provides long-term care benefits within the policy or by rider. In the case of direct response solicitations, the insurer shall deliver the policy summary upon the applicant's request, but regardless of request shall make such delivery no later than at the time of policy delivery. In addition to complying with all applicable requirements, the summary shall also include:

(1) An explanation of how the long-term care benefit interacts with other components of the policy, including deductions from death benefits;

(2) An illustration of the amount of benefits, the length of benefit, and the guaranteed lifetime benefits, if any, for each covered person;

(3) Any exclusions, reductions and limitations on benefits of long-term care; [and]

(4) **A statement that any long-term care inflation protection option that may be required by the laws of this state is not available under the policy; and**

(5) If applicable to the policy type, the summary shall also include:

(a) A disclosure of the effects of exercising other rights under the policy;

(b) A disclosure of guarantees related to long-term care costs of insurance charges [or notice that such guarantees are included in the policy or rider; and];

(c) Current and projected maximum lifetime benefits; and

(d) **The provisions of the policy summary listed in paragraphs (a) to (c) of this subdivision may be incorporated into a basic illustration required to be delivered in accordance with sections 375.1509, RSMo, or into the life insurance policy summary required to be delivered in accordance with section 376.706.**

376.1121. DENIAL OF CLAIM, LONG-TERM CARE INSURANCE, DUTIES OF ISSUER. — If a claim under a long-term care insurance contract is denied, the issuer shall, within sixty days of the date of a written request by the policyholder or certificate holder, or a representative thereof:

(1) **Provide a written explanation of the reasons for the denial; and**

(2) **Make available all information directly related to the denial.**

376.1124. RESCINDING OF A LONG-TERM CARE POLICY, PERMITTED WHEN — GROUNDS FOR CONTESTING — NO FIELD ISSUANCE, WHEN. — 1. For a policy or certificate that has been in force less than six months, an insurer may rescind a long-term care insurance policy or certificate, or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is material to the acceptance for coverage.

2. For a policy or certificate that has been in force for at least six months but less than two years, an insurer may rescind a long-term care insurance policy or certificate, or deny an otherwise valid long-term care insurance claim upon a showing of misrepresentation that is both material to the acceptance of coverage and which pertains to the conditions for which benefits are sought.

3. After a policy or certificate has been in force for two years, such policy or certificate is not contestable upon the grounds of misrepresentation alone. Such policy or certificate may be contested only upon a showing that the insured knowingly and intentionally misrepresented relevant facts relating to the insured's health.

4. No long-term care insurance policy or certificate shall be field issued based on medical or health status. For purposes of this subsection, "field issued" means a policy or certificate issued by an agent or third-party administrator pursuant to the underwriting authority granted to the agent or third-party administrator by an insurer.

5. If an insurer has paid benefits under the long-term care insurance policy or certificate, the benefit payments shall not be recovered by the insurer if such policy or certificate is rescinded.

6. In the event of the death of the insured, this section shall not apply to the remaining death benefit of a life insurance policy that accelerates benefits for long-term care. In this situation, the remaining death benefits under these policies shall be governed by the contestability provisions otherwise applicable in the policy to life insurance benefits. In all other situations, this section shall apply to life insurance policies that accelerate benefits for long-term care.

376.1127. NONFORFEITURE BENEFIT OPTION REQUIRED FOR LONG-TERM CARE INSURANCE POLICIES, REQUIREMENTS OF OFFER — RULEMAKING AUTHORITY. — 1. Except as provided in subsection 2 of this section, a long-term care insurance policy shall not be delivered or issued for delivery in this state unless the policyholder or certificate holder has been offered the option of purchasing a policy or certificate including a nonforfeiture benefit. The offer of a nonforfeiture benefit may be in the form of a rider that is attached to the policy. If a policyholder or certificate holder declines the nonforfeiture benefit, the insurer shall provide a contingent benefit upon lapse that will be available for a specified period of time following a substantial increase in premium rates.

2. When a group long-term care insurance policy is issued, the offer required in subsection 1 of this section shall be made to the group policyholder; except that, if the policy is issued as group long-term care insurance, as defined in section 376.951, other than to a continuing care retirement community or other similar entity, the offering shall be made to each proposed certificate holder.

3. The director shall promulgate rules specifying the type or types of nonforfeiture benefits to be offered as part of long-term care insurance policies and certificates, the standards for nonforfeiture benefits, and the rules regarding contingent benefit upon lapse, including a determination of the specified period of time during which a contingent benefit upon lapse will be available and the substantial premium rate increase that triggers a contingent benefit upon lapse as described in subsection 1 of this section.

376.1130. RULEMAKING AUTHORITY. — 1. The director shall promulgate reasonable rules to promote premium adequacy and to provide alternatives for the policyholder in the event of substantial rate increases, and to establish minimum standards for marketing practices, agent testing, penalties, and reporting practices for long-term care insurance.

2. Any rule or portion of a rule, as that term is defined in section 536.010, RSMo, that is created under the authority delegated in sections 376.1121 to 376.1133 shall become effective only if it complies with and is subject to all of the provisions of chapter 536, RSMo, and, if applicable, section 536.028, RSMo. This section and chapter 536, RSMo, are nonseverable and if any of the powers vested with the general assembly pursuant to chapter 536, RSMo, to review, to delay the effective date or to disapprove and annul a rule are subsequently held unconstitutional, then the grant of rulemaking authority and any rule proposed or adopted after August 28, 2002, shall be invalid and void.

379.080. CAPITAL AND SURPLUS OF STOCK OR MUTUAL COMPANY, INVESTMENTS AUTHORIZED — VIOLATION, PENALTY. — 1. (1) The amount of the minimum capital required of a stock company to write the lines of business it proposes to transact or is transacting, or if the company is a mutual company an amount equal to the minimum capital required of a stock company transacting the same classes of business, shall be held in cash or invested in:

 - (g) If a company is authorized to do business in a foreign country or a possession of the United States or has outstanding insurance or reinsurance contracts on risks located in a foreign country or United States' possession, the company may invest the remainder of its capital and other assets in securities, cash or other investments payable in the currency of the foreign country or possession that are of substantially the same kinds and classes as those eligible for investments under this subsection, provided that such investments are made with the approval of the director. The aggregate amount of the foreign investments and cash shall not exceed the greater of one and one-half times the amount of the company's reserves and other obligations under the contracts or the amount that the company is required by law to invest in the foreign country or possession, and the aggregate amount of foreign investments and cash shall not exceed five percent of the company's admitted assets. All foreign investments shall be reported to the director from time to time as he directs;
 - (h) Loans evidenced by bonds, notes or other evidences of indebtedness guaranteed or insured, but only to the extent guaranteed or insured by the United States, any state, territory or possession of the United States, the District of Columbia, or by any agency, administration, authority or instrumentality of any of the political units enumerated;

(p) Any investment in a Missouri tax credit certificate or partnership interest which entitles the company to receive Missouri tax credits that may be used as a credit against the gross premium tax.

2. Violation of any of the provisions of this section by an insurer is grounds for the suspension or revocation of its certificate of authority by the director.

The board may grant a reasonable period of time for a firm to take such corrective action. Failure to bring the firm back into compliance within a reasonable period as defined by the board may result in the suspension or revocation of the firm permit.

9. The board shall require by rule, as a condition to the renewal of permits, that firms undergo, no more frequently than once every three years, peer reviews conducted in a manner as the board shall specify. The review shall include a verification that individuals in the firm who are responsible for supervising attest, review and compilation services or sign or authorize someone to sign the accountant's report on the financial statements on behalf of the firm meet the competency requirements set out in the professional standards for such services, provided that any such rule:

- (1) Shall include reasonable provision for compliance by a firm showing that it has within the preceding three years undergone a peer review that is a satisfactory equivalent to peer review generally required pursuant to this subsection;

13. The peer review processes shall be operated and the documents generated thereby be maintained in a manner designed to preserve their confidentiality. No third party, other than the oversight body, the board, subject to the provisions of subsection 12 of this section, or the organization performing peer review shall have access to documents furnished or generated in the course of the review. The proceedings, records and workpapers of the board and any peer review subjected to the board process shall be privileged and shall not be subject to discovery, subpoena or other means of legal process or introduction into evidence at any civil action, arbitration, administrative proceeding or board proceeding. No member of the board or person who is involved in the peer review process shall be permitted or required to testify in any civil action, arbitration, administrative proceeding or board proceeding as to any matters produced, presented, disclosed or discussed during or in connection with the peer review process or as to any findings, recommendations, evaluations, opinions or other actions of such committees or any of its members; provided, however, that information, documents or records that are publicly available shall not be subject to discovery or use in any civil action, arbitration, administrative proceeding or board proceeding merely because they were presented or considered in connection with the peer review process.

The assessment system shall neither promote nor prohibit rote memorization and shall not include existing versions of tests approved for use pursuant to the provisions of section 160.257, nor enhanced versions of such tests. Further, the provisions of other law to the contrary notwithstanding, the plan shall detail a means for the waiver of requirements otherwise imposed on the school related to the authority of the state board of education to classify school districts pursuant to subdivision (9) of section 161.092, RSMo, and such other rules and regulations as determined by the commissioner of education, excepting such waivers shall be confined to the school and not other schools in the district unless such other schools meet the criteria established by the state board of education consistent with subsection 3 of this section and the waivers shall not include the requirements contained in this section and section 160.514. The advisory panel shall attempt to identify preexisting developmentally appropriate alternate assessments but shall, if necessary, develop alternate assessments and recommend one or more alternate assessments for adoption by the state board. The state board shall consider the recommendations of the advisory council in establishing such alternate assessment or assessments. Any student who receives special educational services, as that term is defined pursuant to section 162.675, RSMo, shall be assessed by an alternate assessment established pursuant to this subsection upon a determination by the student's individualized education program team that such alternate assessment is more appropriate to assess the student's knowledge, skills and competencies than the assessment developed pursuant to subsection 1 of this section. The alternate assessment shall evaluate the student's independent living skills, which include how effectively the student addresses common life demands and how well the student meets standards for personal independence expected for someone in the student's age group, sociocultural background, and community setting.**

163.011. DEFINITIONS — METHOD OF CALCULATING STATE AID. — As used in this chapter unless the context requires otherwise:

(1) "Adjusted gross income":

(a) "District adjusted gross income per return" shall be the total Missouri individual adjusted gross income in a school district divided by the total number of Missouri income tax returns filed from the school district as reported by the state department of revenue for the second preceding year;

(b) "State adjusted gross income per return" shall be the total Missouri individual adjusted gross income divided by the total number of Missouri individual income tax returns, of those returns designating school districts, as reported by the state department of revenue for the second preceding year;

(c) "District income factor" shall be one plus thirty percent of the difference of the district income ratio minus one, except that the district income factor applied to the portion of the assessed valuation corresponding to any increase in assessed valuation above the assessed valuation of a district as of December 31, 1994, shall not exceed a value of one;

(d) "District income ratio" shall be the ratio of the district adjusted gross income per return divided by the state adjusted gross income per return;

(2) "Adjusted operating levy", the sum of tax rates for the current year for teachers' and incidental funds for a school district as reported to the proper officer of each county pursuant to section 164.011, RSMo;

(3) "Average daily attendance" means the quotient or the sum of the quotients obtained by dividing the total number of hours attended in a term by resident pupils between the ages of five and twenty-one by the actual number of hours school was in session in that term. To the average daily attendance of the following school term shall be added the full-time equivalent average daily attendance of summer school students. "Full-time equivalent average daily attendance of summer school students" shall be computed by dividing the total number of hours attended by all summer school pupils by the number of hours required in section 160.011, RSMo, in the

school term. For purposes of determining average daily attendance under this subdivision, the term "resident pupil" shall include all children between the ages of five and twenty-one who are residents of the school district and who are attending kindergarten through grade twelve in such district. If a child is attending school in a district other than the district of residence and the child's parent is teaching in the school district or is a regular employee of the school district which the child is attending, then such child shall be considered a resident pupil of the school district which the child is attending for such period of time when the district of residence is not otherwise liable for tuition. Average daily attendance for students below the age of five years for which a school district may receive state aid based on such attendance shall be computed as regular school term attendance unless otherwise provided by law;

(4) "Current operating costs", all expenditures for instruction and support services excluding capital outlay and debt service expenditures less the revenue from federal categorical sources, food service, student activities and payments from other districts;

(5) **"District equalized assessed valuation" shall be the average of the "equalized assessed valuation of the property of a school district" for the first and second preceding years;**

(6) "District's target rate", the district's average percentage of pupils from fiscal years 2000 to 2005 scoring at or above the proficiency level on the statewide assessment system on either mathematics or reading/communication arts plus one percentage point for each year after fiscal year 2005 except that the district's target rate shall not exceed the statewide average percentage from fiscal year 2000 to fiscal year 2005 scoring at or above the proficiency level on the statewide assessment system on either mathematics or reading/communication arts;

[(6)] (7) "District's tax rate ceiling", the highest tax rate ceiling in effect subsequent to the 1980 tax year or any subsequent year. Such tax rate ceiling shall not contain any tax levy for debt service;

[(7)] (8) "Eligible pupils" shall be the sum of the average daily attendance of the school term plus the product of two times the average daily attendance for summer school;

[(8)] (9) "Equalized assessed valuation of the property of a school district" **for a given year** shall be determined by multiplying the assessed valuation of the real property subclasses specified in section 137.115, RSMo, times the percent of true value as adjusted by the department of elementary and secondary education to an equivalent sales ratio of thirty-three and one-third percent and dividing by either the percent of true value as determined by the state tax commission on or before March fifteenth preceding the fiscal year in which the valuation will be effective as adjusted by the department of elementary and secondary education to an equivalent sales ratio of thirty-three and one-third percent or the average percent of true value for the highest three of the last four years as determined and certified by the state tax commission, whichever is greater. To the equalized locally assessed valuation of each district shall be added the assessed valuation of tangible personal property. The assessed valuation of property which has previously been excluded from the tax rolls, which is being contested as not being taxable and which increases the total assessed valuation of the school district by fifty percent or more, shall not be included in the calculation of equalized assessed valuation under this subdivision;

[(9)] (10) "Fiscal instructional ratio of efficiency", the quotient of the sum of the district's current operating costs for all kindergarten through grade twelve direct instructional and direct pupil support service functions plus the costs of improvement of instruction and the cost of purchased services and supplies for operation of the facilities housing those programs, excluding student activities, divided by the sum of the district's current operating cost for kindergarten through grade twelve, plus all tuition revenue received from other districts minus all noncapital transportation costs;

[(10)] (11) "Free and reduced lunch eligible pupil count", the number of pupils eligible for free and reduced lunch on the last Wednesday in January for the preceding school year who were enrolled as students of the district, as approved by the department in accordance with applicable federal regulations;

[(11)] **(12)** "Guaranteed tax base" means the amount of equalized assessed valuation per eligible pupil guaranteed each school district by the state in the computation of state aid. To compute the guaranteed tax base, school districts shall be ranked annually from lowest to highest according to the amount of equalized assessed valuation per pupil. The guaranteed tax base shall be based upon the amount of equalized assessed valuation per pupil of the school district in which the ninety-fifth percentile of the state aggregate number of pupils falls during the third **and fourth** preceding [year] **years** and shall be equal to the state average equalized assessed valuation per eligible pupil for the third **and fourth** preceding [year] **years** times two and one hundred and sixty-seven thousandths; except that, for the purposes of line 14(b) the guaranteed tax base shall be no greater than the guaranteed tax base used for the 1998-99 payment year. The average equalized assessed valuation per pupil shall be the quotient of the total equalized assessed valuation of the state divided by the number of eligible pupils;

[(12)] **(13)** "Membership" shall be the average of (1) the number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in September of the previous year and who were in attendance one day or more during the preceding ten school days and (2) the number of resident full-time students and the full-time equivalent number of part-time students who were enrolled in the public schools of the district on the last Wednesday in January of the previous year and who were in attendance one day or more during the preceding ten school days, plus the full-time equivalent number of summer school pupils. "Full-time equivalent number of part-time students" is determined by dividing the total number of hours for which all part-time students are enrolled by the number of hours in the school term. "Full-time equivalent number of summer school pupils" is determined by dividing the total number of hours for which all summer school pupils were enrolled by the number of hours required pursuant to section 160.011, RSMo, in the school term. Only students eligible to be counted for average daily attendance shall be counted for membership;

[(13)] **(14)** "Operating levy for school purposes" for districts making transfers pursuant to subsection 4 of section 165.011, RSMo, based upon amounts multiplied by the guaranteed tax base, or making payments or expenditures related to obligations made pursuant to section 177.088, RSMo, or any combination of such transfers, payments or expenditures, means the sum of tax rates levied for teachers' and incidental funds plus the operating levy or sales tax equivalent pursuant to section 162.1100, RSMo, of any transitional school district containing the school district, in the payment year, and, for other districts, means the sum of tax rates levied for incidental, teachers', debt service and capital projects funds plus the operating levy or sales tax equivalent pursuant to section 162.1100, RSMo, of any transitional school district containing the school district, with no more than eighteen cents of the sum levied in the debt service and capital projects funds. Any portion of the operating levy for school purposes levied in the debt service and capital projects funds in excess of a sum of ten cents must be authorized by a vote of the people, after August 28, 1998, approving an increase in the operating levy, or a full waiver of the rollback pursuant to section 164.013, RSMo, with a tax rate ceiling in excess of the minimum tax rate or an issuance of general obligation bond. The operating levy shall be, after all adjustments and equalization of the operating levy, no greater than a maximum value of four dollars and ninety-five cents per one hundred dollars assessed valuation, except that the operating levy shall be no greater than a maximum value of four dollars and seventy cents per one hundred dollars assessed valuation for the purposes of line 2 of subsection 6 of section 163.031. To equalize the operating levy, multiply the aggregate tax rates for teachers' and incidental funds by either the percent of true value, as determined by the state tax commission on or before March fifteenth preceding the fiscal year in which the evaluation will be effective as adjusted by the department of elementary and secondary education to an equivalent sales ratio of thirty-three and one-third percent, or the average percent of true value for the highest three of the last four years as determined and certified by the state tax commission, whichever is greater, and divide by the percent of true value as adjusted by the department of elementary and secondary education to an

equivalent sales ratio of thirty-three and one-third percent, provided that for any district for which the equivalent sales ratio is equal to or greater than thirty-three and one-third percent, the equalized operating levy shall be the adjusted operating levy. For any county in which the equivalent sales ratio is less than thirty-one and two-thirds percent, the state tax commission shall conduct a second study in that county and shall use a sample consisting of the parcels used as a sample in the original study combined with an equal number of newly selected parcels. If the new ratio is higher than the original ratio provided by this subdivision, the new ratio shall be used for the purposes of this subdivision and for determining equalized assessed valuation pursuant to subdivision [(8)] (9) of this section. For the purposes of calculating state aid pursuant to section 163.031, for any district which has not decreased its tax rate from the previous year amount due to an increased amount of a voluntary tax rate rollback, the tax rate used to determine a district's entitlement shall be adjusted so that any decrease in the entitlement due to a decrease in the tax rate resulting from the reassessment shall equal the decrease in the deduction for the assessed valuation of the district as a result of the change in the tax rate due to reassessment. The tax rate adjustments required under this subdivision due to reassessment shall be cumulative and shall be applied each year to determine the tax rate used to calculate the entitlement;

[(14)] (15) "School purposes" pertains to teachers' and incidental funds;

[(15)] (16) "Teacher" means any teacher, teacher-secretary, substitute teacher, supervisor, principal, supervising principal, superintendent or assistant superintendent, school nurse, social worker, counselor or librarian who shall, regularly, teach or be employed for no higher than grade twelve more than one-half time in the public schools and who is certified under the laws governing the certification of teachers in Missouri.

163.036. ESTIMATES OF AVERAGE DAILY ATTENDANCE, AUTHORIZED, HOW COMPUTED — ERROR IN COMPUTATION BETWEEN ACTUAL AND ESTIMATED ATTENDANCE, HOW CORRECTED — USE OF ASSESSED VALUATION FOR STATE AID — DELINQUENCY IN PAYMENT OF PROPERTY TAX, EFFECT ON ASSESSMENT. — 1. In computing the amount of state aid a school district is entitled to receive under section 163.031, a school district may use an estimate of the number of eligible pupils for the ensuing year, the number of eligible pupils for the immediately preceding year or the number of eligible pupils for the second preceding school year, whichever is greater. Except as otherwise provided in subsection 3 of this section, any error made in the apportionment of state aid because of a difference between the actual number of eligible pupils and the estimated number of eligible pupils shall be corrected as provided in section 163.091, except that if the amount paid to a district estimating eligible pupils exceeds the amount to which the district was actually entitled by more than five percent, interest at the rate of six percent shall be charged on the excess and shall be added to the amount to be deducted from the district's apportionment the next succeeding year.

2. Notwithstanding the provisions of subsection 1 of this section or any other provision of law, the state board of education shall make an adjustment for the immediately preceding year for any increase in the actual number of eligible pupils above the number on which the state aid in section 163.031 was calculated. Said adjustment shall be made in the manner providing for correction of errors under subsection 1 of this section.

3. (1) For any district which has, for at least five years immediately preceding the year in which the error is discovered, adopted a calendar for the school term in which elementary schools are in session for twelve months of each calendar year, any error made in the apportionment of state aid to such district because of a difference between the actual number of eligible pupils and the estimated number of eligible pupils shall be corrected as provided in section 163.091 and subsection 1 of this section, except that if the amount paid exceeds the amount to which the district was actually entitled by more than five percent and the district provides written application to the state board requesting that the deductions be made pursuant to subdivision (2) of this subsection, then the amounts shall be deducted pursuant to subdivision (2) of this subsection.

(2) For deductions made pursuant to this subdivision, interest at the rate of six percent shall be charged on the excess and shall be included in the amount deducted and the total amount of such excess plus accrued interest shall be deducted from the district's apportionment in equal monthly amounts beginning with the succeeding school year and extending for a period of months specified by the district in its written request and no longer than sixty months.

4. For the purposes of distribution of state school aid pursuant to section 163.031, a school district may elect to use the district's equalized assessed valuation for the preceding year, or an estimate of the current year's assessed valuation if the current year's equalized assessed valuation is estimated to be more than ten percent less than the district's equalized assessed valuation for the preceding year. A district shall give prior notice to the department of its intention to use the current year's assessed valuation pursuant to this subsection. Any error made in the apportionment of state aid because of a difference between the actual equalized assessed valuation for the current year and the estimated equalized assessed valuation for the current year shall be corrected as provided in section 163.091, except that if the amount paid to a district estimating current equalized assessed valuation exceeds the amount to which the district was actually entitled, interest at the rate of six percent shall be charged on the excess and shall be added to the amount to be deducted from the district's apportionment the next succeeding year.

5. For the purposes of distribution of state school aid pursuant to section 163.031, a school district with ten percent or more of its assessed valuation that is owned by one person or corporation as commercial or personal property who is delinquent in a property tax payment may elect, after receiving notice from the county clerk on or before March fifteenth, except in the year enacted, that more than ten percent of its current taxes due the preceding December thirty-first by a single property owner are delinquent, to use on line 2 of the state aid formula the district's equalized assessed valuation for the preceding year or the actual assessed valuation of the year for which the taxes are delinquent less the assessed valuation of property for which the current year's property tax is delinquent. To qualify for use of the actual assessed valuation of the year for which the taxes are delinquent less the assessed valuation of property for which the current year's property tax is delinquent, a district must notify the department of elementary and secondary education on or before April first, except in the year enacted, of the current year amount of delinquent taxes, the assessed valuation of such property for which delinquent taxes are owed and the total assessed valuation of the district for the year in which the taxes were due but not paid. Any district giving such notice to the department of elementary and secondary education shall present verification of the accuracy of such notice obtained from the clerk of the county levying delinquent taxes. When any of the delinquent taxes identified by such notice are paid during a four year period following the due date, the county clerk shall give notice to the district and the department of elementary and secondary education, and state aid paid to the district shall be reduced by an amount equal to the delinquent taxes received plus interest. The reduction in state aid shall occur over a period not to exceed five years and the interest rate on excess state aid not refunded shall be six percent annually.

6. If a district receives state aid based on equalized assessed valuation as determined by subsection 5 of this section and if prior to such notice the district was paid state aid pursuant to subdivision (2) of subsection 5 of section 163.031, the amount of state aid paid during the year of such notice and the first year following shall equal the sum of state aid paid pursuant to line 1 minus line 10 as defined in subsections 1, 2, 3 and 6 of section 163.031 plus the difference between the state aid amount being paid after such notice minus the amount of state aid the district would have received pursuant to line 1 minus line 10 as defined in subsections 1, 2, 3 and 6 of section 163.031 before such notice. To be eligible to receive state aid based on this provision the district must levy during the first year following such notice at least the maximum levy permitted school districts by article

X, section 11(b) of the Missouri Constitution and have a voluntary rollback of its tax rate which is no greater than one cent per one hundred dollars assessed valuation.

The accumulated forty hours shall be taken as compensatory time off at the officer's discretion with the approval of his supervisor.

Any such payments shall be made in increments of not less than forty hours, and at rates equivalent to the base straight-time rates being earned by said officers at the time of payment; except that, no such officer shall be required to accept payment for accumulated unused vacation time.

[13. For each fiscal year between July 1, 2000, and June 30, 2002, the board of police commissioners may provide a salary increase for commissioned employees of years 0-8 in an amount in excess of the maximum amounts set out in the tables in subsections 2 and 3 of this section, provided that the amount actually paid pursuant to this section shall not exceed three percent of the amount set out for the appropriate category in such tables.

(1) "Auxiliary aids and services", the device or service that the deaf person feels would best serve him **or her** which includes, but is not limited to, qualified interpreters, notetakers, transcription services, written materials, assistive listening devices, assistive listening systems, closed caption decoders, open and closed captioning, videotext displays or other effective method of making aurally delivered materials available to individuals with hearing loss as defined by the American with Disabilities Act of 1990, P.L. 101-336, as amended;

(2) "Deaf person", any person who, because of a hearing loss, is not able to discriminate speech when spoken in a normal conversational tone regardless of the use of amplification devices;

(4) "Primary consideration", when an auxiliary aid or service is required, the designated responsible authority shall when possible provide an opportunity for the qualified individual with a disability to designate the auxiliary aid or service of his or her choice. The designated responsible authority may honor the choice of the qualified individual with a disability, unless the designated responsible authority provides an equally effective auxiliary aid or service, or that use of the means chosen would result in a fundamental alteration in the service, program or activity or in undue financial or administrative burdens;

(5) "Qualified interpreter", an interpreter certified and licensed by the Missouri interpreter certification system or deemed competent by the Missouri commission for the deaf **and hard of hearing**, who is able to interpret effectively, accurately and impartially both receptively and expressively, using any necessary specialized vocabulary.

3. No waiver of the right to auxiliary aids and services by a deaf person shall be valid unless that deaf person knowingly and voluntarily signs a written waiver. Such waiver is subject to the approval of counsel to the deaf person. If no counsel is used, then it is subject to the approval of the designated responsible authority. In no event is the failure of the deaf person to

request a qualified interpreter and auxiliary aids and services provider deemed a waiver of that right.

4. An auxiliary aids and services provider appointed pursuant to sections 476.750 to 476.766 is entitled to a reasonable fee for such provider's service, including waiting time, necessary travel expenses and subsistence expenses. Reimbursements for necessary travel and subsistence expenses shall be at the rates provided by law for state employees.

5. The fees and expenses of providers of auxiliary aids and services who serve before any civil court or criminal, civil or juvenile proceeding are payable from funds appropriated to the office of the state courts administrator.

6. At no time shall any deaf person involved in a proceeding or action as provided for in sections 476.750 to 476.766 assume any portion of the cost for an interpreter or auxiliary aids and services nor shall the court, board, commission, department, agency or legislative body assess the cost for an interpreter or auxiliary aids and services to the cost of such proceedings.

If the choice of a qualified interpreter or other auxiliary aids and services does not meet the needs of, or adequately accommodate, the deaf person, the designated responsible authority may appoint another qualified interpreter or auxiliary aids and services.

2. The Missouri commission for the deaf **and hard of hearing** shall, in cooperation with the Missouri Assistive Technology Advisory Council, when appropriate, issue compliance directives for designated responsible authorities regarding the standards which should be followed, along with the resources available to comply with sections 476.750 to 476.766.

- (1) The prevailing claimant may recover from the pawnbroker the cost of the action, including attorney's fees;

A hold order may be released prior to the expiration of any holding period or extension thereof by written release from the agency placing the initial hold order. The initial hold order shall be deemed expired upon the expiration date if the holding period is not extended pursuant to this subsection.

3. 4. "Notice in writing" means notice deposited as certified or registered mail in the United States mail and addressed to the issuer at his address as it appears on the dishonored check or draft or to his last known address. In the event of a defendant's verdict the defendant may be entitled to reasonable attorney fees.

The existence on the property and in the actual possession of the accused of any connection wire, or conductor, which is connected in such a manner as to permit the use of cable television service without the same being reported for payment to and specifically authorized by the operator of the cable television service shall be sufficient to support an inference which the trial court may submit to the trier of fact, from which the trier of fact may conclude that the accused has committed the crime of theft of cable television service.

In addition, any person who has leased or rented personal property of another who conceals the property from the owner, or who otherwise sells, pawns, loans, abandons or gives away the leased or rented property is guilty of the crime of failing to return leased or rented property. The provisions of this section shall apply to all forms of leasing and rental agreements, including, but not limited to, contracts which provide the consumer options to buy the leased or rented personal property, lease-purchase agreements and rent-to-own contracts. For the purpose of determining if a violation of this section has occurred, leasing contracts which provide options to buy the merchandise are owned by the owner of the property until such time as the owner endorses the sale and transfer of ownership of the leased property to the lessee.

2. It shall be prima facie evidence of the crime of failing to return leased or rented property when a person who has leased or rented personal property of another willfully fails to return or make arrangements acceptable with the lessor to return the personal property to its owner at the owner's place of business within ten days after proper notice following the expiration of the lease or rental agreement, except that if the motor vehicle has not been returned within seventy-two hours after the expiration of the lease or rental agreement, such failure to return the motor vehicle shall be prima facie evidence of the intent of the crime of failing to return leased or rented property. Any law enforcement officer which stops such a motor vehicle may seize the motor vehicle and notify the lessor that he may recover such motor vehicle after it is photographed and its vehicle identification number is recorded for evidentiary purposes. Where the leased or rented property is not a motor vehicle, if such property has not been returned within the ten-day period prescribed in this subsection, the owner of the property shall report the failure to return the property to the local law enforcement agency, and such law enforcement agency may within five days notify the person who leased or rented the property that such person is in violation of this section, and that failure to immediately return the property may subject such person to arrest for the violation.

3. This section shall not apply if such personal property is a vehicle and such return is made more difficult or expensive by a defect in such vehicle which renders such vehicle inoperable, if the lessee shall notify the lessor of the location of such vehicle and such defect before the expiration of the lease or rental agreement, or within ten days after proper notice.

4. Proper notice by the lessor shall consist of a written demand addressed and mailed by certified or registered mail to the lessee at the address given at the time of making the lease or rental agreement. The notice shall contain a statement that the failure to return the property may subject the lessee to criminal prosecution.

5. Any person who has leased or rented personal property of another who destroys such property so as to avoid returning it to the owner shall be guilty of property damage pursuant to section 569.100 or 569.120, RSMo, in addition to being in violation of this section.

(1) The defendant mistakenly believed the fact to be immaterial; or

(2) The defendant was not competent, for reasons other than mental disability, to make the statement.

4. Perjury committed as part of a transaction involving the making of an application to obtain public assistance is a class D felony unless the value of the public assistance unlawfully

obtained or unlawfully attempted to be obtained is less than [one hundred fifty] **five hundred** dollars in which case it is a class A misdemeanor.

Within ten days after the adoption of any ordinance or order in favor of adoption of any local sales tax authorized under the local sales tax law by the voters of a taxing entity, the governing body or official of such taxing entity shall forward to the director of revenue by United States registered mail or certified mail a certified copy of the ordinance or order. The ordinance or order shall reflect the effective date thereof.

2. Any local sales tax so adopted shall become effective on the first day of the second calendar quarter after the director of revenue receives notice of adoption of the local sales tax, except as provided in subsection 18 of this section.

3. Every retailer within the jurisdiction of one or more taxing entities which has imposed one or more local sales taxes under the local sales tax law shall add all taxes so imposed along with the tax imposed by the sales tax law of the state of Missouri to the sale price and, when

added, the combined tax shall constitute a part of the price, and shall be a debt of the purchaser to the retailer until paid, and shall be recoverable at law in the same manner as the purchase price. The combined rate of the state sales tax and all local sales taxes shall be the sum of the rates, multiplying the combined rate times the amount of the sale.

4. The brackets required to be established by the director of revenue under the provisions of section 144.285, RSMo, shall be based upon the sum of the combined rate of the state sales tax and all local sales taxes imposed under the provisions of the local sales tax law.

5. The ordinance or order imposing a local sales tax under the local sales tax law shall impose upon all sellers a tax for the privilege of engaging in the business of selling tangible personal property or rendering taxable services at retail to the extent and in the manner provided in sections 144.010 to 144.525, RSMo, and the rules and regulations of the director of revenue issued pursuant thereto; except that the rate of the tax shall be the sum of the combined rate of the state sales tax or state highway use tax and all local sales taxes imposed under the provisions of the local sales tax law.

6. On and after the effective date of any local sales tax imposed under the provisions of the local sales tax law, the director of revenue shall perform all functions incident to the administration, collection, enforcement, and operation of the tax, and the director of revenue shall collect in addition to the sales tax for the state of Missouri all additional local sales taxes authorized under the authority of the local sales tax law. All local sales taxes imposed under the local sales tax law together with all taxes imposed under the sales tax law of the state of Missouri shall be collected together and reported upon such forms and under such administrative rules and regulations as may be prescribed by the director of revenue.

7. All applicable provisions contained in sections 144.010 to 144.525, RSMo, governing the state sales tax and section 32.057, the uniform confidentiality provision, shall apply to the collection of any local sales tax imposed under the local sales tax law except as modified by the local sales tax law.

8. All exemptions granted to agencies of government, organizations, persons and to the sale of certain articles and items of tangible personal property and taxable services under the provisions of sections 144.010 to 144.525, RSMo, as these sections now read and as they may hereafter be amended, it being the intent of this general assembly to ensure that the same sales tax exemptions granted from the state sales tax law also be granted under the local sales tax law, are hereby made applicable to the imposition and collection of all local sales taxes imposed under the local sales tax law.

9. The same sales tax permit, exemption certificate and retail certificate required by sections 144.010 to 144.525, RSMo, for the administration and collection of the state sales tax shall satisfy the requirements of the local sales tax law, and no additional permit or exemption certificate or retail certificate shall be required; except that the director of revenue may prescribe a form of exemption certificate for an exemption from any local sales tax imposed by the local sales tax law.

10. All discounts allowed the retailer under the provisions of the state sales tax law for the collection of and for payment of taxes under the provisions of the state sales tax law are hereby allowed and made applicable to any local sales tax collected under the provisions of the local sales tax law.

11. The penalties provided in section 32.057 and sections 144.010 to 144.525, RSMo, for a violation of the provisions of those sections are hereby made applicable to violations of the provisions of the local sales tax law.

12. (1) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales, except the sale of motor vehicles, trailers, boats, and outboard motors, shall be deemed to be consummated at the place of business of the retailer unless the tangible personal property sold is delivered by the retailer or his agent to an out-of-state destination. In the event a retailer has more than one place of business in this state which participates in the sale, the sale shall be deemed to be consummated at the place of business of

the retailer where the initial order for the tangible personal property is taken, even though the order must be forwarded elsewhere for acceptance, approval of credit, shipment or billing. A sale by a retailer's agent or employee shall be deemed to be consummated at the place of business from which he works.

(2) For the purposes of any local sales tax imposed by an ordinance or order under the local sales tax law, all sales of motor vehicles, trailers, boats, and outboard motors shall be deemed to be consummated at the residence of the purchaser and not at the place of business of the retailer, or the place of business from which the retailer's agent or employee works.

(3) For the purposes of any local tax imposed by an ordinance or under the local sales tax law on charges for mobile telecommunications services, all taxes of mobile telecommunications service shall be imposed as provided in the Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as amended.

13. Local sales taxes imposed pursuant to the local sales tax law on the purchase and sale of motor vehicles, trailers, boats, and outboard motors shall not be collected and remitted by the seller, but shall be collected by the director of revenue at the time application is made for a certificate of title, if the address of the applicant is within a taxing entity imposing a local sales tax under the local sales tax law.

14. The director of revenue and any of his deputies, assistants and employees who have any duties or responsibilities in connection with the collection, deposit, transfer, transmittal, disbursement, safekeeping, accounting, or recording of funds which come into the hands of the director of revenue under the provisions of the local sales tax law shall enter a surety bond or bonds payable to any and all taxing entities in whose behalf such funds have been collected under the local sales tax law in the amount of one hundred thousand dollars for each such tax; but the director of revenue may enter into a blanket bond covering himself and all such deputies, assistants and employees. The cost of any premium for such bonds shall be paid by the director of revenue from the share of the collections under the sales tax law retained by the director of revenue for the benefit of the state.

15. The director of revenue shall annually report on his management of each trust fund which is created under the local sales tax law and administration of each local sales tax imposed under the local sales tax law. He shall provide each taxing entity imposing one or more local sales taxes authorized by the local sales tax law with a detailed accounting of the source of all funds received by him for the taxing entity. Notwithstanding any other provisions of law, the state auditor shall annually audit each trust fund. A copy of the director's report and annual audit shall be forwarded to each taxing entity imposing one or more local sales taxes.

16. Within the boundaries of any taxing entity where one or more local sales taxes have been imposed, if any person is delinquent in the payment of the amount required to be paid by him under the local sales tax law or in the event a determination has been made against him for taxes and penalty under the local sales tax law, the limitation for bringing suit for the collection of the delinquent tax and penalty shall be the same as that provided in sections 144.010 to 144.525, RSMo. Where the director of revenue has determined that suit must be filed against any person for the collection of delinquent taxes due the state under the state sales tax law, and where such person is also delinquent in payment of taxes under the local sales tax law, the director of revenue shall notify the taxing entity to which delinquent taxes are due under the local sales tax law by United States registered mail or certified mail at least ten days before turning the case over to the attorney general. The taxing entity, acting through its attorney, may join in such suit as a party plaintiff to seek a judgment for the delinquent taxes and penalty due such taxing entity. In the event any person fails or refuses to pay the amount of any local sales tax due, the director of revenue shall promptly notify the taxing entity to which the tax would be due so that appropriate action may be taken by the taxing entity.

17. Where property is seized by the director of revenue under the provisions of any law authorizing seizure of the property of a taxpayer who is delinquent in payment of the tax imposed by the state sales tax law, and where such taxpayer is also delinquent in payment of any

tax imposed by the local sales tax law, the director of revenue shall permit the taxing entity to join in any sale of property to pay the delinquent taxes and penalties due the state and to the taxing entity under the local sales tax law. The proceeds from such sale shall first be applied to all sums due the state, and the remainder, if any, shall be applied to all sums due such taxing entity.

18. If a local sales tax has been in effect for at least one year under the provisions of the local sales tax law and voters approve reimposition of the same local sales tax at the same rate at an election as provided for in the local sales tax law prior to the date such tax is due to expire, the tax so reimposed shall become effective the first day of the first calendar quarter after the director receives a certified copy of the ordinance, order or resolution accompanied by a map clearly showing the boundaries thereof and the results of such election, provided that such ordinance, order or resolution and all necessary accompanying materials are received by the director at least thirty days prior to the expiration of such tax. Any administrative cost or expense incurred by the state as a result of the provisions of this subsection shall be paid by the city or county reimposing such tax.

144.013. TAX IMPOSED IN ACCORDANCE WITH FEDERAL MOBILE TELECOMMUNICATIONS SOURCING ACT. — Notwithstanding any other provision of this chapter, the tax imposed on mobile telecommunications services pursuant to section 144.020 shall be imposed in accordance with the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. Sections 116 through 124, as amended. All terms used in this section shall have the same meaning attributed to them by the federal Mobile Telecommunications Sourcing Act, 4 U.S.C. 124, as amended.

144.190. REFUND OF OVERPAYMENTS — CLAIM FOR REFUND — TIME FOR MAKING CLAIMS — PAID TO WHOM — DIRECT PAY AGREEMENT FOR CERTAIN PURCHASERS — SPECIAL RULES FOR ERROR CORRECTIONS. — 1. If a tax has been incorrectly computed by reason of a clerical error or mistake on the part of the director of revenue, such fact shall be set forth in the records of the director of revenue, and the amount of the overpayment shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to 144.525, and the balance shall be refunded to the person legally obligated to remit the tax, such person's administrators or executors, as provided for in section 144.200.

2. If any tax, penalty or interest has been paid more than once, or has been erroneously or illegally collected, or has been erroneously or illegally computed, such sum shall be credited on any taxes then due from the person legally obligated to remit the tax pursuant to sections 144.010 to [144.510] **144.525**, and the balance, with interest as determined by section 32.065, RSMo, shall be refunded to the person legally obligated to remit the tax, but no such credit or refund shall be allowed unless duplicate copies of a claim for refund are filed within three years from date of overpayment.

3. Every claim for refund must be in writing and signed by the applicant, and must state the specific grounds upon which the claim is founded. Any refund or any portion thereof which is erroneously made, and any credit or any portion thereof which is erroneously allowed, may be recovered in any action brought by the director of revenue against the person legally obligated to remit the tax. In the event that a tax has been illegally imposed against a person legally obligated to remit the tax, the director of revenue shall authorize the cancellation of the tax upon the director's record.

4. Notwithstanding the provisions of this section, the director of revenue shall authorize direct-pay agreements to purchasers which have annual purchases in excess of seven hundred fifty thousand dollars pursuant to rules and regulations adopted by the director of revenue. For the purposes of such direct-pay agreements, the taxes authorized pursuant to chapters 66, 67, [92 and] **70, 92, 94, 162, 190, 238, 321, and 644**, RSMo, shall be remitted based upon the location of the place of business of the purchaser.

5. Special rules applicable to error corrections requested by customers of mobile telecommunications service are as follows:

(1) For purposes of this subsection, the terms "customer", "home service provider", "place of primary use", "electronic database", and "enhanced zip code" shall have the same meanings as defined in the Mobile Telecommunications Sourcing Act incorporated by reference in section 144.013;

(2) Notwithstanding the provisions of this section, if a customer of mobile telecommunications services believes that the amount of tax, the assignment of place of primary use or the taxing jurisdiction included on a billing is erroneous, the customer shall notify the home service provider, in writing, within three years from the date of the billing statement. The customer shall include in such written notification the street address for the customer's place of primary use, the account name and number for which the customer seeks a correction of the tax assignment, a description of the error asserted by the customer and any other information the home service provider reasonably requires to process the request;

(3) Within sixty days of receiving the customer's notice, the home service provider shall review its records and the electronic database or enhanced zip code to determine the customer's correct taxing jurisdiction. If the home service provider determines that the review shows that the amount of tax, assignment of place of primary use or taxing jurisdiction is in error, the home service provider shall correct the error and, at its election, either refund or credit the amount of tax erroneously collected to the customer for a period of up to three years from the last day of the home service provider's sixty-day review period. If the home service provider determines that the review shows that the amount of tax, the assignment of place of primary use or the taxing jurisdiction is correct, the home service provider shall provide a written explanation of its determination to the customer.

SECTION B. EMERGENCY CLAUSE. — Because of the need to continue telecommunications services, this act is deemed necessary for the immediate preservation of the public health, welfare, peace and safety, and is hereby declared to be an emergency act within the meaning of the constitution, and this act shall be in full force and effect upon its passage and approval, or August 1, 2002, whichever later occurs.
